In exercise of the power conferred by rule 34 of the Rules for the conduct of the Legislative Business of the Bengal Legislative Council, the Lieutenant-Governor is pleased to order the publication of the following Bill which it is proposed to introduce at the next meeting of the Bengal Legislative Council and of the Statement of Objects and Reasons annexed thereto:—

THE BENGAL ESTATES PARTITION (AMENDMENT) BILL, 1910.

CONTENTS.

Clauses.

A

BILL

TO AMEND THE ESTATES PARTITION ACT, 1897. Ben. Act V of 1897.

[NOTE.—Proposed amendments in the existing law are, as far as possible, printed in antique type.]

WHEREAS it is expedient to amend the Estates Partition Act, 1897, in the manner hereinafter appearing;

And whereas the previous sanction of the Governor General has been obtained, under section 5 of the Indian Councils Act, 1892, to the passing of this Act; 55 & 56 Vict., c. 14.

It is hereby enacted as follows:—

Short title. 1. This Act may be called the Bengal Estates Partition (Amendment) Act, 1910.

Amendment of section 12 of Bengal Act V of 1897. 2. (*1*) In sub-section (*1*) of section 12 of the Estates Partition Act, 1897,—

(*a*) for the words and figures "section 265 of the Code of Civil Procedure" the words and figures "**section 54 of the Code of Civil Procedure, 1908,**" shall be substituted; and V of 1908.

(b) for the words and figures "section 396 of that Code" the following shall be substituted, namely:—

"rules 13 and 14 in Order XXVI in the first Schedule to that Code, as amended for the time being by rules made by the High Court under section 122 of that Code".

(2) In sub-section (2) of section 12 of the said Estates Partition Act, 1897, for the figures "265" the figures "54" shall be substituted.

Amendment of section 36.

3. In section 36 of the said Act, for the words "the Collector or the Commissioner, as the case may be, with the previous sanction of the Board," the following shall be substituted, namely:—

"the Collector (with the previous sanction of the Commissioner) or the Commissioner, as the case may be."

Amendment of section 41.

4. In section 41 of the said Act, for the words "Lieutenant Governor," wherever they occur, the word "Commissioner" shall be substituted.

Amendment of section 52.

5. In section 52 of the said Act, for the words and figures "sections 506 to 522 (both inclusive) of the Code of Civil Procedure" the following shall be substituted, namely:—

"rules 1 to 16 in the second Schedule to the Code of Civil Procedure, 1908 (as amended for the time being by rules made by the High Court under section 122 of that Code)."

Amendment of section 54 (2).

6. In sub-section (2) of section 54 of the said Estates Partition Act, 1897, for the word "Commissioner" the word "Collector" shall be substituted.

Amendment of section 55.

7. In section 55 of the said Act, for the words "the approval of the Collector and the confirmation of the Commissioner" the words "the confirmation of the Collector" shall be substituted.

Amendment of heading to Chapter VIII.

8. In the heading to Chapter VIII of the said Act, after the word "Approval" the words "and Confirmation" shall be inserted.

Amendment of section 58.

9. (1) In sub-section (1) of section 58 of the said Act, for the word "sanction" the word "approval" shall be substituted.

(2) To sub-section (3) of the said section the following shall be added, namely:—

"and not less than one month from the date of any order of the Deputy Collector which is appealable to the Collector under section 111."

(3) In sub-section (4) of the said section 58, before the word "objection" the words "appeal or" shall be inserted.

New section 61.

10. For section 61 of the said Act the following shall be substituted, namely:—

"61. When a partition has been approved by the Collector or when he has made a new partition, and after the tender of extracts and the publication of a notification as provided in section 59,

Notice of day for confirming partition.

the Collector shall cause a notice to be served on each of the recorded proprietors, stating that he will, on or after a day specified in the notice, consider whether the partition should be confirmed, and that objections (if any) must be presented to him within thirty days from the date of the service of the said notice."

New sections 61A to 61C.

11. After the said section 61 the following shall be inserted, namely:—

Procedure if objection presented.

"61A. (1) If any objection is presented within the time allowed under section 61, the Collector shall, by order, fix a day (not being less than thirty days from the date of such order) for hearing and disposing of the case, and shall cause notice of such day to be served on all the parties. [Cf. Ben. Act V of 1897, s. 90.]

(2) On the day so fixed, or on any subsequent day to which the hearing of the case may extend or is postponed by a notice posted up in his own office, the Collector shall, after hearing and disposing of all objections and calling for any further information which he may consider necessary, either confirm the partition, with or without amendments, or return the papers of the partition to the Deputy Collector for any amendments which the Collector may think proper to be made.

(3) If the papers are returned to the Deputy Collector for amendment, he shall proceed to make the required amendments, and shall thereafter return the papers to the Collector, who may then confirm the partition.

Procedure in other cases.

"61B If it does not appear to the Collector that the proceedings require amendment, or if no objection is presented within the time allowed under section 61, the Collector may proceed to consider the case without issuing any notice, and may confirm the partition. [Cf. Ben. Act V of 1897, s. 91.]

Collector may return the papers for amendment or inquiry as often as he thinks fit.

"61C. The Collector may, before confirming a partition, return the papers for amendment or inquiry as often as he thinks fit, and as often as he so returns them the procedure prescribed in sections 61 A and 61 B shall be applicable." [Cf. Ben. Act V of 1897, s. 92.]

Amendment of heading to Chapter X.

12. For the heading to Chapter X of the said Act the following shall be substituted, namely:—

"PROCEDURE after confirmation of a Partition, UP TO THE COMPLETION OF the proceedings."

Repeal of sections 90 to 92.

13. Sections 90, 91 and 92 of the said Act are hereby repealed.

New section 93.

14. For section 93 of the said Act the following shall be substituted, namely:—

Procedure by Collector after confirmation or maintaining of partition.

"93. (1) After the expiration of not less than thirty days from the date of the order of the Collector confirming a partition,

or, if an appeal has been preferred to the Commissioner or the Board, or if any proceedings in respect of the partition be pending before the Commissioner or the Board, then on receipt of the final order of the Commissioner or the Board, if such order does not set aside but maintains, with or without amendments, the partition as confirmed by the Collector,

the Collector shall cause to be published at his office, and at some conspicuous place in each of the estates separately constituted by the order of the Collector, the Commissioner or the Board, as the case may be, a notice that the partition has been confirmed or maintained, with or without amendments, by the Collector, the Commissioner or the Board, as the case may be.

(2) If the partition, as so confirmed or maintained, involves any alterations which may conveniently be made on any extracts of the partition paper or on any maps which have been prepared and delivered to recorded proprietors under section 59, the Collector shall cause a notice to be served on every recorded proprietor whose estate is affected by such alterations, requiring him to produce such extracts and maps in order that such alterations may be noted on them;

and, if the alterations be such as to make it desirable to prepare fresh extracts or maps as aforesaid, the Collector shall cause such fresh extracts or maps to be prepared; and shall cause a notice to be served on each proprietor, declaring the extract and map which was delivered under section 59 to be cancelled, and requiring him to take out of the Collector's office the fresh extract or map which has been prepared."

Amendment of section 97.

15. In section 97 of the said Act, for the words and figures "the powers conferred by Chapters X and XIV of the Code of Civil Procedure" the following shall be substituted, namely:—

"the powers conferred—

(1) by sections 30 to 32 of the Code of Civil Procedure, 1908, and V of 1908.

(2) by Orders XI, XII, XIII and XVI in the first Schedule to that Code, as amended for the time being by rules made by the High Court under section 122 of that Code."

Amendment of section 101.

16. In section 101 of the said Act, for the words "confirmation or sanction of the partition" the words "confirmation of the partition by the Collector or of its amendment" shall be substituted.

Amendment of section 102.

17. In section 102 of the said Act,—

(a) for the words "Lieutenant Governor," wherever they occur, the word "Commissioner" shall be substituted, and

(b) for the words "confirmation or sanction of a partition" the words "confirmation of a partition by the Collector or of its maintenance" shall be substituted.

Amendment of section 103.

18. In section 103 of the said Act, for the words "Lieutenant Governor," wherever they occur, the word "Commissioner" shall be substituted.

Amendment of section 109.

19. In section 109 of the said Act, for the words "sanction" and "sanctioned" the words "approval" and "approved," respectively, shall be substituted.

Amendment of section 110 (1).

20. In sub-section (1) of section 110 of the said Act, for the words "Lieutenant Governor" the word "Commissioner" shall be substituted.

New section 110A.

21. After section 110 of the said Act the following shall be inserted, namely:—

"110A. Any Collector or Deputy Collector may, by written order, authorize any ministerial officer to sign, on behalf of the Collector or Deputy Collector, as the case may be, any copy, issued by the Collector or Deputy Collector under this Act, of any document referred to herein."

Power to authorize ministerial officers to sign copies of documents.

Amendment of section 111 (2).

22. In sub-section (2) of section 111 of the said Act, for the words "if made when he proceeds to consider a partition under section 58" the following shall be substituted, namely:—

"if maintained when he proceeds to consider a partition under section 58, section 61A, section 61B or section 61C."

Amendment of section 112.

23. (1) For clause (e) of section 112 of the said Act the following shall be substituted, namely:—

"(e) confirming or amending a partition, or."

(2) Sub-section (2) of the said section 112 is hereby repealed.

New section 113.

24. For section 113 of the said Act the following shall be substituted, namely:—

"113. (1) An appeal against any order made by the Commissioner under this Act shall lie to the Board on one or more of the following grounds only:—

Second appeal to the Board.

(a) that the order is contrary to law or to some usage having the force of law;

(b) that the order has failed to determine some material issue of law or usage having the force of law;

(c) that there has been a substantial error or defect in the procedure prescribed by this Act, which may possibly have produced error or defect in the decision of the case upon the merits.

[Cf. Act V of 1908, ss. 100, 101; Ben Act V of 1897, ss. 113, 114 (1), (2).]

(2) Every such appeal must be presented to the Board, or to the Commissioner for transmission to the Board, within six weeks from the date of the order appealed against."

New section 113A.

25. After the said section 113 the following shall be inserted, namely:—

"113A. Subject to such conditions and limitations as may be prescribed by rule made under section 121, any person considering himself aggrieved—

Review.

(a) by an order from which an appeal is allowed by this Act, but from which no appeal has been preferred, or

(b) by an order from which no appeal is allowed by this Act,

[Cf. Act V of 1908, s. 114.]

may apply for a review of the order to the authority who made the order; and that authority may make such order on the application as it thinks fit."

New section 114.

26. For section 114 of the said Act the following shall be substituted, namely:—

"114. The Board may call for the record of any case or proceeding which has been decided under this Act by any authority subordinate to it, and in which no appeal lies to the Board; and if such authority appears—

Revision by the Board.

[Cf Act V of 1908, s. 115; Ben Act V of 1897, s. 114 (1).]

(a) to have exercised a jurisdiction not vested in it by law, or

(b) to have failed to exercise a jurisdiction so vested, or

(c) to have acted in the exercise of its jurisdiction illegally or with material irregularity,

the Board may make such order as it thinks fit."

New section 115.

27. For section 115 of the said Act the following shall be substituted, namely:—

"115. When an appeal is presented under section 111 section 112 or section 113, against an order made by any officer, or when the Board calls upon any officer, under section 114, for the record of any case or proceeding, such officer may, in his discretion, subject to any direction given by the Board, stay all further proceedings pending the appeal or revision."

Stay of proceedings pending appeal or revision.

Amendment of section 118.

28. In section 118 of the said Act, for the figures "1882" the figures "1898" shall be substituted.

Amendment of section 121.

29. After clause (k) of section 121 of the said Act the following shall be inserted, namely:—

(kk) prescribing conditions and limitations upon the exercise of the right conferred by section 113A; and."

STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill is to make various amendments in the Estates Partition Act, 1897 (Ben. Act V of 1897), in order to reduce the delays which commonly take place in *batwara* proceedings.

II. The principal changes proposed are—

(*1*) the transfer from the Commissioner to the Collector of the duty of confirming partitions, and the transfer from the Board of Revenue to the Commissioner of the duty of hearing appeals against orders confirming partitions [clauses 7, 10, 11, 14 and 23 of the Bill];

(*2*) the transfer from the Commissioner to the Collector of the power to approve arbitrators' fees [clause 6];

(*3*) the transfer from the Board to Commissioners of the power to sanction the appointment of special establishments for partition work [clause 3];

(*4*) the transfer of certain powers from the Lieutenant Governor to the Commissioner [clauses 4, 17 (*a*), 18 and 20];

(*5*) the reduction of the period allowed for notices of confirmation of partitions [clause 14];

(*6*) the restriction of second appeals to the Board to the ground of legal defect or substantial error or defect in legal procedure (clause 24), coupled with the grant of authority to apply for a review of orders from which an appeal has not been preferred or is barred (clause 25);

(*7*) the amplification of the Board's power of revision (clause 26); and

(*8*) the extension of the power to stay proceedings pending appeal or revision (clause 27).

III. The provisions of the Bill are explained in detail in the subjoined notes.

NOTES ON CLAUSES.

1. *Clauses 2, 5 and 15* of the Bill substitute references to the new Code of Civil Procedure (Act V of 1908) for the references contained in the Estates Partition Act, 1897, to the Code of 1882 (Act XIV of 1882); while *clause 28* substitutes a reference to the new Code of Criminal Procedure (Act V of 1898) for the reference contained in that Act to the Code of 1882 (Act X of 1882).

2. *Clause 3* amends section 36 so as to withdraw the provision requiring the sanction of the Board of Revenue to the appointment of special establishments in the Commissioner's office for partition work, and to require the sanction of the Commissioner, instead of the Board, to the appointment of such establishments in the Collector's office.

3. *Clause 4* transfers from the Lieutenant Governor to the Commissioner the power to direct that the salary of Deputy Collectors and the cost of special establishments shall be recovered as part of the costs of partitions.

4. *Clause 5.*—See paragraph 1, *ante.*

5. *Clause 6* transfers from the Commissioner to the Collector the power to approve arbitrators' fees.

6. *Clause 7* amends section 55 by dispensing with the "approval" of the Collector to partitions made by arbitrators and transferring to him the Commissioner's power to confirm such partitions.

7. *Clause 8* inserts the words "and Confirmation" in the heading to Chapter VIII, because it is proposed, in *clause 11*, to transfer sections 90 to 93 (with amendments) from Chapter X to Chapter VIII.

8. *Clause 9 (1).*—The word "approval" is substituted for the word "sanction," in sub-section (*1*) of section 58, in order to bring the sub-section into harmony with clause (*a*) of the section.

9. *Clause 9 (2)* adds words to section 58 (*3*) with the object of getting in all appeals against orders of the Deputy Collector before the Collector proceeds to approve a partition.

10. *Clause 9 (3)* amends section 58 (*4*) so as to require the Collector to hear and dispose of appeals before he approves a partition.

11. *Clause 10* amends section 61 so as to transfer from the Commissioner to the Collector the duty of confirming partitions. The reference in section 61 to appeals is struck out, as appeals will, under the amendments proposed by *clause 9*, all be disposed of before the stage of confirmation is reached. At that stage only objections will be heard, and not appeals.

12. *Clause 11* re-enacts, as part of Chapter VIII, sections 90 to 92 of the Act, with amendments of the same character as those mentioned in paragraph 11, *ante*.

13. *Clause 12* amends the heading to Chapter X, and *clause 13* repeals sections 90 to 92, in consequence of the proposed transfer of those sections to Chapter VIII.

14. *Clause 14* re-enacts section 93, with the following amendments:—

(*a*) the maximum period for the publication of notice that a partition has been confirmed, or has been maintained on reference to the Commissioner or the Board, has been reduced from sixty to thirty days after the order of confirmation or maintenance,

(*b*) the Collector is mentioned as the confirming authority, instead of the Commissioner, and the Commissioner is mentioned as one of the appellate authorities, and

(*c*) in sub-section (*2*), the words "maintained" and "alterations" are, for greater clearness, substituted for the words "sanctioned" and "amendments" respectively.

15. *Clause 15.*—See paragraph. 1, *ante*.

16. *Clause 16* and *clause 17* (*b*) make amendments in sections 101 and 102 in consequence of—

(*a*) the transfer from the Commissioner to the Collector of the duty of confirming partitions, and

(*b*) the proposed substitution of "maintained" for "sanctioned" in section 93 (*2*).

17. *Clause 17* (*a*) transfers from the Lieutenant Governor to the Commissioner the power to order a new allotment of the land-revenue under section 102.

18. *Clause 17* (*b*).—See paragraph 16, *ante*.

19. *Clause 18* transfers from the Lieutenant Governor to the Commissioner the power to require proprietors of under-assessed estates to make refunds to proprietors of over-assessed estates, when an order for the re-allotment of land-revenue has been made under section 102.

20. *Clause 19* substitutes "approval" and "approved" for "sanction" and "sanctioned," in section 109, so as to follow section 58, clause (*a*).

21. *Clause 20* transfers from the Lieutenant Governor to the Commissioner the power to vest Collectors or Deputy Collectors with settlement powers.

22. *Clause 21* inserts in the Act a new section, numbered 110A, to enable Collectors and Deputy Collectors to delegate to ministerial officers the duty of signing copies of documents issued under the Act, namely, under section 21, 48, 59 (*2*) or 105 (*d*). It is desirable to relieve Collectors and Deputy Collectors of ministerial work of this kind.

23. *Clause 22* amends section 111 (*2*) in consequence of the transfer from the Commissioner to the Collector of the duty of confirming partitions.

24. *Clause 23* (*1*) introduces a revised clause (*e*) into section 112. The existing clause (*e*) will not be required, because it is proposed to amend section 55 by dispensing with the "approval" of the Collector to partitions made by arbitrators. The new clause (*e*) is inserted in order to give a right of appeal to the Commissioner from orders of the Collector confirming partitions, since it is proposed to transfer the duty of confirming partitions to the latter officer.

25. *Clause 23* (*2*) repeals section 112 (*2*) in consequence of the transfer from the Commissioner to the Collector of the duty of confirming partitions.

26. *Clause 24* introduces a new section to regulate second appeals to the Board of Revenue. in place of section 113 and parts of section 114 of the Act of 1897. The new section is based on sections 100 and 101 of the Code of Civil Procedure, 1908 (Act V of 1908). It will materially reduce appeals to the Board, by prohibiting them altogether except on the ground of some legal defect or some substantial error or defect in legal procedure. It is considered unnecessary to continue to allow a second appeal against orders of the Commissioner on questions of fact.

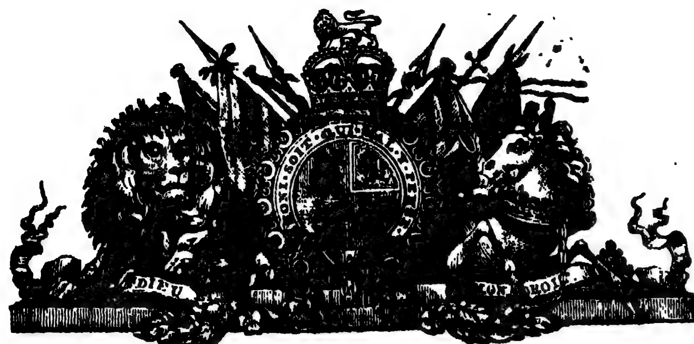
27. *Clause 25* introduces a new section authorizing applications for a review of any order made under the Act, when an appeal has not been preferred or is barred. The section is based on section 114 of the Code of Civil Procedure, 1908 (Act V of 1908).

28. Power is taken, in *clause 29* of the Bill, to prescribe conditions and limitations upon the exercise of the right to apply for a review; and rules on the basis of those contained

in Order XLVII in Schedule I to the Code of Civil Procedure, 1908, will be framed when the Bill becomes law. Such rules will also prescribe a period of limitation for applications for review.

29. *Clause 26* introduces a new section to regulate revision by the Board of Revenue in place of part of section 114 (*1*) of the Act of 1897. The new section is based on section 115 of the Code of Civil Procedure, 1908.

30. *Clause 27* amends section 115 so as to empower officers, subject to any direction given by the Board, to stay proceedings when an appeal is presented or when the Board calls for records. The section, as it at present stands in the Act, unduly limits the discretion of officers in this matter.



31. *Clause 28.*—See paragraph 1, *ante.*

32. *Clause 29.*—See paragraph 28, *ante.*

DEPARTMENT OF AGRICULTURE, BENGAL.

FINAL FORECAST OF THE SUGARCANE CROP OF BENGAL, 1910.

[On an average of the five years ending 1908-09, the area under sugarcane in the territory to which this forecast relates represents about 17·6 per cent. of the total area under the crop in British India.]

Character of the season.—Sugarcane is most important in Bihar. Outside that area it is cultivated chiefly in Burdwan, Bankura, Midnapore, Hazaribagh and Manbhum. The weather conditions have been generally favourable, and a good crop is expected in most districts. Some damage was done by excessive rain in Darjeeling, Nadia and parts of Hooghly and in Muzaffarpur.

Area planted.—The area planted with sugarcane this year is estimated at 346,600 acres against 337,500 acres of last year. The normal area under the crop is reported to be 384,700 acres.

Outturn.—From Appendix I it will be seen that two districts, *i.e.*, Sonthal Parganas and Sambalpur, estimate crops of 103 and 117 per cent. respectively. Six districts, *i.e.*, Saran, Bhagalpur, Balasore, Angul, Ranchi and Manbhum, estimate 100 per cent. crops. Eleven districts report from 90 to 98 per cent., six districts from 80 to 88 per cent. and six more from 75 to 77 per cent. Nadia and Darjeeling report an outturn of 61 and 60 per cent. respectively.

According to the estimates of the District Officers the total outturn of the crop for the Province works out to 91 per cent. of the normal against 80 per cent. estimated last year. But in view of the favourable weather conditions throughout the year, I am of opinion that the crop will not fall short of my preliminary estimate, *i.e.*, 100 per cent.

Accepting 22 cwts. as the normal rate of cane *gur* per acre, the gross outturn for the Province is estimated at 7,625,200 cwts. against 5,940,000 cwts. last year.

Other sources of gur.—The total quantity of *gur* likely to be obtained from the juice of the date-palm (of which Jessore produces the largest quantity) is estimated at 1,338,000 cwts. and from palmyra palm at 14,700 cwts. The total quantity of *gur* in the province from all sources this year is estimated at 8,977,900 cwts.

* The report is for the week ending the 31st January 1911.

GENERAL SUMMARY.—The rainfall was general in Bihar (except in Gaya and the Sonthal Parganas) and also in Hooghly, Howrah, the 24-Parganas, Jessore, Khulna, Darjeeling and Cooch Behar. The fall was generally moderate except in Darjeeling, Cooch Behar and in parts of Purnea and Jessore, where it was rather heavy, being above an inch. The recent rainfall has been beneficial to the *rabi* crops in Darbhanga and Purnea. More rain is wanted for the crops in Howrah and Nadia. Threshing of winter rice and pressing of sugarcane continue. The standing *rabi* crops are doing well. Some damage has been done to the crops by hail in Champaran. The price of common rice has risen in Burdwan, Champaran, Muzaffarpur, Monghyr, Bhagalpur, Puri and has fallen in Murshidabad, Jessore, Hazaribagh, Palamau and Cooch Behar. Cattle-disease is reported from Patna, Muzaffarpur, the Sonthal Parganas, Angul, Puri, Sambalpur, Hazaribagh, Palamau and Manbhum. Fodder is reported to be getting scarce in parts of the Sonthal Parganas. The supply of water is sufficient throughout the Province.

MEDICAL.

The 2nd February 1911.

No. 100.—In supersession of the orders contained in the Home Department notification No. 607, dated the 1st July 1909, and of all existing orders on the subject, the Governor-General in Council is pleased to make the following rules, which will be applicable to British India and Native States, regarding the receipt by medical officers of Government of fees (including honoraria or presents which may be offered for services rendered) for professional services in certain cases:—

(1) Whenever attendance, whether for an ordinary visit, a consultation, a confinement, or a surgical operation, on a Ruling Chief or his family or dependents, or on an Indian of position who holds a hereditary title conferred or recognized by Government of rank not below that of Raja or Nawab, or his family or dependents, involves the absence of a medical officer from his station, he shall be permitted to demand or receive such fees as may be arranged between himself and the person employing him, provided that he does not, without the special permission of the local Government, obtained as provided below, demand or receive, in addition to his travelling expenses, a higher fee than Rs. 500 a day for the first three days and Rs. 250 a day thereafter, the full daily fee being given for every complete period of 24 hours' absence with a proportionate fee for periods of less than 24 hours.

(2) For similar attendance not involving absence from his head-quarters, a medical officer may demand or receive fees in accordance with the scale which he has fixed for his patients generally; and, in the case of operations and confinements, he may accept fees equal in amount to those current in similar circumstances in the profession in the United Kingdom.

(3) Before accepting or demanding from a Ruling Chief or Indians of position, as referred to in rule (1), a fee in excess of the rates laid down in rules (1) and (2) above, a medical officer must report the case confidentially to the local administrative medical officer, who will obtain unofficially, and communicate to him, the orders of the local Government. When taking the orders of Government the administrative medical officer will be careful not to disclose any of the medical particulars of the case.

(4) Local Governments and Administrations shall have full power to dispose of all cases so reported to them, but shall be at liberty to consult the Director-General, Indian Medical Service, or to refer any particular case for the orders of the Government of India.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth or the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

CHAPTER III.—LANDLORDS' IMPROVEMENTS.

Application for registration of improvements : to whom to be presented.

13. *Section 80.*—An application for the registration of landlords' improvements may be presented to the Collector of the district, or to the officer in charge of the subdivision, in which the land benefited by the improvement is situated, or to any Assistant or Deputy Collector who may be specially appointed by Government to receive such application. The application shall, as far as practicable, be in the form (Form 1) specified in Schedule I appended to these rules, and the requisite information shall be submitted, along with the application, in the form of List A, appended to the said Form 1.

13A. Alternative methods of filling up columns 12 to 16 of List A are provided. The first method is intended for cases in which only a small number of holdings are benefited, and the second for cases in which the whole village or a considerable proportion of the holdings is benefited. It will be open to the applicant, in the first instance, to select the method which appears to him more appropriate; but if he selects the second method, the revenue officer may, if he thinks fit, require List A to be filled up in the first method. If the revenue officer admits the application he will at the same time pass orders to the applicant to submit notices in Form 19 on tenants or villages concerned, in sufficient number to meet the requirements of these rules.

14. The officer receiving the application may either reject the application under section 80 (3) or may admit it. If the application is admitted, a local inquiry will be held. A date will be fixed for that inquiry, and the applicant or his agent will be informed of this date. Notices in Form 19 will be sent to the tenants (if any) whose names are entered in column 12 of List A. In addition a notice in Form 19 will be served in each village concerned. In this notice will be specified the date and approximate hour when the inquiry will be held in that village, and the tenants concerned therein will be directed to attend the inquiry. The notice will be published locally by proclamation and beat of drum, and will be fixed up in the presence of not less than two persons in some conspicuous place in the village. The service of the notice must be attested by at least two residents of the village (or, in the case of a *bechappar* village, of a contiguous village), on the back of the duplicate notice. Special care must be taken to ensure that with each notice is appended a correct copy of List A or the extracts therefrom which refer to the village or tenant addressed in the notice.

The expense of sending and publishing notices under this rule and under rule 16 shall be borne by the applicant.

15. The Collector or subdivisional officer who received the application may transfer the case to the file of another officer empowered to receive such applications. If it is not so transferred, he may either make the local inquiry himself, or he may direct it to be made by an officer not below the rank of Sub-Deputy Collector. When the officer who receives the application is not the Collector or a subdivisional officer, he may in a similar manner transfer the case or direct a local inquiry, with the consent of the Collector or subdivisional officer. This local inquiry will be held on the day and time specified in the notice. Such of the parties and their witnesses as attend and may desire to give evidence shall be examined, and such inspection of the land concerned as is considered necessary shall be made. In the record of this inquiry it shall be clearly stated which of the tenants were examined ; and if any offered themselves for examination and were not examined, their names and the reasons for not examining them shall be recorded. The inquiring officer must make an inquiry in each village the lands of which are affected by the improvement.

16. The officer who has received the application shall then either forthwith, or, if further inquiry is necessary, after giving notice of such further inquiry to the parties concerned, and holding such inquiry or causing it to be held by an officer not below the rank of Sub-Deputy Collector, who is empowered to receive such application, proceed to pass orders on the case.

Further inquiry, if any, and disposal of the case.

17. In passing orders he shall decide *inter alia* whether the improvement is of such a nature as to come within the meaning of section 76 of the Bengal Tenancy Act or not; whether the landlord is entitled to register it; whether it falls under sub-clause (*e*) of that section, and, if so, whether any enhancement of rent is being paid for the original improvement, and whether the cost of improvement and the date of completion have been correctly stated in the application.

Circumstances to be taken into consideration in disposing the case.

18. If an order refusing to register an improvement is passed by an officer lower in rank than the Collector of the district, such order shall not take effect till confirmed by the Collector.

Confirmation of order of refusal passed by officer lower in rank than Collector.

Substitute the following form for Form No. 1 in Schedule I appended to the rules :—

NOTIFICATIONS.

No. 96S.R.—The 9th February 1911.—In exercise of the power conferred by section 2 of the Indian Salt Duties Act, 1908 (X of 1908), read with section 21 of the General Clauses Act, 1897 (X of 1897), the Lieutenant-Governor in Council is pleased to direct that the following amendments be made in the rules published under Notification No. 338S.R., dated the 2nd April 1909, at pages 496-97 of Part I of the *Calcutta Gazette* of the 7th idem, providing for the payment of duty on salt within a period not exceeding six months from the date on which payment is due, and for the furnishing of security for such payment, namely :—

(*1*) *After* rule 3 *insert* the following :—

3A. A fee of Re. 1 per piece shall be chargeable to the depositor on each security deposited by him with the Collector of Customs, Calcutta, and on each security withdrawn from the Collector by such depositor.

(*2*) *For* rule 9, *substitute* the following:—

9. Any interest accruing on securities during the time they remain in the custody of the Collector shall be credited to the depositor's account, less a charge for commission of ¼ *per cent.* on the net amount of interest realised.

(*3*) *For* rule 10, *substitute* the following :—

10. (*1*) The credit allowed to a depositor in respect of each credit account shall in no case extend beyond a period of six months from the date on which such account is opened.

(*2*) At the expiration of that period, each credit account shall be adjusted.

(*3*) Whenever an adjustment is made, the depositor shall be at liberty to apply to the Collector for the opening of a new credit account against the securities deposited, and subject to the terms of the agreement executed, in respect of the adjusted account.

(*4*) Whenever any such application is made by a depositor to the Collector, the Collector may, at his discretion, either open a new credit account for the depositor accordingly, or order the original account to be finally closed.

(4) In the form of agreement appended to the said rules—

(*a*) *for* the words " a copy whereof is hereunto annexed" *substitute* the following :—

" a copy whereof is hereunto annexed / a copy whereof has been previously signed by him "; and

(*b*) *for* the words beginning " shall be paid " down to the words " on his credit account," *substitute* the following : " shall be drawn and credited to the depositor's account less a charge for commission of ¼ *per cent.* on the net amount of interest realised."

In the preceding August the Inspector-General will intimate to each Range Deputy Inspector-General and Superintendent of Police the number of vacancies allotted to each district to be filled by candidates appointed direct, and will call for three nominations for every two vacancies. He will also indicate what limitations, if any, are to be observed as to the appointment of any particular section of the community.

3. The Range Deputy Inspector-General will thereupon instruct each Superintendent of Police to publish freely in his district a notice in the annexed form. The notice states that applications will be received up to the end of September; that printed forms of application, P. C. Form 127B, can be obtained from the office of the Superintendent of Police; that a candidate must possess the qualifications specified in rule 15, and that, after filling in the application form, he must appear, with it and his certificates, if any, before the Superintendent of Police, by whom he will be measured. The Superintendent of Police will then issue a verification roll in P. C. Form No. 111A, and it shall be verified by an officer of rank not below that of Inspector. The Superintendent will, if satisfied with the result of the verification and the candidate's physical and educational qualifications, send the candidate to the District Magistrate, and with his approval enter his name in the register of candidates as eligible.

4. The Range Deputy Inspector-General will communicate a similar notice to any reputable local newspaper and freely seek the help and interest of Heads of Schools and Colleges in securing candidates of a good class.

5. A register* of candidates will be kept by the Superintendent of Police, and the names of all candidates will be entered in it. Against those who are not passed as eligible, the word "Rejected" will be clearly written, and they will be debarred from presenting themselves again for selection and should be informed accordingly.

* P. C. Form No. 127A.

6. Those candidates who are considered eligible will be warned that they will have to appear before the Nomination Committee on a date in October or November to be subsequently fixed and communicated to them.

7. Immediately on the expiry of the period allowed for filing applications, each Superintendent of Police will inform the Range Deputy Inspector-General of the number of candidates registered as eligible in his district and will classify them under the heads Hindu, Muhammadan, and special castes.

8. Selection in the districts will be made by the Superintendent of Police and the District Magistrate, who will call up the eligible candidates and select 50 per cent. in excess of the actual number of vacancies allotted to the district.

The District Committee will ordinarily nominate only candidates domiciled in its own district, but if in any district of Bihar sufficient suitable candidates are not available, the Committee may entertain applications from residents of another district of Bihar or the United Provinces. Hindus and Muhammadans shall be selected, if eligible candidates are available, in the proportion which each class bears to the total population of the district as shown in the table attached. In Orissa as many suitable Uriyas as can be obtained should be selected. In Chota Nagpur and the Sonthal Parganas such suitable Kols, Mundas, Uraons and Sonthals, as are available, should be selected, but at present no proportion can be fixed. The Superintendent shall require selected candidates to produce health certificates in P. C. Form No. 110 from the Civil Surgeon, and shall then submit to the Range Deputy Inspector-General a list of the candidates selected, in order of selection, stating against each their qualifications and grounds of selection, and with this list, which should bear the District Magistrate's countersignature, he will also send—

(i) The register of the candidates.

(ii) The applications of candidates with their certificates and testimonials and recommendations in original.

(iii) The verification rolls of the candidates.

(iv) The health certificates of the candidates in P. C. Form No. 110.

9. The Deputy Inspector-General shall then re-examine these papers and see that the rules are observed and that the percentage of Hindus, Muhammadans and Uriyas is properly adjusted for each division, if not for each district. If the number of candidates in any district falls short of requirements, he may make good the deficiency by selection among candidates of other districts.

10. The selection of candidates must be completed by the 15th November in all districts, and the Deputy Inspector-General will submit to the Inspector-General by the 25th idem a list of the nominees in two parts, the first containing the names, district by district, of those most strongly recommended to fill the number of vacancies allotted to the division, the second containing the names of those who constitute the 50 per cent. reserve. With this list will also be submitted the application forms and certificates of all the nominees entered in it, together with their medical certificates in P. C. Form No. 110.

11. The Inspector-General, in consultation with the Deputy Inspector-General, will personally inspect the nominees at convenient centres on dates which will be duly notified, and, after any further examination which may appear necessary, will appoint the required number of probationers, and send to each an appointment order directing him to report himself to the Principal, Police Training College, Ranchi, on the date mentioned.

A detailed list of the candidates appointed will at the same time be sent to the Principal, Police Training College, together with their nomination rolls, verification rolls, medical and other certificates.

These papers will form part of the cadet's appointment papers and will be sent to the Superintendents of Police of the districts to which they are subsequently posted.

12. The candidates appointed will undergo a course of one year's instruction at the Police Training College, Ranchi. The first term usually commences on the 2nd January.

13. At the end of the course those declared by the Examination Committee to have passed will be posted to districts as probationary Sub-Inspectors for a period of two years. At the end of that period those pronounced competent and fit will be confirmed by the Deputy Inspectors-General as Sub-Inspectors. Those found otherwise will be discharged by them. The Inspector-General may discharge a probationary Sub-Inspector at any time prior to his confirmation, if he is satisfied that the probationer is not likely to make a satisfactory police officer.

14. During the period of instruction they will be subject to the rules and regulations of the college and will receive Rs. 25 a month as salary. On being passed out of the Training College, they will receive the full salary of the grade to which they are appointed.

15. The qualifications which a candidate for direct appointment must possess are the following :—

(a) He must be of good social standing and respectable parentage, and must ordinarily be a native of the division.

(b) He must be of good moral character.

(c) He must be over 21 and under 25 years of age on 1st September.

(d) He must have passed the Entrance or Matriculation Examination of an Indian University or the final B or C class examination of a Zilla or High School. He must have a fluent knowledge of English.

[NOTE.—Preference will be given to graduates and under-graduates. A limited number of applicants who have obtained the B.L. degree will be appointed to a higher grade, and if they subsequently give proof of special aptitude for conducting prosecutions, may look for special promotion to the rank of Court-Inspector. Of the candidates selected 5 per cent. will ordinarily be appointed in higher grades for special reasons, such as exceptional education or social status or for standing first in the Final Examination.]

(e) He must be free from disease, constitutional affection or bodily infirmity unfitting him, or likely to unfit him, for police duties.

[NOTE.—"Stuttering or stammering" is a defect which renders an applicant ineligible.]

(f) He must be not less than 5 feet 3 inches in height and 30 inches round the chest.

B.—Promotion of Head-Constables to the rank of Sub-Inspector.

16. The number of Sub-Inspectors appointed by promotion of head-constables will not exceed 15 per cent. of the total number to be appointed.

17. In August the Inspector-General will intimate to each Deputy Inspector-General (including the Deputy Inspector-General of Railways) the number of appointments to be allotted to each division and to the railways. The Deputy Inspector-General will make three nominations for every two appointments allotted after consultation with the District or Railway Superintendents of Police, as the case may be. In selecting head-constables for promotion, preference should be given to those who have received special commendation for integrity of character and good detective work.

18. Deputy Inspectors-General will submit their nominations to the Inspector-General during November, and state which of the nominees should be sent to the college. If accommodation is available at the college they will be sent along with the candidates recruited by direct appointment.

NOTICE.

THE Inspector-General of Police, Lower Provinces, is prepared to receive applications for appointments as Sub-Inspectors of Police from young men of respectable parentage who have passed the Entrance or Matriculation Examination of an Indian University, or the final "B" or "C" class examination of a Zilla or High School. Candidates must have a fluent knowledge of English. Preference will be given to graduates and under-graduates and to natives of a Commissioner's division in filling up the appointments allotted to it. A limited number of applicants who have obtained the B.L. degree will be appointed to a higher grade, and, if they subsequently give proof of special aptitude for conducting prosecutions, may look for special promotion to the post of Court Inspector.

No person will be deemed qualified who does not satisfy the following conditions:—

I.—That he has no disease, constitutional affection or bodily infirmity unfitting him, or likely to unfit him, for police duties, and that he is not less than 5 feet 3 inches in height and 30 inches round the chest.

II.—That he is of good moral character.

III.—That he belongs to a respectable family and is of good social standing.

IV.—That he will be over 21 and under 25 years of age on 1st January 1911.

(NOTE.—"Stuttering or stammering" is a constitutional defect, and represents a physical disqualification).

Printed forms of application are obtainable in the office of all Superintendents of Police. Applications should be submitted to the Superintendent of Police of the district within which the candidate resides, Calcutta for the purpose of this rule being regarded as a part of the 24-Parganas district. Applications must reach the office of Superintendents of Police not later than the 30th September 1910.

Selected candidates will undergo a 42-weeks' course of instruction, commencing from 2nd January 1911, at the Police Training College. This course will include drill, riding, gymnastics, instruction in taking finger-prints and police portraits, elementary surveying, and training in conducting prosecutions in Magistrates' courts and in other practical duties of an investigating officer.

At the end of the 42 weeks, candidates obtaining a certificate of proficiency will be posted to districts as probationers for two years. If at the end of that period they are pronounced competent and fit, they will be confirmed as Sub-Inspectors. During the period of instruction they will be subject to the rules and regulations of the Training College, and will receive Rs. 25 a month as salary. On being passed out of the Training College, they will receive the full salary of the grade to which they are appointed.

The position of selected candidates in the Range lists from which promotions are made will be determined by the places obtained at the final examination held at the conclusion of the Training College term.

The nomination rolls of candidates rejected by the District Committee, the Deputy Inspector-General or the Inspector-General, will not be returned to them.

No. 12Marine.—The following Resolution, issued by the Government of India in the Department of Commerce and Industry, is republished for general information

T. BUTLER,
Secy. to the Govt. of Bengal.

No. 896—901-5, dated Calcutta, the 8th February 1911.

RESOLUTION—By the Govt. of India, Dept. of Commerce and Industry.

IT has been brought to the notice of the Government of India that the words "shall not be bound to serve" in proviso (*b*) in the Form of Agreement for the engagement of lascars in India are liable to be misunderstood, and are sometimes construed as permitting lascars employed on deck, to serve voluntarily on voyages to ports on the east coast of America north of 38 degrees north latitude between the 1st day of October in one year and the 31st day of March in the succeeding year. In order, therefore, to make it clear that deck hands are not permitted to serve on such voyages between the dates mentioned above, even if they volunteer to do so, the Governor-General in Council is pleased to direct that the word "shall not serve" shall be substituted for the words "shall not be bound to serve" in clause (*b*) of the said proviso.

Ordered that a copy of the Resolution be forwarded to the Governments of Madras, Bombay and Bengal, Marine Department, Burma, Commerce Department, and Eastern Bengal and Assam, Public Works (Marine) Department.

Ordered also that the Resolution be published in the Supplement to the *Gazette of India*.

The 13th February 1911.

No. 18Marine.—In exercise of the powers conferred on him by section 9 of the Indian Petroleum Act. 1899, the Lieutenant-Governor in Council proposes to make the following amendments to the rules for the possession, transport and importation of petroleum published under the notification of this Department No. 43Marine, dated the 24th May 1909.

The proposed amendments will be taken into consideration on the expiry of one month from the date of publication in the Gazette, and the Lieutenant-Governor in Council will be glad to consider any suggestions or observations that may be made by any person concerning them within that period.

Draft amendments to the rules for the importation, possession and transport of petroleum.

(a) After Rule 6 in Chapter IV, Part II, the following shall be inserted, namely :—

Storage of dangerous petroleum in an installation.

"6A. Licenses for the possession of any stated quantity of dangerous petroleum in installations in accordance with such specifications and plans as the Local Government, on the recommendation of the Chief Inspector of Explosives, may, from time to time, by general or special order, approve, may be granted in Form P."

(b) In Rule 10 (b) of Chapter IV of Part II, for the words "or Form E" the words "Form E or Form P" shall be substituted.

(c) To clause (1) of Rule 5, Part III, the following proviso shall be added, namely:—

"Provided that no samples need be taken in the case of petroleum which is declared to be dangerous"

(d) In Rule 17, Part III, after the word "petroleum" the words "of which samples have been taken under Rule 5" shall be inserted.

(e) In the endorsement on Form M for the words "Conditions of license" the words "In the case of dangerous petroleum imported otherwise than in bulk this license shall be subject to the following conditions" shall be substituted, and in condition 1 of the same endorsement after the words "dangerous petroleum" the words "imported otherwise than in bulk" shall be inserted.

(f) To the forms at the end of the rules the following shall be added, namely:—

FORM P.

(RULE 6A OF CHAPTER IV OF PART II.)

License to possess dangerous petroleum in bulk.

No. fee Rs.

License is hereby granted to for the storage, in the place described below, of gallons of dangerous petroleum subject to the rules for the storage of petroleum published in Notification No. , dated , and to the further conditions on the back of this license.

The 191 .

Secretary to Government.

(Description of the place above referred to.)

ENDORSEMENT ON FORM P.

Conditions of License.

1. Each tank containing dangerous petroleum shall either be separately surrounded by a wall or embankment of substantial construction, or shall be partially sunk in an excavation. The enclosure thus formed shall be of dimensions sufficient to contain 10 per cent more oil than the tank is capable of containing, and shall be so constructed as to prevent the escape therefrom of any oil in the form of liquid, whether under the action of fire or otherwise. Settling or measuring tanks* may be situated within the wall or excavation, but otherwise the space enclosed by such wall or excavation, and not occupied by the tank, shall be kept entirely clear and unoccupied.

2. In the case of all filling or storage sheds within the installation, either the doorways and other openings of the building shall be built up to a height of three feet above the level of the ground outside it, or the floor shall be sunk to a depth of three feet below the level of the ground, or the building itself shall be surrounded with a masonry wall or embankment or both not less than three feet high.

*These tanks shall not have a greater capacity than 30,000 gallons.

3. The height of any storage tank shall not be more than three-fifths of its diameter.

4. A distance of not less than 300 feet shall be kept clear between a storage tank containing dangerous petroleum and any other storage tank or between such a storage tank and a storage or filling shed, the distance being measured between the nearest points of the perimeters of the storage tanks or storage or filling sheds, as the case may be.

5. A distance of not less than 150 feet shall be kept clear between any filling or storage shed and any protected works.

6. A distance of not less than 300 feet shall be kept clear between any storage tank containing dangerous petroleum and any protected work.

7. Every person managing or employed on or in connection with the place of storage shall abstain from any act whatever which tends to cause fire or explosion and which is not reasonably necessary, and shall prevent any other person from doing such act.

8. No light other than electric lights and no fire shall be permitted at any time within 100 feet of any tank or storage shed.

9. No repairs shall be carried out in any tank which contains or has contained dangerous petroleum, until the tank has been thoroughly cleared of all petroleum and of all gases and vapours derived from the same

Cuttack Collectorate, the 20th January 1911.

BRAJA D. HAJARA, *for* Collector.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate situate in the district of Hooghly will be put up to sale at the Howrah Collectorate on the 22nd March 1911, corresponding with the 8th Choitra 1317 B.S.

The purchasers will be subject to the following conditions of sale :—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchaser of the estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.

2nd.—The sale is to be subject to the existing leases and to the rights conferred by the settlement proceedings and by the laws in force; and the purchasers to be bound to respect the rights of the resident cultivators who have sighed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of the original sale.

SUB-COMMITTEE REPORT.

REPORT OF FINANCE COMMITTEE.

The Cash Account for December containing the summary of cash Receipts and Expenditure for the year 1910 shows the following totals:—

		Rs.
Expenditure	... ...	1,04,742
Receipts	... ...	1,03,184
Deficiency	...	1,558

against an estimated deficiency in the Budget estimate of Rs. 7,206. The actual Receipts were Rs. 1,821 more than expected when drawing up the Budget, and the Expenditure proved to be less to the extent of Rs. 3,827. The deficiency on the year is thus considerably less than was anticipated, and in drawing up the Budget for 1911 we have not had to recommend the heavy reduction on the relief granted that was suggested a few months ago.

The Budget is drawn up on the lines of the Receipts and Expenditure for the past year. Under the head of Poor Relief some reduction has been made in the figures of 1911 so as to provide against any deficiency on the current year.

The Budget totals are as under:—

		Rs.
Estimated Receipts, 1911 ...	...	1,00,880
,, Payments ,, ...	...	1,00,660
,, Surplus ,, ...	...	220

We note with satisfaction that the income from Subscriptions and Donations for 1910 shows a satisfactory increase on the figures of the previous year.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

WEDNESDAY, FEBRUARY 15, 1911.

NOTICES TO MARINERS.

The following Notices are published for general information.

T. BUTLER,
CALCUTTA, *the 8th February 1911.* *Secy. to the Govt. of Bengal.*

BRITISH POSSESSIONS.

Caution when approaching British Ports.

No. 51 (first publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 1 of 1911), are republished :—

PART I.

CLOSING OF PORTS.

(1) My Lords Commissioners of the Admiralty, having taken into consideration the fact that local or other circumstances may arise in which it may be necessary, on account of periodical exercises, monœuvres, or otherwise, to forbid all entrance to certain ports of the Empire, this is to give Notice that on approaching the shores of the United Kingdom, or any of the ports or localities of the British Empire, referred to in Part III of this Notice, a sharp look-out should be kept for the signals described in the following paragraph, and for the vessels mentioned in paragraph (2), Part II, of this Notice, and the distinguishing and other signals made by them. In the event of such signals being displayed, the port or locality should be approached with great caution, as it may be apprehended that obstructions may exist.

(2) If entrance to a port is prohibited, three *red* vertical lights by night, or three *red* balls by day, will be exhibited in some conspicuous position, in or near to its approach, which signals will also be shown by the vessels indicated in paragraph (2), Part II, of this Notice.

If these signals are displayed, vessels must either proceed to the position marked "Examination Anchorage" on the Admiralty charts and anchor there, or keep the sea.

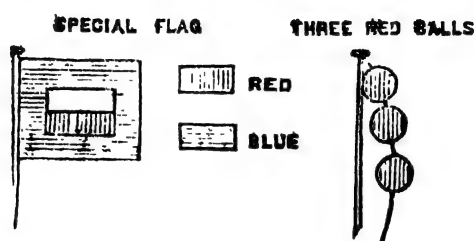
(3) At all the ports or localities at home or abroad referred to in Part III of this Notice, search lights are occasionally exhibited for exercise.

Instructions have been given to avoid directing moveable search-lights during practice on to vessels under way, but mariners are warned that great care should be taken to keep a

sharp look-out for the signals indicated in paragraph (2) above, when search-lights are observed to be working.

PART II.

EXAMINATION SERVICE.



(1) Under certain circumstances it may become necessary to take special measures to examine vessels desiring to enter the ports or localities at home or abroad, referred to in Part III of this notice.

(2) In such case, vessels carrying the distinguishing flags or lights mentioned in paragraph (4) will be charged with the duty of examining ships which desire to enter the ports and of allotting positions in which they shall anchor.

(3) As the institution of the Examination Service at any port will never be publicly advertised, especial care should be taken in approaching the ports, by day or night, to keep a sharp look-out for any vessel carrying the flags or lights mentioned in paragraph (4), and to be ready to "bring to" at once when hailed by her or warned by the firing of a gun.

(4) By day the distinguishing flags of the Examination Steamer will be a special flag (white and red horizontal surrounded by a blue border) and a blue ensign.

Also, three red vertical balls if the port is closed.

By night the steamer will carry—

(a) Three *red* vertical lights if the port is closed.
(b) Three *white* vertical lights if the port is open.

The above lights will be carried in addition to the ordinary navigation lights, and will show an unbroken light around the horizon.

(5) Masters are warned that, before attempting to enter any of these ports when the Examination Service is in force, they must in their own interests strictly obey all instructions as to entry given to them by the Examination Steamer. In the absence of any instructions from the Examination Steamer they must proceed to the position marked "Examination Anchorage" on the Admiralty Charts and anchor there, or keep the sea.

(6) In case of fog, Masters of vessels are enjoined to use the utmost care, and the Examination Anchorage itself should be approached with caution.

(7) The pilots attached to the ports will be acquainted with the regulations to be followed.

DEPARTMENT OF AGRICULTURE, BENGAL.

THIRD AND FINAL FORECAST OF THE WINTER RICE CROP OF BENGAL FOR 1910-11.

[On an average of the five years ending 1908-09 the area under winter rice in the territory to which the forecast relates represent about 27·1 per cent. of the total area under winter rice in British India.]

Character of the season.—The monsoon was not very vigorous in the early part of the transplanting period and transplantation was delayed in consequence in a few districts and there was excessive rain and floods in July and in the beginning of August in parts of Nadia, Murshidabad, Cuttack and in the Bihar districts (especially in Darbhanga and Muzaffarpur). The season was for the Province as a whole, however, very favourable for the growth of the winter rice crop. The rainfall in September and October did much good to the crop at the time of its maturity.

Area sown.—The total area sown with the crop is now returned at 20,947,700 acres, against 21,232,900 acres last year. The normal area under the crop is estimated to be 20,888,200 acres.

Outturn.—In Burdwan, Midnapore, Hooghly, Howrah, Nadia, Murshidabad, Jessore, Khulna, Patna, Shahabad, Monghyr, Darjeeling, the Sonthal Parganas, Palamau and Singhbhum a better crop has been harvested than was expected when the second forecast was issued in December and in Darbhanga, Bhagalpur and Sambalpur the outturn is estimated somewhat below the previous estimate. In the remaining districts the estimate is unchanged. From Appendix I it will be seen that the following districts report more than a normal crop:—

	Per cent.		Per cent.
Balasore ...	117	Bhagalpur ...	106
Sonthal Parganas and Ranchi ...	115	Manbhum ...	105
Cuttack ...	112	Puri ...	104
Patna	109	24-Parganas ...	103
		Burdwan ...	102

Birbhum, Gaya, Purnea, Angul and Palamau report a normal crop. Nine districts report crops between 90 and 100 per cent. and five districts between 80 and 90 per cent. Bankura, Champaran and Jessore report crops of 72, 76 and 79 per cent. respectively. Nadia alone estimates a low outturn, viz., 69 per cent. According to the district returns the outturn of the crop for the Province works out to 99 per cent. of the normal. I see no reason, however, to alter the opinion previously expressed that the outturn will not fall short of 112 per cent. of a normal crop.

Accepting 112 per cent. as the Provincial outturn, the gross yield of the cleaned winter rice crop for the Province is estimated at 258,554,500 cwts., against 257,394,700 cwts. of last year.

Offg. Director of Agriculture, Bengal.

Saran ...	Sadar	675,760	547,500	141,200	124,500	135,100	65	100	...	...	...	......	The weather was favourable. The condition of the crop was good. The date of harvesting was normal. Though in most part of the Sadar and Siwan subdivisions the crop is expected to be a bumper one but in some thanas the crop has been damaged by excessive rain. So the percentage outturn is not shewn as above 100. The crop in the Gopalganj subdivision suffered from floods hence the outturn is somewhat low.

OFFICE OF THE DIRECTOR OF AGRICULTURE, BENGAL;
The 14th January 1911.

N. N. SIRCAR,
for Offg. Director of Agriculture, Bengal, on tour.

MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR JANUARY 1911.

I. *Character of the season.*—During the month under report rain fell in Bihar and also in Midnapore, Hooghly, Howrah, the 24-Parganas, Jessore, Khulna, Hazaribagh and Palamau. The fall was well above the average in Khulna, Champaran and Darjeeling, slightly in excess of the normal in Howrah, Jessore and Purnea and light to moderate elsewhere. The usual rainfall statement is appended.

II. *Progress of agricultural operations.*—Harvesting and threshing of winter rice continued. Towards the end of the month it was almost completed in most districts. Pressing of sugarcane was in progress. Harvesting of early oilseeds and pulses began in some districts.

III. *State of standing crops.*—The standing wheat, oilseeds and other *rabi* crops are doing well. The *rabi* crops in Darbhanga and Purnea were benefited by the rain received during the latter part of the month The standing *rabi* crops were damaged to some extent by hail in Champaran.

IV. *Prospects and the probable outturn of harvests.*—The outturn of the sugarcane crop has been good and that of winter rice crop has been excellent. The outturn of the winter rice and sugarcane crops for the whole Province is estimated at 112 and 100 per cent. of the normal respectively. Prospects of the *rabi* crops are good.

V. *Damage to crops.*—Some damage was done to the *rabi* crops by hail in Champaran.

VI. *Condition of agricultural stock.*—The condition of cattle was satisfactory. Cases of cattle-disease were reported from Midnapore, Patna, Muzaffarpur, Purnea, the Sonthal Parganas, Angul, Puri, Sambalpur and from all the districts of the Chota Nagpur Division except Singhbhum.

VII. *Failure of pasturage and fodder.*—Fodder is reported to be getting scarce in parts of the Sonthal Parganas. The supply of water was sufficient throughout the Province.

VIII. *Prices of food-grains.*—During the second fortnight of the month under report the price of rice fell in three districts and rose in nine. Prices of staple food-grains are easier than in the corresponding period of last year.

IX. *Condition of agricultural people.*—Agriculturists are in good condition. The outturn of autumn and winter crops has been good. Prospects of *rabi* crops are hopeful.

N. N. SIRCAR,
for *Offg. Director of Agriculture, Bengal, on tour.*

Cattle-disease reported from Daspalla and Ranpur. During the week price of common rice risen in five States, and stationary in the remaining States. Price of common rice varying from 13 seers in Tigiria and 14 seers in Athgarh and Athmallik to 21 seers in Baramba and Nayagarh and 24 seers in Dhenkanal and Talcher.

* The report is for the week ending the 4th February 1911.

General Summary.—During the week under report rainfall was general in the Orissa and Presidency Divisions (Sambalpur and 24-Parganas excepted) and also in Burdwan and Darjeeling The fall was heavy in Cuttack, Balasore, Jessore and Khulna and light to moderate elsewhere. The recent rainfall has been beneficial to the standing *rabi* crops in Nadia. Threshing of winter rice has been nearly finished. Pressing of sugarcane and harvesting of oilseeds and pulses continue. The standing *rabi* crops are doing well. The price of common rice has risen in Burdwan, Nadia, Murshidabad, Gaya, Shahabad, Darbhanga, Monghyr, Purnea, the Sonthal Parganas, Hazaribagh and Palamau and has fallen in Hooghly, Jessore, Puri and Ranchi. Cattle disease is reported from Birbhum, Patna, Muzaffarpur, the Sonthal Parganas, and from all the districts of the Orissa and Chota Nagpur Divisions except Balasore and Singhbhum. Fodder is reported to be getting scarce in parts of the Sonthal Parganas. The supply of water is ample throughout the Province.

(a) The increase is due to greater movements of pilgrims and visitors to the Allahabad Exhibition.
(b) The increase is in coal.
(c) Due to adjustment on account of hire of vehicles over estimated in previous weeks.
* The increase of 17·85 miles is due to the opening of Dhulian Section of the Barharwa-Azimganj-Katwa Railway from 18th January 1911.

No. 859A.—The 20th February 1911.—Mr. I. S. Mackay, Deputy Magistrate and Deputy Collector, is allowed furlough for seven months and seventeen days, under article 338 of the Civil Service Regulations, in extension of the leave granted to him under the orders of the 20th December 1910.

No. 861A.—The 20th February 1911.—The orders of the 24th January 1911, granting privilege leave for three weeks to Babu Hem Chandra Mitra, Deputy Magistrate and Deputy Collector, Sambalpur, are cancelled.

Sambalpur.

VOLUNTEERS.—*No. 868A.—The 21st February 1911.*—Captain Robert Henry Morris, Calcutta Port Defence Volunteer Corps, has been granted, by the General Officer Commanding Presidency Brigade, leave of absence for seven months and-a-half with effect from the 30th March 1911.

POLICE.—*No. 885A.—The 21st February 1911.*—The Hon'ble Mr. L. F. Morshead, Inspector-General of Police, Bengal, is allowed leave for one month, under article 260 of the Civil Service Regulations, with effect from the 20th February 1911.

Calcutta.

JAILS.—*No. 741A.—The 16th February 1911.*—Major G. Y. C. Hunter, I.M.S., Officiating Superintendent, Presidency Jail, is allowed combined leave for one year and six months, *viz.*, privilege leave, under article 260 of the Civil Service Regulations, for two months and twelve days, with effect from the 1st March 1911, or the amount due on any subsequent date on which he may avail himself of it, study leave for eight months and two days, under rules 2 and 6 of the Study Leave Rules, and furlough for the remaining period under article 308 (*b*) of the Regulations.

Calcutta.

POWERS.

No. 873A.—The 21st February 1911.—Babu Sushil Chandra Ghose, Deputy Collector, Nadia, is vested with the powers of a Collector, under Act I of 1894, in that district.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

(FORESTS.)

Simla, the 8th February 1911.

INDIAN FOREST SERVICE.

Regulations as to the Appointment of Probationers, 1911.

1. *Appointments.*—The Secretary of State for India in Council will, in the summer of 1911, make not less than five appointments of Probationers for the Indian Forest Service, provided that so many candidates are considered to be in all respects qualified.

In making these appointments, he will act with the advice of a Selection Committee.

2. *Applications for Appointment.*—Applications for appointment must be made on a printed form to be obtained from the Secretary, Judicial and Public Department, India Office, Whitehall, London, S.W., and to be returned to him not later than Saturday, the 1st July 1911. Candidates must be prepared, if called upon, to attend at the India Office, at their own expense, for a personal interview with the Selection Committee within three weeks from that date.

3. *Age Limit.*—Candidates must be under the age 23 years on the 1st July 1911.

4. *Nationality, etc*—Every candidate must be a natural-born British subject. He must be unmarried, and if he marries before he reaches India he will forfeit his appointment. He must be of good physique, and must produce evidence of character to satisfy the Secretary of State for India in Council that he is suited for the Indian Forest Service.

5. *Qualifications.*—Preference will be given to candidates who can show that in addition to a good general education as described in the next paragraph they have passed with honours in a public examination for a degree in some branch of Natural Science held by a University in Great Britain or Ireland.

6. In case the number of duly qualified candidates who have taken such a degree is not sufficient to fill the number of appointments, the Secretary of State for India in Council will nominate candidates who bring evidence to show that they have received a good general education, and that they have a good knowledge of Chemistry and Mechanics and Physics as indicated in the appended Syllabus (Appendix I). A good general education should be understood to include, at the least, a fair knowledge of English Composition, Mathematics up to and including Plane Trigonometry, and either German or French. The production of school certificates granted by the examining authorities of Universities, or of certificates that a candidate has passed the Matriculation Examination of a University, in the subjects named, or of other certificates held by the Secretary of State in Council to be equivalent, will be taken to show that a candidate satisfies the requirements of this clause. Candidates of this class must not be less than 19 years of age on the 1st of July 1911.

Should there be more candidates considered by the Selection Committee to be qualified in every respect than vacancies to be filled, the Secretary of State reserves the right to require them to pass a competitive examination conducted by the Civil Service Commissioners, on the results of which their final selection would depend.

7. *Medical Examination.*—Those candidates who are selected as Probationers will be required to undergo a strict examination by a Medical Board at the India Office, at which particular stress will be laid on good vision and hearing (*see* Appendix V).

On passing this medical examination candidates will be deemed to be Probationers for the Indian Forest Service.

8. *Period of Probation.*—In the case of Probationers who have passed with Honours in Natural Science, as indicated in paragraph 5, the period of probation will extend over two years. In the case of students who have obtained a Diploma in Forestry the period may be two years or less, as may be specially arranged. The Probationers will be required to undergo a special course of study at Oxford, and to become members of the University, if not so already. During the vacations they will receive, under suitable supervision, practical

instruction in such British and Continental forests as may be selected for the purpose. Excursions are also made for purposes of study in term-time.

In the case of Probationers who have not passed with Honours in Natural Science, the period of probation will extend over about three years.

Probationers must obtain the Diploma of Forestry of the University of Oxford; those who have passed with Honours in Natural Science within two years, and the others within three years. The case of students who have already obtained at another University such a Diploma will be specially considered.

9. *Charges.*—The Probationers will be required to defray all expenses of lodging, board, tuition, and excursions, while at Oxford, and on practical instruction in Britain and on the Continent, with the exception of fees payable to local forest officers in Britain and on the Continent.

10. *Allowances.*—The Secretary of State for India in Council will pay to each Probationer possessing a degree in Natural Science, or a Diploma in Forestry, the sum of 120*l.* annually, or a total of 240*l.* (besides the fees to local officers mentioned above). These payments will be made on the following dates in each year:—

	£
On the 1st December	30
On the 1st March	30
On the 1st June	60

In the case of Probationers who have not passed with Honours in Natural Science or obtained a Diploma in Forestry before being appointed Probationers, the Secretary of State in Council will give the same total allowance of 240*l.* (in such instalments as may be required to meet the expenses of the practical work), and will defray (as above) the fees payable to local forest officers.

The grant of the allowances is subject to the following conditions:—

(*a*) that the progress of the Probationer in his studies is satisfactory;

(*b*) that the Probationer gives security to refund the payments in case he fails to join the Indian Forest Service at the end of the period of probation.

11. *Conduct.*—Every Probationer will be required to conduct himself during the period of probation in a manner satisfactory to the Secretary of State, and to give evidence of satisfactory progress in his studies in such a manner as may be required, failing which, or in the event of serious misconduct, he will be liable to have his name removed from the list of Probationers.

12. *Appointment and Seniority.*—Probationers who obtain the Diploma of Forestry, and are of sound constitution and free from physical defects which would render them unsuitable for employment in the Indian Forest Service, will be appointed Assistant Conservators in the Indian Forest Department. Their position in the provincial Forest List will be determined by the results of the examinations held during their probation; but in making selections for the post of Conservator, officers of the same year are reckoned as equal in seniority.

They will be allowed at the end of the period of probation to state their preference in respect to the Provinces to which they desire to be allotted; but the distribution will be made to the several Provinces according to the needs of the public service, at the discretion of the Secretary of State for India Officers are, however, at all times liable to be transferred from one Province to another at the pleasure of the Government of India.

13 *Riding.*—Every Probationer, before proceeding to India, will be required to satisfy the Secretary of State, in such manner as may be determined, of his ability to ride.

14. *Articles of Agreement.*—Within a month of his nomination as Assistant Conservator, each nominee must sign articles of agreement describing the terms and conditions of his appointment; he must embark for India when required to do so by the Secretary of State, and must engage his own passage. Failure to embark at the stated time will, in the absence of satisfactory explanation, lead to forfeiture of appointment.

15. *Salary.*—An Assistant Conservator of Forests will draw pay at the rate of Rs. 380 a month (equivalent to 304*l.* a year, when the rupee is at 1*s.* 4*d.*) from the date of his reporting his arrival in India.

16. *Promotion, Leave, Pension and Provident Fund.*—Promotion, leave, and pension will be governed by the Regulations laid down by the Government of India, and applicable to Forest officers, such regulations being subject to any modifications or alterations which may be made in them from time to time by the Government of India, and their interpretation in case of any doubt arising being left to that Government. A copy of the existing regulation can be seen on application at the India Office.

Certain information regarding appointments in the upper controlling staff of the Indian Forest Service, the pay of which has been recently improved, will be found in Appendix II; a summary of information regarding Leave is contained in Appendix III; and regarding Pensions and the Provident Fund in Appendix IV.

INDIA OFFICE,
November 1910.

APPENDIX I (*referred to in paragraph 6*).

SYLLABUS OF SPECIAL SUBJECTS FOR CANDIDATES WHO HAVE NOT PASSED WITH HONOURS IN A PUBLIC EXAMINATION IN NATURAL SCIENCE.

I.—CHEMISTRY.

The simpler chemical and physical properties of common substances, such as lime, salt, sugar, water, air.

The preparation (excluding details of technical processes) and properties of the following substances:—

The metals, tin, lead, iron, copper, zinc, magnesium, calcium, potassium, sodium; their simpler and more important compounds, especially such as occur naturally, and such compounds and alloys as are used in the Arts.

Hydrogen, oxygen, water, ozone, hydrogen-peroxide.

Nitrogen, ammonia, ammonium salts, nitrous oxide, nitric oxide, nitrogen peroxide, nitrates.

Carbon, carbon dioxide, carbonates, carbon monoxide.

Chlorine, bromine, iodine, chlorides, bromides, iodides, chlorates, hypochlorites.

Sulphur, sulphuretted hydrogen, sulphides, sulphur dioxide, sulphur trioxide, sulphites, sulphates.

Phosphorus, phosphoretted hydrogen, phosphorus trioxide, phosphorus pentoxide, orthophosphates, phosphorus trichloride, phosphorus pentachloride.

Silica.

The principles of chemical change; oxidation and reduction; combustion; flame. Allotropy. Methods of purifying bodies. Methods of determining the composition of air and of water Laws of chemical combination Diffusion of gases. The atomic and molecular hypotheses. The simpler methods of determining equivalents. General considerations used in determining molecular weights and atomic weights. Chemical notation.

Alcohol, ethane. and the simpler ethylic compounds, considered in detail as typical bodies. Methylic alcohol and methane. and benzylic alcohol and toluene, considered briefly as analogues of alcohol and ethane. Characters of primary normal alcohols in general, and of their corresponding hydro-carbons.

Acetic acid, aldehyd and the simpler acetic compounds, considered in detal as typical bodies. Benzoic acid and benz-aldehyd, and formic acid and form-aldehyd, considered briefly as analogues of acetic acid and aldehyd. Characters of normal mon-acids in general and of their corresponding aldehyds.

Oxalic acid and the simpler oxalic compounds. Characters of normal di-acids in general.

Processes (i) for the detection of carbon, hydrogen, nitrogen, sulphur in organic compounds; (ii) for the estimation of carbon, hydrogen, nitrogen in organic compounds; (iii) for the production and analysis of the silver-salts of organic acids and the platinum-salts of organic bases; (iv) for the determination of vapour densities by the V. Meyer method.

The determination of the formula of an organic compound.

PRACTICAL WORK.

The Practical Work should include—

Simple experiments and preparations illustrating the properties of the inorganic substances named above.

Simple quantitative experiments, such as, the determination of the loss of weight on heating a body, the determination of the volume of gas evolved on the solution of zinc in acid. The volumetric estimation of acids and alkalies.

The qualitative analysis of simple salts containing not more than one of the following metals, and one of the following acid radicals:—Sodium, potassium, ammonium, calcium, magnesium, zinc, copper, iron, lead, tin, oxide, carbonate, chloride, sulphate, nitrate, sulphide.

II.—MECHANICS AND PHYSICS.

Mechanics.

The principles of the lever, the inclined plane, the composition of forces, and virtual work, their experimental investigation and application to machines and other simple cases of equilibrium. Centre of gravity, couple, torque, velocity ratio, mechanical advantage, efficiency. Application to liquids and gases. Density. Boyle's law. Pump, siphon, barometer, manometer. Body moving in a straight line so that its velocity changes proportionally with the time. Body moving uniformly in a circle. Motion of pendulum-bob. Momentum, force, impulse of a force, energy, conservation of energy.

Heat.

Simple thermometry. Simple methods of determining latent heats; specific heats; expansion of gases, liquids and solids; vapour pressures. Change of state. Simple experiments on conduction, convection and radiation. Mechanical equivalent of heat.

Sound.

Direct determination of the velocity of sound in air and in water; the effect of change of temperature on the velocity of sound in air; mode of propagation of sound in air. Simple methods of determining the pitch of a note. Characteristics of musical sounds.

Light.

Laws of reflection and refraction. Simple methods of determining refractive indices, and the focal lengths of mirrors and lenses. The simplest form of the compound microscope and of the astronomical telescope. Dispersion the spectroscope, spectra of different kinds. Simple photometry. Elementary notions of the determination of the velocity of light.

Electricity and Magnetism.

Properties of electrified bodies. Methods of electrification. Electric induction. The gold leaf electroscope. Elementary quantitative notions of electrical quantity, capacity, potential, and specific inductive capacity. Condensers. Properties of magnets. Methods of magnetization. Magnetic induction. Simple methods of determining the declination and dip at a place and of comparing magnetic fields and moments. The construction of the batteries of Volta, Daniell, and Leclanché, and their theory The secondary battery. The physical and chemical action due to a current. Simple galvanometers, ammeters, and voltmeters. Measurement of current-strength, electromotive force and resistance. The production of currents by electro-magnetic induction. The broad principles of the induct.on-coil and dynamo.

PRACTICAL WORK.

Simple experiments illustrating the principles stated above.

APPENDIX II.

LIST OF APPOINTMENTS OPEN TO MEMBERS OF THE IMPERIAL BRANCH OF THE INDIAN FOREST SERVICE.

NOTE.—*This list is liable to alteration at any time.*

Appointment.	Salary.
	Rs.
1 Inspector-General of Forests	2,650 a month.
*1 Assistant Inspector-General of Forests ...	——
2 Chief Conservators (Burma and Central Provinces).	2,150 "
20 Conservators, in three grades	1,900 " } 1,700 " } respectively. 1,500 " }
183 Deputy and Assistant Conservators ...	† Rs. 380 a month, rising by annual increments of Rs. 40 a month to Rs. 700 a month; thereafter, by annual increments of Rs 50 a month, to Rs. 1,250 a month, in the twentieth year of service.
5 Foreign Service appointments ...	
‡6 Officers employed at the Forest Research Institute and College, Dehra Dun.	

The sanctioned appointments in the Imperial Forest Service are allotted to the various provinces as follows:—Burma, 60; Madras, 34; Bombay, 27; Central Provinces, 24; Bengal, 11; United Provinces, 19; Punjab 12 and Eastern Bengal and Assam, 18.

* The officer holding this appointment draws, in addition to the pay of his grade, a minimum local allowance of Rs. 200 a month.

† Until he has passed the prescribed Departmental examinations, an Assistant Conservator may not draw pay at a higher rate than Rs. 460 a month. On passing the examinations, he will resume drawing pay under the time scale at the rate to which his length of service entitles him.

‡ These draw a local allowance of Rs. 150 a month in addition to their grade pay, with the exception of the Principal of the College, in whose case the allowance is at the rate of Rs. 200 a month.

NOTE.—Under the improved scale of salary shown above, no Exchange Compensation Allowance is granted.

APPENDIX III.

(See paragraph 16 of the Regulations.)

LEAVE.

1. The following is a summary of the principal regulations relating to the leave admissible to officers appointed to the Indian Forest Service by the Secretary of State from the United Kingdom.

Long Leave.

2. Furlough and special leave with allowances (*see* paragraph 6) are admissible to an aggregate maximum amount of six years during an officer's service. The amount of furlough "earned" is one-fourth of an officer's active service, and the amount "due" is that amount less any enjoyed.

3. Furlough without medical certificate can, if due, be generally taken after eight years' active service, and again after intervals of not less than three years' continuous service. It is limited to two years at a time.

4. Furlough on medical certificate may be granted (*a*) to an officer who has rendered three years' continuous service, for not more than two years, but capable of extension up to three years; and (*b*) to an officer who has not rendered three years' continuous service, up to one year in any case, and up to such longer period, if any (but not exceeding two years in all), as the officer may have furlough "due" to him.

5. The allowances admissible during furlough are:—

(1) During the first two years of furlough without medical certificate and during so much of furlough with medical certificate as may be "due"—half average salary, subject to certain maximum and minimum limits.

(2) After the expiration of the period for which the foregoing allowances are admissible—one quarter of average salary, subject to certain maximum and minimum limits.

6. Special Leave may be granted at any time for not more than six months, with intervals of six years' service; allowances, calculated as during furlough, are given during the first six months only, whether taken in one or more instalments.

Short Leave.

7. Privilege Leave is a holiday which may be granted to the extent of one-eleventh part of the time that an officer has been on duty without interruption; and it may be accumulated up to three months earned by 33 months' duty. During privilege leave, the officer retains a lien on his appointment, and receives the salary which he would have received if on duty. An interval of not less than six months must elapse between two periods of absence on privilege leave.

Privilege leave may be prefixed to furlough, special leave, or extraordinary leave without allowances. The whole period of leave thus taken in combination is known as combined leave. Combined leave may not be granted for a period of less duration than six months, nor, except on medical certificate, may it be extended beyond two years.

8. Subsidiary Leave in India for a minimum of 10 days, usually with half average salary, is granted to an officer proceeding on or returning from leave out of India, or on retirement, to enable him to reach the port of embarkation or to rejoin his appointment. It is admissible only at the end and not at the beginning of combined leave.

9. Short Leave is also granted to enable officers to appear at examinations, etc.

10. Extraordinary Leave without allowances may be granted in case of necessity, and, except in certain specified cases, only when no other kind of leave is by rule admissible. It may be granted in continuation of other leave.

General Rules.

11. Leave of absence, whether on furlough or on privilege leave, can never be claimed as of right, and is given or refused at the discretion of Government.

12. After five years' continuous absence from duty, an officer is considered to be out of the employment of Government.

13. When leave allowances other than privilege leave pay are paid at the Home Treasury, or in a Colony where the standard of currency is gold, rupees are converted into sterling at the rate of exchange fixed for the time being for the adjustment of financial transactions between the Imperial and Indian Treasuries, unless any other rate has been exceptionally authorised. But for the present the rate of conversion is subject to a minimum of 1*s*. 6*d*. to the rupee. Privilege leave pay when issued from the Home Treasury (this is only admissible when privilege leave is combined with other leave) is converted at 1*s*. 4*d*. to the rupee.

APPENDIX IV.

(See paragraph 16 of the Regulations.)

PENSIONS AND PROVIDENT FUND.

1. The following is a summary of the principal pension rules applicable to officers of the Indian Forest Service appointed by the Secretary of State from the United Kingdom.

An officer of the Indian Forest Service is eligible for a pension on voluntary retirement after completing 20 years' qualifying service or attaining the age of 55 years. If at an earlier date he is compelled to retire from the service through ill-health, not occasioned by irregular or intemperate habits, he becomes eligible for an invalid pension or a gratuity according to the length of his service.

The amount of pension or gratuity is regulated as follows :—

After a service of less than 10 years, an invalid gratuity not exceeding one month's emoluments for each completed year of service.

After a service of not less than 10 years an invalid pension not exceeding the following amounts :—

Years of completed service.	Maximum limit of pension.
	Rs Rs.
10	1,000 a year or 83⅓ a month.
11	1,400 " " 116⅔ "
12	1,800 " " 150 "
13	2,200 " " 183⅓ "
14	2,600 " " 216⅔ "
15, 16, 17, 18, 19	3,000 " " 250 "

After a service of not less than 20 years, a retiring pension not exceeding the following amounts :—

Scale of pension.

Years of completed service.	Sixtieths of average emoluments.	Maximum limit of pension.
		Rs. Rs.
20 to 24 ...	30	4,000 a year or 333⅓ a month.
25 and above ...		5,000 " " 416⅔ "

Officers who have shown special energy and efficiency during an effective service of three years as Inspector-General of Forests or Conservator may, at the discretion of the Government of India, be allowed an additional pension of Rs. 1,000 a year, subject to the condition that the officer must not retire voluntarily before the completion of a total qualifying service of 28 years.

Subject to certain prescribed conditions, rupee pensions are now issued to pensioners residing in countries where the Indian rupee is not legal tender at the rate of exchange of 1*s*. 9*d*. the rupee.

2. A General Provident Fund has also been established on the following basis :—

(*a*) The contribution is compulsory up to 6¼ per cent. on salaries, with voluntary contributions of not more than a further 6¼ per cent. Subscriptions on leave of any kind are optional.

(*b*) Compound interest on such payments is annually credited by Government to each officer subscribing, the rate being at present 4 per cent. per annum.

(*c*) The sum which will thus accumulate to the credit of an officer to be his absolute property, to be handed over to him unconditionally on quitting the service; or, in the event of his death before retirement, to his legal representatives.

APPENDIX V.

GENERAL PHYSICAL REQUIREMENTS.

Note.—These Regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Secretary of State reserves to himself an absolute discretion to reject as unfit any candidate whom he may consider, after hearing the opinion of his medical advisers, to be physically disqualified for the public service; and that his discretion is in no respect limited by these Regulations.

1. A candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with efficient performance of duty.

2. In the examination of candidates the Medical Board will apply the following table of correlation of age, height, and chest girth:—

Age.	Height without shoes.	Chest. Girth when expanded.	Chest. Range of expansion.
	Inches.	Inches.	Inches.
19 to 20	62½ and under 65	35	2
	65 " 68	35	2
	68 " 70	35½	2
	70 " 72	36	2
	72 and upwards	36½	2½
21 and upwards	62½ and under 65	35	2
	65 " 68	35½	2
	68 " 70	36	2
	70 " 72	36½	2½
	72 and upwards	37	2½

3. *Measurement of Height.*—The candidate will be placed against the standard with his feet together, and the weight thrown on the heels, and not on the toes or outside of the foot. He will stand erect without rigidity, and with the heels, calves, buttocks, and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be noted in parts of an inch to eighths. No fixed limit of height is imposed.

4. *Measurement of Chest.*—The candidate will be made to stand erect with his feet together, and to raise his hands above his head. The tape will be carefully adjusted round the chest, the posterior upper edge touching the inferior angles of the shoulder-blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape is carefully gathered in during the process, and when the minimum measurement is reached it is recorded. The candidate will then be directed to inflate his chest to its utmost capacity. This maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and the maximum will then be recorded.

5. The hearing must be good.

6. The speech without impediment.

7. The teeth in good order, *i.e.*, decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth where necessary for effective mastication.

8. The chest must be well formed, the lungs and heart sound.

9. Rupture, hydrocele, varicocele, varicose veins in a severe degree, or other condition likely to cause inefficiency will disqualify a candidate, unless such condition is cured by operation.

10. The limbs, feet, and toes must be well formed and developed, with free and perfect motion of all the joints.

11. A candidate must have no congenital malformation or defect likely to interfere with efficiency.

12. A candidate must not be the subject of chronic skin disease.

13. Evidence of previous acute or chronic disease pointing to an impaired constitution will disqualify.

14. Candidates may, not more than two years before they are qualified to compete for an appointment, undergo a preliminary examination by the Medical Board, which meets at the India Office every Tuesday, under the following conditions:—

(a) Applications must be addressed to the Under-Secretary of State, India Office, Whitehall, London, accompanied by a fee of two guineas, and a statement of the candidate's age

(b) Candidates must pay their travelling expenses.

(c) Candidates considered to be unfit by the Medical Board at this preliminary examination are not bound to accept its opinion, but may, *at their own risk*, continue their studies, with the knowledge that they will have to submit themselves for a final medical examination by the Medical Board, prior to their apppointment.

(d) On the other hand, it must be distinctly understood that the preliminary examination by the Medical Board is held solely for the candidate's information, and that if after that examination he is reported to be apparently fit, he has not on that account any claim to be accepted as physically fit when he presents himself for the final Medical Examination, upon which alone his acceptance or rejection will depend. Candidates may be considered fit for the Service at the preliminary examination, but may be found at the final examination to be unfit, either on account of some physical defect which did not exist or passed undetected at the preliminary examination, or for other reasons.

REGULATIONS AS TO THE STANDARD OF VISION FOR THE INDIAN FOREST SERVICE.

1. If myopia in one or both eyes exists, a candidate may be passed, provided the ametropia does not exceed 2·5 D, and if with correcting glasses, not exceeding 2·5 D, the acuteness of vision in one eye equal [illegible] and in the other [illegible], there being normal range of accomodation with the glasses

2. Myopic astigmatism does not disqualify a candidate for service, provided the lens or the combined spherical and cylindrical lenses required to correct the error of refraction do not exceed—2·5 D; the acuteness of vision in one eye when corrected being equal to [illegible] and in other eye [illegible], together with normal range of accommodation with the correcting glasses, there being no evidence of progressive disease in the choroid or retina.

3 A candidate having total hypermetropia not exceeding 4 D is not disqualified provided the sight in one eye (when under the influence of atropine) equals [illegible] and in the other eye equals [illegible] with +4 D or any lower power.

4. Hypermetropic astigmatism does not disqualify a candidate for the service, provided the lens or combined lenses required to cover the error of refraction do not exceed 4 D, and that the sight of one eye equals [illegible] and of the other [illegible] with or without such lens or lenses.

5. A candidate having a defect of vision arising from nebula of the cornea is disqualified if the sight of one eye be less than $\frac{6}{12}$. In such a case the better eye must be emmetropic. Defects of vision arising from pathological or other changes in the deeper structures of either eye, which are not referred to in the above rules, may exclude a candidate for admission into the service.

6. Squint, or any morbid condition, subject to the risk of aggravation or recurrence, in either eye, may cause the rejection of a candidate. The existence of imperfection of colour sense will be noted on the candidate's papers.

RAILWAY DEPARTMENT.

Notification No. 9R.—The 20th February 1911.—In exercise of the power conferred by section 6 of the Bengal Tramways Act, 1883 (Bengal Act III of 1883), and on the application of Messrs. Martin & Co. of Calcutta, the Lieutenant-Governor in Council is pleased to direct that the following amendments be made in the order (published under Notification No. 9R., dated the 19th February 1909, at pages 261—267 of Part I of the *Calcutta Gazette* of the 24th February 1910), authorizing the construction of an extension of the Baraset-Basirhat Light Railway from Belliaghatta Bridge Station to Pattipukur, namely :—

(*1*) *After* clause 8 *insert* the following :—

Promoters authorized to use the road subject to limitation.

8A. The Promoters may use for the construction of the tramway, but not for the purposes of any building or erection connected therewith, one side of the 6th mile of the Calcutta-Jessore road over which a portion of the tramway is to run for a length of 3,503 feet on a width of 9 feet. They may also occupy (1) for a loop and dead end siding and for stacking coal, a further length of 975 feet on a width of 14 feet on the flank and slope

of the aforesaid Government road on the south of the line, (2) for storing ballast and other materials required for the construction and maintenance of the tramway, a portion of the road berm 60′ × 24′, and (3) for the Baraset-Basirhat Light Railway, Pattipukur station, a portion of the road berm 30′ × 15′:

Provided always that—

(i) there shall nowhere be a less width of road clear of the inner rail of the tramway than 14 feet;

(ii) if any addition to the existing width of the metalled surface of the road is rendered necessary in order to comply with the terms of this order, or if any addition to or alteration of any bridge or culvert is, in the opinion of the Government Engineer in charge of the road, rendered necessary by the tramway, the same shall be carried out by and at the cost of the Promoters to the satisfaction of the said Engineer;

(iii) at no point on the metalled road shall there be more than one line of rails; any loop lines, turn-outs or sidings that may be required must therefore be placed elsewhere than on the metalled portion of the road;

(iv) the metalling of the roadway shall not be interfered with more than is absolutely necessary for the proper construction of the tramway, and in all cases where such metalling has been so interfered with, it shall be repaired and made good with all reasonable promptitude by and at the cost of the Promoters to the satisfaction of the Government Engineer in charge of the road.

(2) *After* clause 21 *insert* the following :—

Maintenance of the portion of the road occupied by the Tramway Company.

21A. (1) The Promoters shall maintain and keep in repair the portion of the road on the side of which the tramway is laid to the satisfaction of the Government Engineer in charge of the road, so as not to interfere in any way with the efficient drainage of the road. Such portion shall include the width of the side of the road on which the tramway is laid from a point 4 feet outside the line of the tramway which is nearest to the centre of the road to the bottom of the slope of the embankment on that side of the road where the road is in embankment, or to the top of the slope of the cutting on that side where the road is in cutting, or, where there are buildings, to the point to be determined by the Government Engineer in charge of the road.

(2) The said portion of the road shall be ballasted by and at the cost of the Promoters who shall also at their own cost alter the position or level of the tramway and of the said portion of the road to suit future alterations in the road or such future alterations in the tramway as may be approved by the Local Government, and shall forthwith repair, make good and reinstate to the satisfaction of the said Government Engineer any other portion of the road which shall at any time be in any way damaged by reason of any fault of the Promoters or of any accident to or upon the tramway. The gutter or drain on the side of the road on which the tramway is laid shall likewise be maintained in efficient order by and at the cost of the Promoters.

(3) *After* clause 28 *insert* the following :—

Lopping trees.

28A. The Promoters shall not, without the consent in writing of the Government Engineer in charge of the road, cut down or lop any tree growing along or by the side of the road: provided that in case of emergency the Promoters may remove or lop the branches or any portion of a tree which projects or hangs in such a manner as to be a source of danger or impediment to the tramway traffic, and in such case they shall without loss of time report their action for confirmation by the said Government Engineer.

Use of excavated material.

28B. Any road metal or material excavated by the Promoters from the road in the construction or maintenance of the tramway may be applied by them in or towards reinstating the said road or towards completing any work thereon as required by this order.

Stacking of coal, ballast, etc.

28C. The Promoters may stack coal, ballast and other materials used in the construction or maintenance of the tramway within the limits of the road boundaries specified in clause 8A of this order, but the same shall be stacked in such a manner as in the opinion of the Government Engineer in charge of the road will not impede or endanger the traffic on the said road and will not in any way interfere with the efficient drainage of the road.

Unused portion of the road to be left free.

28D. The portion of the Government road which the Promoters are not authorized by or under this order to use for the purpose of this tramway shall be left free and unencumbered for ordinary traffic, and no obstruction whatever shall be placed thereon or caused thereto without the previous written consent, which may be revoked at will, of the Government Engineer in charge of the road.

Muzaffarpur.

No. 390M.—The 17th February 1911.—The Commissioners of the Darjeeling Municipality recommended, at a meeting held on the 9th August 1910—

Darjeeling.

(*a*) that two areas (hereinafter referred to as plots A and B), comprising 3·5 acres which are included within that municipality, and the boundaries of which are hereinafter described, should be excluded from the said municipality, and

(*b*) that another area (hereinafter referred to as plot C), comprising ·7625 acres, which is contiguous to the municipality, being a part of the reserved forest at Jorebungalow, and the boundaries of which are also hereinafter described, should be included within the said municipality, and

the Lieutenant-Governor in Council is pleased to declare his intention to give effect to those recommendations.

2. The boundaries of plots A and B are, respectively, as follows:—

Boundaries of Plot A.

Bounded on the north by the rivised boundary to be adopted, on the east by the Cart Road, on the south by the Jhora at the south of the Forest Bungalow, and on the west by the old limit which is a line 100 feet below the Cart Road and parallel to it.

Boundaries of Plot B.

Bounded on the north and east by the existing municipal limit which starts from the north-east corner of Harrington location and extends to the southern boundary of Burdwan land at a point 450 feet from the Cart Road; on the west by the southern boundary of Burdwan land to a point 71 feet from the Cart Road and south-west corner of Burdwan land thence by a straight line to a point of Rangirun Road 96 feet east of the south-west corner of Burdwan land; and on the south by Rangirun Road to a point opposite the north-east corner of Harrington location.

3. The boundaries of plot C are as follows:—

Bounded on the north by Bing Jhora; on the east by the existing municipal limit, which is a line starting from Bing Jhora, running parallel to the Cart Road 100 feet below that road, and joining with the proposed revised limit; and on the west by the proposed new line which is nearly parallel to the eastern boundary at a distance of about 50 feet west of that boundary, and is demarcated by cement pillars to the Bing Jhora.

4. The boundaries of the Darjeeling Municipality, after the exclusion therefrom of the said plots A and B and the inclusion therein of the said plot C, will be as follows:—

Commencing at the north-west corner of location 142, Low Garden, the western boundary of that location; thence a line from the south-west corner of Low Garden to the west angle of location 107 (North Gate); thence a straight line to the north-west corner of location 143 (Newria Ellia); thence the west boundaries of Newria Ellia and Malvern (No. 138); thence a straight line to the northern angle of 99 (Rose Bank) to a point about the middle of the tank; thence the northern boundary of 99; thence a straight line from the western angle of 99 to the north-western angle of the municipal grzing land; then along the Kahil Jhora (which divides Bloomfield and the Reserved Forest Tasiding Block) to the Cart Road; then along the Cart Road southwards to Batasia big turn; then along the north-west boundary of the municipal trenching ground to the north-west corner of Soom Tea Company's land; then along the western boundary of Soom land due south to Ghoompahar Road; and then along the southern and western boundary of the Tasiding Forest Block to the north-west corner of Mr. Craig's land (now included in Tasiding Block); then a straight line due south to the southern boundary of the Municipal Ghoom Forest; then a straight line along the southern boundary of Ghoom Forest to a point where it meets Bing Jhora, then along Bing Jhora to a round pillar 150 feet west of the western edge of the Cart Road; then a line approximately parallel to the Cart Road, but approaching that road towards the south and demarcated by cement pillars to a point on the Cart Road where the path to the Rangers' quarters branches off; then across the Cart Road and along the south boundary of Enfield location to its south-east corner; then along the eastern boundaries of Enfield, Graham's town and Harrington location to the Rangirun Road; then across the Rangirun Road and along its northern edge to a cement pillar 71 feet south of the south-west corner of Burdwan land; then a straight line to a point on Burdwan boundary 96 feet north of its south-west corner; then along Burdwan boundary to a point 450 feet east of the eastern edge of the Cart Road; then a line parallel to the Cart and Calcutta Roads and 450 feet east of them as far as the south-east angle of Chevremont location; thence the eastern boundaries of Chevremont, Rockville Cameron Hill and Khudside; thence a straight line

to a point 450 feet below the corner of the last turn on the Lebong Road to the east of the Bhutia Busti; thence a line parallel to the eastern and western Lebong Roads all around the spur and 450 feet out from it to the turn of the western Lebong Road at the north-east angle of Parbat Singh's location; thence a line parallel to the Birch Hill Road at a distance of 450 feet below it to the south east angle of location 43 (North Point); then along the eastern boundaries of North Point (43), Hope Hill (124), Frieberg (110), and Captain Masson's Fern Hill, to the north-east corner of Fern Hill; then the northern boundaries of Fern Hill and Low Garden.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth or the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

BRITISH POSSESSIONS.

Caution when approaching British Ports.

No. 51 (second publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 1 of 1911), are republished:—

PART I.

Closing of Ports.

(1) My Lords Commissioners of the Admiralty, having taken into consideration the fact that local or other circumstances may arise in which it may be necessary, on account of periodical exercises, manœuvres, or otherwise, to forbid all entrance to certain ports of the Empire, this is to give Notice that on approaching the shores of the United Kingdom, or any of the ports or localities of the British Empire, referred to in Part III of this Notice, a sharp look-out should be kept for the signals described in the following paragraph, and for the vessels mentioned in paragraph (2), Part II, of this Notice, and the distinguishing and other signals made by them. In the event of such signals being displayed, the port or locality should be approached with great caution, as it may be apprehended that obstructions may exist.

(2) If entrance to a port is prohibited, three *red* vertical lights by night, or three *red* balls by day, will be exhibited in some conspicuous position, in or near to its approach, which signals will also be shown by the vessels indicated in paragraph (2), Part II, of this Notice.

If these signals are displayed, vessels must either proceed to the position marked "Examination Anchorage" on the Admiralty chart and anchor there, or keep the sea.

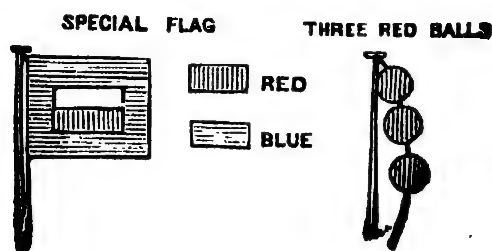
(3) At all the ports or localities at home or abroad referred to in Part III of this Notice, search lights are occasionally exhibited for exercise.

Instructions have been given to avoid directing moveable search-lights during practice on to vessels under way, but mariners are warned that great care should be taken to keep a

sharp look-out for the signals indicated in paragraph (2) above, when search-lights are observed to be working.

PART II.

Examination Service.



(1) Under certain circumstances it may become necessary to take special measures to examine vessels desiring to enter the ports or localities at home or abroad, referred to in Part III of this Notice.

(2) In such case, vessels carrying the distinguishing flags or lights mentioned in paragraph (4) will be charged with the duty of examining ships which desire to enter the ports and of allotting positions in which they shall anchor.

(3) As the institution of the Examination Service at any port will never be publicly advertised, especial care should be taken in approaching the ports, by day or night, to keep a sharp look-out for any vessel carrying the flags or lights mentioned in paragraph (4), and to be ready to "bring to" at once when hailed by her or warned by the firing of a gun.

(4) By day the distinguishing flags of the Examination Steamer will be a special flag (white and red horizontal surrounded by a blue border) and a blue ensign.

Also, three red vertical balls if the port is closed.

By night the steamer will carry—

(a) Three *red* vertical lights if the port is closed.
(b) Three *white* vertical lights if the port is open.

The above lights will be carried in addition to the ordinary navigation lights, and will show an unbroken light around the horizon.

(5) Masters are warned that, before attempting to enter any of these ports when the Examination Service is in force, they must in their own interests strictly obey all instructions as to entry given to them by the Examination Steamer. In the absence of any instructions from the Examination Steamer they must proceed to the position marked "Examination Anchorage" on the Admiralty Charts and anchor there, or keep the sea.

(6) In case of fog, Masters of vessels are enjoined to use the utmost care, and the Examination Anchorage itself should be approached with caution.

(7) The pilots attached to the ports will be acquainted with the regulations to be followed.

DEPARTMENT OF AGRICULTURE, BENGAL.

FOURTH REPORT ON THE COTTON CROPS OF BENGAL, 1910-11.

(On an average of the five years ending 1908-09 the area under the cotton crop in the territory to which this forecast relates represents about 0·3 per cent. of the total area under cotton in India.)

Explanatory.—This is the final report on the cotton crops of Bengal for the year 1910-11. It deals with the revised estimates of the area and outturn of the crops since the issue of the third report in December.

Character of the season.—The season was favourable for the early variety of the crop. In the Sonthal Parganas, which occupies about one-third of the total area under this crop, good weather conditions prevailed throughout and a good outturn is expected. The season has been less favourable for the late cotton, as in the important districts of Saran and Muzaffarpur the crop was somewhat damaged by excessive rain and floods. In other late cotton districts the crop is reported to be fairly good.

Area sown.—The area sown with the early variety is estimated at 34,998 acres against 33,379 acres last year, and that sown with the late variety is reported as 33,388 acres against 33,286 acres estimated last year.

Outturn.—The estimated outturn of early cotton amounts to 7,306 bales and that of late cotton to 10,426 bales. Last year's estimates were 6,992 and 9,658 bales respectively.

Adding to this year's estimates 5 per cent. for the cotton crop grown in the Native States for which no statistics are recorded, the total early and late crop is estimated at 7,671 and 10,947 bales respectively. The total outturn of the cotton crops (both early and late) for the province as a whole works out to 18,618 bales against 17,377 bales last year.

REPORT ON THE STATE OF THE SALT MARKET FOR THE THIRD QUARTER OF THE YEAR 1910-11.

No. 631B., dated Calcutta, the 9th February 1911.

From—H. L. STEPHENSON, ESQ., I.C.S., Secretary to the Board of Revenue, L. P., Misc. Revenue Department,

To—The Secretary to the Government of Bengal, Financial Department.

Member in charge:
THE HON'BLE MR. W. C. MACPHERSON, C.S.I.

I AM directed to submit the following report on the state of the salt market for the third quarter of the year 1910-11, comprising the months of October, November and December 1910.

2. The quantity of salt of every description cleared during the quarter amounted to 2,944,191 maunds (including 1,007,738 maunds issued under the credit system), as compared with 2,731,984 maunds (including 724,467 maunds issued under the credit system) in the previous quarter, and 2,698,168 maunds in the corresponding quarter of the previous year. The net amount of duty levied was Rs. 16,92,244 (excluding Rs. 1,99,174 adjusted under the credit system), as against Rs. 18,13,532 (excluding Rs. 1,27,797 adjusted under the credit system) in the previous quarter, and Rs. 24,26,247 in the corresponding quarter of the previous year.

3. The subjoined Table I shows in detail the importations into the port of Calcutta and the total clearances of sea-imported salt during the quarter, as compared with the figures of the corresponding quarters of the two previous years:—

(a) Inclusive of 1,007,738 maunds of salt issued under the credit system. Besides this quantity, 2,670 maunds of salt issued under the credit system to inland bonded warehouses at Jhalakati in Backergunge in the Province of Eastern Bengal and Assam.

Compared with the corresponding quarter of the previous year, imports were greater by ·6 per cent., but as compared with the same quarter of 1908-09, they were less by 29·06 per cent.; the corresponding figures for clearances are respectively 9·1 per cent., and 10·6 per cent., greater. As compared with the corresponding period of the previous year, the increased imports from Hamburg and Bremen, Port Said, Salif and Aden and

the decreased imports from the United Kingdom and Bombay are specially noticeable. It is also noticeable that there were no imports of Spanish salt into the port of Calcutta during the quarter.

4. Table II shows the quantity of sea-imported salt remaining in the warehouses at the close of the quarter, as compared with the preceding four quarters:—

DECLARATION.

No. 1325.—The 27th February 1911.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for the Northern Alignment of the Sijua Siding off the Katrasgarh Branch of the East Indian Railway, and whereas coal mines are situate under the said land, and whereas the Reliance Coal Company, Limited, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work seam No. 15, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Reliance Coal Company, Limited, have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Manbhum.

Now, therefore, the Lieutenant-Governor of Bengal in Council is pleased to declare, under section 5, sub-section (2), clause (b) of the abovementioned Act, XVIII of 1885, that the working shall be carried on by the said Reliance Coal Company, Limited, in the manner and subject to the restrictions below specified, viz.:—

(a) Galleries may be driven in both sections of the seam not more than 10 feet wide and the full height of the section of the seam with centres not more than 60 feet apart.

(b) Manholes not exceeding 6 feet in height and 3 feet in width by 4 feet in depth may be made where required by any rule made under the Indian Mines Act, 1901.

(c) Any inrush of water, quicksand or soft material shall be reported to the Chief Inspector of Mines without delay.

(d) The above restrictions apply to No. 15 seam only and to the area edged with pink on the plan, and the Reliance Coal Company, Limited, shall give notice, under section 4 of the Land Acquisition (Mines) Act, 1885, of their intention to work any other seam under the above area or to work coal under any other area of acquired land.

And that in all the above cases no further excavation shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L. A. M. A. No. 84C, signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

No. 471M.—The 27th February 1911.—The following proposed plan for lighting portions of the Maniktala Municipality with gas, which has been submitted by the Commissioners of that Municipality to the Government of Bengal for sanction under section 308 of the Bengal Municipal Act, 1884 (Ben. Act III of 1884), is published for the information of persons likely to be affected thereby:—

24-Parganas.

The proposed plan will be taken into consideration on the 1st April 1911, and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

Proposed plan.

1. The portions of the Municipality which it is proposed to light with gas lie within the following boundaries:—

Boundaries of plot A.

North—From the municipal holding No. 5-17, Canal East Road towards east up to municipal holding No 56, Ultadanga Main Road.
South—From the municipal holding No. 9, Canal East Road towards east up to municipal holding No. 105-23 Ultadanga Main Road.
East—From municipal holding No. 56, Ultadanga Main Road towards south up to municipal holding No. 105-23, Ultadanga Main Road.
West—From municipal holding No. 5-17, Canal East Road towards south up to municipal holding No. 9, Canal East Road.

Boundaries of plot B.

North—From municipal holding No. 42-40, Canal East Road towards east up to municipal holding No. 27-7, Maniktala Main Road.
South—From municipal holding No. 44, Canal East Road towards east up to municipal holding No. 133-29, Maniktala Main Road
East—From municipal holding No. 27-7, Maniktala Main Road towards south up to municipal holding No. 133 29, Maniktala Main Road.
West—From municipal holding No. 42-40, Canal East Road towards south up to municipal holding No 44, Canal East Road.

2. Twenty-eight gas lamps will be installed within the above portions of the Maniktala Municipality, viz., nineteen gas lamps on the Ultadanga Main Road up to its junction with Ramkanta Sen's Lane, and the remaining gas lamps on the Maniktala Main Road up to its junction with the North Narcaldanga Road. It is estimated that the total cost for the installation will be Rs. 1,540 and that the cost of maintenance and lighting will be Rs. 1,596 annually. The Municipal Commissioners have not entered into an agreement with any Company f r the supply of gas.

3. The Municipal Commissioners propose to meet the charge to be incurred on account of lighting the aforesaid areas by imposing an annual lighting rate of 3 per cent. on the annual value of holdings within the areas to be lighted as defined in paragraph 1 of this Notification. The income to be derived from the lighting-tax of the aforesaid areas is estimated to be Rs. 1,847 per annum.

24-Parganas.

No. 478M.—The 28th February 1911.—It is hereby notified that, under section 27 of the Bengal Municipal Act, III of 1884, the Lieutenant-Governor in Council is pleased to appoint Mr. D. F. Bremer to be the Chairman of the Halishahar Municipality, in the district of 24-Parganas, *vice* Mr. D. L. McPherson, resigned.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of Hooghly will be put up to sale at the Hooghly Collectorate on the 24th March 1911, corresponding to 10th Chaitra 1317 B.S.

The purchaser will be subject to the following conditions of sale:—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price which will be fixed by the Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.

2nd.—The sale is to be subject to the existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid at once.

4th.—If the amount of purchase-money exceed Rs. 100, the one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,

or

the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

QUESTIONS AND ANSWERS.

The Hon'ble BABU BRAJA KISHOR PRASAD withdrew the following question of which he had given notice—

I.—(a) Is the Government aware that the promotions and confirmations of several members of the Provincial Judicial Service have not been published in the Gazette for about a year?

(b) Is there any special reason for this delay?

(c) If so, what is the reason?

TRANSFER OF SUBORDINATE JUDGES AND MUNSIFS FROM EASTERN BENGAL AND ASSAM TO BENGAL.

The Hon'ble BABU BRAJA KISHOR PRASAD asked:—

II.—(a) Will the Government be pleased to state whether it has any intention of taking Subordinate Judges and senior Munsifs from the Province of Eastern Bengal and Assam to fill up some of the present vacancies in this Province?

(b) If so, does the Government intend to place the services of a corresponding number of officers of corresponding grades of this Province at the disposal of the Government of Eastern Bengal and Assam?

The Hon'ble MR. CHAPMAN replied:—

(a) "Two Subordinate Judges have been transferred from Eastern Bengal and Assam to fill vacancies in this Province.

(b) The Government does not intend to place a corresponding number of officers of this Province at the disposal of the Government of Eastern Bengal and Assam."

The Hon'ble BABU BRAJA KISHOR PRASAD asked:—

III.—Having regard to the fact that a special grade of Rs. 500 has been created in the Judicial Service of the new Province, will the Government be pleased to consider that the transfer of Subordinate Judges and senior Munsifs from that Province would delay the promotion of the members of the Judicial Service in this Province and would cause great hardship to them?

The Hon'ble MR. CHAPMAN replied:—

"Before consenting to the transfer of Subordinate Judges from Eastern Bengal and Assam, the Government carefully considered the interests of the members of the Judicial Service of this Province."

PENSIONS OF JUDICIAL OFFICERS IN THE PROVINCIAL SERVICE.

The Hon'ble BABU BRAJA KISHOR PRASAD asked:—

IV.—(a) Will the Government be pleased to state whether a superannuation or an invalid pension, granted to a Judicial officer in the Provincial Service in Bengal, is liable to reduction if his substantive and permanent appointment begins after he has attained the age of 30 years?

(b) Will the Government be pleased to state whether persons appointed to a Judicial office in the Provincial Service in Madras are exempted from any such rule?

(c) Will the Government be pleased to state whether it is not a fact that Judicial officers in Bengal who are recruited from the Bar are mostly made permanent after they have attained the age of 30 years, like the same class of officers in Madras?

(*d*) Will the Government be pleased to state whether it intends to take steps to exempt the Subordinate Judicial officers of Bengal from the operation of the said rule?

(*e*) If not, will the Government be pleased to state its reasons?

The Hon'ble MR. CHAPMAN replied:—

(*a*) "The answer is in the affirmative.

(*b*) This Government has no information at present, but will inquire.

(*c*) Somewhat over fifty per cent. of the Judicial Officers in Bengal recruited from the Bar attain the age of 30 years before they obtain permanent appointments. This Government has no information to enable a reply to be given to the portion of the question relating to the Presidency of Madras.

(*d*) & (*e*) This Government will consider whether the Government of India should be moved to make the exemption proposed."

APPOINTMENT OF MUSSALMAN SUB-INSPECTORS OF POLICE.

The Hon'ble DR. ABDULLAH-AL-MAMUN SUHRAWARDY asked:—

V.—Will the Government be pleased to state—

(*i*) the number of duly qualified Mussalman candidates for appointment as Sub-Inspector of Police who have been recommended, during the last five years, by the various District Committees in the Burdwan, Presidency and Orissa Divisions;

(*ii*) the number of appointments actually given to such Mussalman candidates by the Inspector-General of Police at the final selection during that period; and

(*iii*) the proportion which these appointments bear to the total number of appointments?

The Hon'ble MR. STEVENSON-MOORE replied:—

"The figures for the year 1906 are not available, the records having been destroyed in accordance with the rules. The information required by the Hon'ble Member for the years 1907, 1908, 1909 and 1910 is as follows:—

(*i*) The number of duly qualified Mussalman candidates for appointment as Sub-Inspector of Police who have been recommended, during the last four years, by the various District Committees in the Burdwan, Presidency and Orissa Divisions is 71.

(*ii*) The number of appointments actually given to such Mussalman candidates by the Inspector-General of Police at the final selection during that period is 47.

(*iii*) The proportion of appointments of Mussalmans to the total number of appointments is 23·5 per cent."

The Hon'ble DR. ABDULLAH-AL-MAMUN SUHRAWARDY asked:—

VI.—Will the Government be pleased to state the number of Mussalman candidates recommended by the District Committee of Howrah during the last seven years for appointment as Sub-Inspector of Police and the number of candidates actually appointed by the Inspector-General of Police during that period?

The Hon'ble MR. STEVENSON-MOORE replied:—

"The number of Mussalman candidates recommended by the District Committee of Howrah in the years 1904, 1905, 1906 is not known, the papers having been destroyed according to rule. In the four years 1907–1910 the number of Mussalman candidates recommended by the District Committee was 4 (of whom 2 were not qualified under the rules).

In the seven years 1904 to 1910 the number of such candidates actually appointed was 3, 1 in 1906 and 2 in 1907."

SUB-DEPUTY COLLECTORS.

The Hon'ble DR. ABDULLAH-AL-MAMUN SUHRAWARDY asked :—

VII.—(a) Has the attention of the Government been drawn to a paragraph which appeared in the editorial columns of the *Bengalee* of 15th October, 1910, headed "Sub-Deputy Collectors"?

(b) Will the Government be pleased to state why Sub-Deputy Collectors, on promotion to the rank of Deputy Collectors, are styled Probationary Deputy Collectors?

(c) Is it not the fact that Sub-Deputy Collectors, on first appointment as Probationers, have to undergo a course of training and to pass departmental examinations which are the same as for Probationary Deputy Collectors?

(d) Are these Probationary Deputy Collectors (as promoted Sub-Deputy Collectors are now called) again subjected to a training which they had already undergone?

(e) If not, what is the object of calling them Probationers?

(f) Is the Government aware that, in the province of Eastern Bengal and Assam, Sub-Deputy Collectors on promotion are given sub. *pro tem.* appointments as Deputy Collectors of the last grade?

(g) Is it not the case that up till 1906 Sub-Deputy Collectors on promotion were appointed sub. *pro tem.* to the last grade of Deputy Collectors?

(h) What has been the average duration of the probationary period for promoted Sub-Deputy Collectors for the last three years?

The Hon'ble MR. STEVENSON-MOORE replied :—

(a) "The answer is in the affirmative.

(b) The Provincial Civil Service is a distinct service from the Subordinate Civil Service, and is used to fill posts which require higher abilities and higher qualifications. Sub-Deputy Collectors, on promotion to the Provincial Civil Service, are required by the rules to undergo a period of probation. Since probationers, recruited direct, must necessarily be subjected to this test and since all probationers previously enrolled must be furnished with appointments before provision is made for any newly appointed, it follows that the only alternatives open to Government are to appoint Sub-Deputy Collectors on probation, as now, or to refrain from promoting them until vacancies occur. Government recognises that the probationary period has, in some occasions, been unduly prolonged, and it is hoped that when the rules of appointment come under revision in 1912, some remedy will be found for this defect.

(c) The answer is in the affirmative.

(d) The answer is in the negative.

(e) The Hon'ble Member is referred to the answer to question (b) above.

(f) Government has no official information on the subject.

(g) Prior to 1905 Sub-Deputy Collectors on promotion were appointed sub. *pro tem.* to the last grade of Deputy Collectors. The present system was introduced in 1905, and has been in force ever since, except in 1906, when for exceptional reasons a departure was made from it. The appointment rules will be liable to revision in 1912, and the question, whether promoted Sub-Deputy Collectors should still undergo a period of probation, will then be considered.

(h) None of the officers appointed in 1909 have yet been provided with sub. *pro tem.* appointments. The average duration of the period of probation of those appointed in 1907 and 1908 was one year and five months."

RE-SURVEY OF ESTATES IN BIHAR.

The Hon'ble MAHARAJ-KUMAR GOPAL SARAN NARAYAN SINGH asked :—

VIII.—(a) Will the Government be pleased to state whether there is any truth in the rumour that it is proposed to re-survey the estates in Bihar that have already been surveyed ?

(b) If so, what arrangement is to be made for the cost of the second survey, and will such arrangement allow for the cost paid by the proprietors of the estates at the time of the first survey ?

The Hon'ble MR. CUMMING replied:—

(a) "It is in contemplation to bring the record of rights in the Bihar districts up to date on the expiry of fifteen years from the final publication of the original record, and to commence operations, by October 1912, in areas in respect of which fifteen years or more have elapsed since the existing records were framed.

(b) It is not at present possible to anticipate what orders will finally be passed on the subject of the recovery of the costs of the operations."

TRANSFER OF SUBORDINATE JUDGES FROM EASTERN BENGAL AND ASSAM TO BENGAL, AND IMPROVEMENT OF THE STATUS AND PROSPECTS OF THE SUBORDINATE JUDICIAL SERVICE.

The Hon'ble BABU DEBA PRASAD SARBADHIKARI asked :—

IX.—(a) Has the attention of the Government been called to the statement in the *Bengalee*, dated the 4th January, 1911 (page 6, column 6, under heading "Noakhali Notes—From our own correspondent, Noakhali," dated 29th December), to the effect that Babu Jogendra Nath Bose, Subordinate Judge, has been transferred to Midnapore ?

(b) Will the Government be pleased to state whether that statement is correct or not ?

(c) If the statement is correct, would it please the Government to state the circumstances under which, and the reason for which, a member of the Eastern Bengal and Assam Subordinate Judicial Service came to be appointed as a member of the Bengal Service ?

(d) Would it also please the Government to state whether, since the separation of the Eastern Bengal and Assam *cadre* of the Subordinate Judicial Service from that of Bengal, any other members of the former have been appointed members of the latter service; and, if so, would the Government please state the number of such appointments, the time when they were made, and the circumstances under which, and reasons for which, such appointments were made ?

(e) Is it the intention of the Government to continue to make such appointments in the future, and, if not, what steps are proposed to be taken for preventing them ?

(f) Would it please the Government to state what steps are being taken for improving the status and prospects of the members of the Subordinate Judicial Service on the lines raised in the Council, in the Press, and generally ?

" He said—The qustions need not be answered except in so far as they had not already been answered in replying to questions II and III put by the Hon'ble Babu Braja Kishor Prasad.

The Hon'ble MR. CHAPMAN replied as follows:—

(c) The Subordinate Judicial Service was divided in January, 1909, into two *cadres*—one for Eastern Bengal and the other for this province. The two *cadres* were not, however, prepared with strict regard to the relative

seniority of the officers in each and a considerable excess of senior officers remained in this province. It was decided that, after the separation, officers should be transferred from one province to the other only in exceptional cases, in order to remedy serious inequality in the rate of promotion to the grade of Subordinate Judge. The proportion of officers in that grade in Eastern Bengal is considerably, smaller than the proportion in this province, and, both owing to this cause and to the higher average seniority of the officers in this province, vacancies here have been more numerous, and the flow of promotion has been more rapid. In August, 1910, there were six vacancies in the grade of Subordinate Judge in this province, as compared with two only in Eastern Bengal and Assam. The High Court accordingly recommended the transfer of three senior officers to Bengal. This Government, after careful consideration of the interests of the Subordinate Judicial Service of Bengal, agreed to the transfer of two Subordinate Judges (one of them is Babu Jogendra Nath Bose) from Eastern Bengal and Assam, subject to the condition that replacement should be made if inequality in the rate of promotion adverse to Bengal occurred in the future.

(*d*) Since the separation of the Eastern Bengal and Assam *cadre* of the Subordinate Judicial Service, one other Subordinate Judge has, on the recommendation of the High Court, been transferred to Bengal. This was in May, 1910. The reasons for this transfer were similar to those stated in reply to question (*c*). In the result the officers of this province are not in any worse position than they would have been if no separation of the *cadre* had been effected.

(*e*) The Government has no intention at present to continue to make such appointments, but can give no undertaking other than that the interests of the members of the Provincial Judicial Service in this province will be very carefully considered before further transfers of Subordinate Judges from Eastern Bengal and Assam are consented to.

(*f*) The Hon'ble Member is referred to the statement made by the Hon'ble Mr. Gourlay in Council on the 30th August, 1910, in reply to the resolution which he moved on the subject. No further steps are being taken at present."

STUDY-LEAVE FOR ASSISTANT SURGEONS.

The Hon'ble BABU DEBA PRASAD SARBADHIKARI asked:—

X.—(*a*) Has the attention of the Government been called to an editorial paragraph in the *Bengalee* of the 31st January, 1911 (page 5, column 3), to the effect that Dr. Joti Lal Sen, M. B., late Demonstrator of Biology, Calcutta Medical College, who has recently passed the I. M. S. examination in England, had applied to Government for Study Leave for studying in England and was refused such leave, whereupon he resigned his appointment and had to pay a penalty of Rs. 500?

(*b*) Would it please the Government to state whether the facts are substantially correct, and, if so, would it also please the Government to state when Dr. Joti Lal Sen applied for and was refused such leave, and when he resigned his appointment?

(*c*) Would it please the Government to make known the reasons for such refusal, and whether there were no circumstances under which the penalty could have been remitted or the leave granted?

(*d*) Would it please the Government to state whether there was any difficulty or delay in granting Dr. Joti Lal Sen the departmental certificate necessary to be produced before he could be admitted to the I. M. S. examination, and, if so, what the causes of such delay were?

(*e*) Would it please the Government to state whether any other applications have been made by Assistant Surgeons for such Study Leave, and how they have been dealt with?

(*f*) Is it intended to reconsider the question of Study Leave and of leave in general to officers desiring to proceed to England for study, and is it in contemplation to revise the rules regarding the same?

(*g*) Do the Government intend to consider whether the penalty in cases of *bonâ fide* applications for Study Leave may not be remitted, when the Government does not see its way to granting such leave and the applicants are obliged to resign their appointments in consequence?

The Hon'ble MR. WHEELER replied:—

(*a*) "The Local Government has seen the paragraph in the *Bengalee* newspaper referred to.

(*b*) The facts stated are substantially correct, with the exception that it is inaccurate to speak of Study Leave as a form of leave which is recognised in the case of officers of the class of Civil Assistant Surgeons. Babu Joti Lall Sen, after a service under Government of two years and one month, applied on the 22nd August, 1910, for two years' leave with effect from the 1st September or any subsequent date. The leave was refused on the 5th September, and he resigned on the 22nd September with effect from the 1st October.

(*c*) The leave was refused for the reason that Babu Joti Lall Sen was admitted to Government service with the intention that he should be employed as a Civil Assistant Surgeon. As such he had only worked for two years, and it is unusual, and unfair to others in any Government service, to give long leave after so short a period of duty. Moreover, during these two years Babu Joti Lall Sen had worked as Demonstrator in the Biological Department of the Medical College, Calcutta, which incidentally constitutes a valuable training at the public expense. Upon entering the service, Civil Assistant Surgeons execute an agreement binding themselves to serve Government as such for five years, under a penalty of Rs. 500 in default. Since Babu Joti Lall Sen failed to comply with the conditions of this bond the penalty was rightly exacted, and there were no special circumstances justifying its remission.

(*d*) Babu Joti Lall Sen applied for the departmental certificate required by a candidate for the I. M. S., together with his request for leave. As his leave was refused, it was understood that the certificate was not required, and he did not repeat his application when tendering his resignation. His father asked for the certificate on his behalf on the 19th December, 1910, and the application was forwarded to the Director-General on the 20th December.

(*e*) Within the last six years there have been nine cases in which leave has been asked for by Civil Assistant Surgeons, apparently with the intention of studying in England. In one instance, the officer concerned had over 11 years' service at the time of application, in another, nearly four years, in four, between two and three years, and in three cases, less than two years. Leave was granted in five instances and refused in four.

(*f*) As already stated, Study Leave is not at present recognised in the case of Civil Assistant Surgeons, and there is no present intention of considering its introduction, or the revision of the leave rules generally. It has been decided that applications for long leave, without pay, will not ordinarily be granted in the case of Civil Assistant Surgeons of less than five years' service. Other cases will be judged upon their merits.

(*g*) Government has no such intention."

IMPROVEMENT OF THE PROSPECTS OF ASSISTANT SURGEONS.

The Hon'ble BABU DEBA PRASAD SARBADHIKARI asked:—

XI.—(*a*) Would it please the Government to state what has been done regarding the improvement of the prospects of Assistant Surgeons since the recent sanction towards such improvement, and when the sanctioned proposals for improvement will be given effect to?

(*b*) Is it in contemplation to fully exempt Demonstrators and Assistant Professors in the Medical College and Medical Schools, Assistant Surgeons in the Chemical Examiner's Department, and such other Medical Officers as are in touch with educational work, from the Septennial examination; and is it intended to revise the rules about compelling officers to submit to such examination?

(*c*) Has the question of allowances to Assistant Surgeons in the Chemical Examiner's Department been disposed of, and, if so, how?

(*d*) Would it please the Government to state how many Assistant Surgeons have been promoted to Civil Surgeoncies, and how many more are proposed to be so promoted?

The Hon'ble MR. WHEELER replied:—

(*a*) "The question of the improvement of the prospects of the service of Civil Assistant Surgeons is awaiting the orders of the Government of India and the Secretary of State.

(*b*) No case has as yet been made out for a general revision of the rules governing the septennial examinations of Civil Assistant Surgeons. It has been decided that Demonstrators need not ordinarily be exempted from the liability to appear at these examinations, but no case of the exemption of an Assistant Professor has as yet been submitted to Government for orders. The case of Assistant Surgeons in the Chemical Examiner's Department is governed by Government of India Resolution No. 3—10, dated the 6th January, 1904, and it has not so far been shown that any modification of these orders is required.

(*c*) The Government of India has sanctioned a scale of allowances for Assistant Surgeons in the Chemical Examiner's Department of Rs. 50 rising by biennial increments of Rs. 10 to Rs. 150, subject to the condition that these officers are debarred from private practice and the medical charge of hostels. It has been left optional with the present Assistant Surgeons to accept these terms or not. Three Assistant Surgeons have agreed to these conditions, and orders have issued admitting them to the benefits of the scheme.

(*d*) On the 1st February, 1911, two Assistant Surgeons held permanent appointments as Civil Surgeons, and two were officiating in such posts. It is contemplated that seven Civil Surgeoncies will eventually be given to Civil Assistant Surgeons, but as such promotion depends partly upon the retirement of officers of the Uncovenanted Medical Service, no statement can be made as to when these posts will be thus allotted."

The Hon'ble MAULVI SAIYID MUHAMMAD FAKR-UD-DIN withdrew the following question of which he had given notice:—

XII.—(*a*) Will the Government be pleased to state whether it is likely that the provision in the current year's Budget for the improvement of the prospects of Civil Assistant Surgeons will be utilized for that purpose?

(*b*) Out of four Civil Surgeoncies allotted to the Civil Assistant Surgeons in Bengal, only one has so far been given to them. Will the Government be pleased to state when the remaining three Civil Surgeoncies will be given to them?

PROVINCIAL EDUCATIONAL SERVICE.

The Hon'ble BABU DEBA PRASAD SARBADHIKARI asked:—

XIII.—(*a*) Would the Government be pleased to state (*i*) how many posts are vacant in the different grades of the Provincial Educational Service, (*ii*) how long they have been vacant, (*iii*) for what reasons, and (*iv*) when it is intended to fill them up?

(*b*) Would it please the Government to make a similar statement regarding the Lower or Subordinate Educational Service?

(c) Would the Government be pleased to state whether they have under consideration any proposal to give suitable acting allowances to such members of the Provincial and Subordinate Services as are intended to be promoted to the higher services or to higher appointments in the same service?

The Hon'ble MR. CUMMING replied:—

(a) (i) "There are twelve vacancies in the Provincial Educational Service.

(a) (ii) and (iii) Seven of these vacancies have come into existence since 6th October, 1910; the remaining five vacancies are held in reserve for members of the superior inspecting agency, and have never yet been filled. The seven vacancies referred to above are awaiting departmental proposals for promotions in the service. The remainder cannot be filled until after the new officers of the inspecting staff have completed five years' service with effect from the dates of their appointment in 1907.

(a) (iv) Proposals for promotions to the seven vacancies in the Provincial Educational Service are expected this month. No proposals in respect of the five remaining vacancies are anticipated before 1912.

(b) There are 47 vacancies in the Subordinate Educational Service to be filled by ordinary grade promotions. They have come into existence since December, 1909, the delay being due to the preparation of detailed proposals for the inclusion within the grades of the Subordinate Educational Service, of the Sub-Inspectors who were transferred on 1st January, 1906, to service under Government. Effect was given last month to these proposals, and it is hoped that the ordinary grade promotions will shortly be made. There are also 80 vacancies to be filled by the promotion of Deputy and Sub-Inspectors who were appointed in connection with the scheme for strengthening the inspecting staff of Bengal. These vacancies cannot be filled until the officers in question have completed four years' service.

(c) Under the provisions of Article 140 of the Civil Service Regulations, members of the Provincial Educational Service and Subordinate Educational Service are not entitled to officiating promotion in higher grades of their respective services.

Promotions from the Subordinate to the Provincial Educational Service have already been made."

SUBORDINATE EDUCATIONAL SERVICE.

The Ho'nble BABU DEBA PRASAD SARBADHIKARI asked:—

XIV.—Would it please the Government to state—

(a) how many of the posts in the Subordinate Educational Service are reserved for strengthening the Inspecting Agency?

(b) how many of such appointments have been filled?

(c) how many remain to be filled?

(d) when Sub-Inspectors of Schools under District Boards were transferred to Government service?

(e) when their Provincialisation was sanctioned?

(f) whether their names have been entered in the service rolls, and, if so, what places have been assigned to them in the service?

(g) if they have not been so entered, when is it proposed to enter them, and what will be their place in the *cadre*, or, is it intended to have a separate *cadre* for them?

(h) whether their services under the District Boards be taken into consideration in judging their claims regarding their places in the service rolls and regarding promotion?

(i) whether these Sub-Inspectors have suffered any loss owing to delay in entering their names as members of the Subordinate Educational Service, and is it proposed to compensate them in any way?

The Hon'ble MR. CUMMING replied:—

(a) "135 posts were added to the Subordinate Educational Service in connection with the scheme for strengthening the inspecting staff of Bengal.

(b) All these posts have been filled.

(c) None.

(d) On 1st January, 1906.

(e) In January, 1909.

(f) Their names have not yet been entered in the Service Rolls, but the fact of their admission to the Subordinate Educational Service was notified on the 17th January, 1911.

(g) It is impossible to state definitely at present what their places in the Subordinate Educational Service *cadre* will be, or whether they will be placed in a separate *cadre* of Inspecting officers.

(h) The salary drawn by these officers under the District Boards has been taken into account in determining their relative seniority in Government service. The list published in the Notification dated 17th January, 1911, shows the relative positions of these officers in the service.

(i) The Sub-Inspectors have suffered no greater loss than that sustained by officers in any other branch of Government service in which promotions have necessarily been delayed—a fact which is always taken into consideration in fixing the dates from which such promotions are to take effect."

FLOODS IN THE BEGUA HANA TRACTS.

The Hon'ble BABU DEBA PRASAD SARBADHIKARI asked:—

XV.—(a) Will the Government be pleased to state what has been done for the prevention of floods in the Begua Hana tracts since the last Budget debate regarding the matter?

(b) If any scheme has been prepared for relieving the area, will the Government be pleased to lay the same on the table?

(c) If no scheme has been yet prepared, would the Government be pleased to state when it is likely to be prepared, and what lines it is intended that the scheme should take?

The Hon'ble MR. BUTLER replied:—

(a) "Certain preliminary schemes have been prepared and inquiries regarding them are being carried out.

(b) & (c) A preliminary scheme for diverting the low floods of the Damodar has been prepared, whereby it is estimated that the cost will be about 2 lakhs, with a subsequent eventual cost of 1½ to 2 lakhs more. To attempt to divert the high floods from the Begua Channel would result in the embankments lower down, on both sides of the Damodar river, being breached. This scheme is now with the Commissioner of the Division, with a view to consider the utility of the project and to ascertain whether the parties to be benefited should meet the whole or any part of the expenditure. To facilitate the escape of the high floods into the Rupnarain river, a scheme estimated to cost Rs. 65,000, provided that no compensation is necessary, has been prepared for retiring the embankments on both sides of the Buxi Khal. The question relating to the need, or otherwise, of compensation is being considered by the Divisional Commissioner. At this stage it is not considered to be likely to serve any useful purpose to lay these schemes on the table."

STATUTORY CIVILIANS.

The Hon'ble MAULVI SAIYID MUHAMMAD FAKR-UD-DIN asked:—

XVI.—(a) Will the Government be pleased to state why Statutory Civilians do not get promotion to Divisional Commissionerships and High Court Judgeships?

(b) Is there anything in the Statute debarring them from such promotion?

(c) Is it or is it not a fact that juniors in service have got promotion, temporary or permanent, to Divisional Commissionerships or High Court Judgeships to the entire exclusion of Statutory Civilians?

The Hon'ble MR. STEVENSON-MOORE replied:—

(a) "Promotion to the high offices named is regulated by selection in the case of members of the Indian Civil Service and Statutory Civilians alike. Moreover, the promotions of Statutory Civilians are governed by special rules. A Statutory Civilian does not belong to any organised service. Each step that he may gain is treated as a fresh appointment under the rules framed under the Statute. His claims to advancement depend entirely on the merit and ability that he may display. Under the application of these principles it has not as yet been possible to select any Statutory Civilian to fill the high offices named.

(b) There is no legal bar to the appointment of Statutory Civilians to the offices named.

(c) It is a fact that Statutory Civilians have been passed over for promotion to Divisional Commissionerships in favour of juniors in service. Members of the Indian Civil Service have similarly been passed over. It is not a fact that any Statutory Civilian has been passed over for High Court Judgeships in favour of a member of the Indian Civil Service of lower standing."

JUNIOR SECRETARYSHIP TO THE BOARD OF REVENUE.

The Hon'ble MAULVI SAIYID MUHAMMAD FAKR-UD-DIN asked:—

XVII.—(a) Will the Government be pleased to state why the Junior Secretaryship to the Board of Revenue has been filled by a Covenanted Civilian instead of by a member of the Provincial Executive Service?

(b) Is it or is it not a fact that this post has been reserved for members of the Provincial Executive Service?

The Hon'ble MR. STEVENSON-MOORE replied:—

(a) "The Junior Secretaryship to the Board of Revenue has been filled by a Covenanted Civilian instead of by a member of the Provincial Executive Service because no officer of the latter Service was available possessing the exceptional qualifications which are requisite for the proper discharge of the duties of this post, and because such a selection was necessary in the interests of the public service.

(b) It is not the fact that this post has been reserved for members of the Provincial Executive Service. The effect of the rules governing appointment to it is that members of the Provincial Executive Service are eligible, provided that they possess the special qualifications required. Now that the Board of Revenue consists of one Member only, it is particularly necessary that both the Secretaries to the Board should be officers possessing, in a marked degree, the special aptitude and ability required for the efficient discharge of their duties."

UNDER-SECRETARYSHIP TO THE GOVERNMENT OF BENGAL.

The Hon'ble MAULVI SAIYID MUHAMMAD FAKR-UD-DIN asked:—

XVIII.—(a) Will the Government be pleased to state whether any Under-Secretaryship to the Government of Bengal is held by any member of the Provincial Executive Service?

(b) If not, will the Government be pleased to state the reasons?

(c) Is it a fact that one of these posts has been reserved for the members of that service?

The Hon'ble MR. STEVENSON-MOORE replied:—

"The Hon'ble Member is referred to answer to Question No. XVII. One Under-Secretaryship to Government has been declared open to members of the Provincial Civil Service on the same conditions as the Junior Secretaryship to the Board."

ASSISTANT SUPERINTENDENTS AND DEPUTY SUPERINTENDENTS OF POLICE.

The Hon'ble MAULVI SAIYID MUHAMMAD FAKR-UD-DIN asked:—

XIX.—(a) Will the Government be pleased to state why the grading of pay, and the number of appointments, of Assistant Superintendents of Police differ from those of the Deputy Superintendents of Police?

(b) Is it a fact that they rank equally in position and work?

(c) Is it a fact that the nature of the work of Assistant Superintendent of Police and Deputy Superintendent of Police is identical?

(d) If so, will the Government be pleased to state why Deputy Superintendents of Police draw second class travelling allowance and why Assistant Superintendents of Police draw first class travelling allowance?

The Hon'ble MR. STEVENSON-MOORE replied:—

(1) "It is not the fact that Assistant Superintendents of Police and Deputy Superintendents of Police rank equally in position and work. The position and functions of Assistant Superintendents and Deputy Superintendents respectively are set out in Home Department Resolution Nos. 248-59, dated the 21st March, 1905, which was published in the Gazette of India for general information and widely republished in the Press. A copy of paragraph 33 of the above-cited Resolution dealing with the constitution of the service of Deputy Superintendents is laid on the table for information. It will be observed that while the Resolution describes the functions and departmental status of the two classes of officers as similar, it indicates at the same time the essential distinction between them, *viz.*, that Deputy Superintendents are members of a Provincial Service, whereas Assistant Superintendents belong to an Imperial Service. It is this fundamental distinction which differentiates the status and the functions, and regulates the pay and the number of appointments of the two classes of officers. The primary object in recruiting Assistant Superintendents, as members of the Imperial Service, is to secure fully qualified officers for the post of District Superintendent and the higher offices in the Police Department which the Commission held it was essential should be filled for the most part by Imperial officers. The number of assistants is accordingly limited to what is necessary to supply fully trained men to these higher offices. The number of Assistant Superintendents of the Imperial Service, however, is not sufficient for the requirements of police work. The Superintendent in the majority of districts requires one or more assistants to help him in the discharge of his duties of control and supervision, and to relieve him of the routine of office work, so that he may be free to tour and become personally acquainted with his officers and their work, and with the people and their interests. Accordingly the additional number of assistants required is supplied by Deputy Superintendents, forming a Provincial Service. It

follows that while the work of Assistant Superintendents and Deputy Superintendents is to a large extent identical, the functions of the Assistant Superintendent are primarily determined by the fact that he is regarded as under training to fill the post of Superintendent. The Deputy Superintendent is not primarily recruited to fill the post of Superintendent, and consequently his work, in the words of the Resolution above cited, is "to help the Superintendent in the discharge of his duties of control and supervision and to relieve him of the routine of office work so that he may be free to tour about his district." In other words, the distinction between the functions and status of Assistant and Deputy Superintendent is the same as that which exists between officers of the Imperial and Provincial Services in the general administration or in any other department. The functions of an Assistant Magistrate, so far as magisterial work goes, are identical with those of a Deputy Magistrate, those of a Covenanted Deputy Collector with those of a Deputy Collector of the Provincial Service. The status of the Junior Civilian, however, is superior, as he is recruited with a view to filling higher offices, and his functions as a whole are coloured by the same consideration.

(2) The pay of Deputy Superintendents is fixed on the analogy of the other Provincial Services and is regulated by the same considerations, *viz.*, that it is just, that when Europeans have to be brought to India to fill certain appointments, their pay should be fixed at the higher rate necessary to enable them to meet their expenses both in India and in England, that Indians of the best class will be attracted by the lower scale of pay, and that the economy resulting from its adoption, while desirable in itself, also serves as an inducement to Government to employ them wherever possible without injury to the public service.

(3) For the same reasons, *i.e.*, on the analogy of the other Provincial Services, Deputy Superintendents of Police draw second class travelling allowance."

EDUCATION IN BIHAR.

The Hon'ble MAULVI SAIYID MUHAMMAD FAKR-UD-DIN asked :—

XX.—Will the Government be pleased to state what action has been taken on the representations made by the Bihar Guardian Association of Patna in paragraphs 3 and 11 of their memorial, dated 12th August, 1908, forwarded by the Divisional Commissioner of Patna under letter No. G.—593-3, dated 22nd August, 1908, and on the suggestions made by the Committee, consisting of the Director of Public Instruction and others, formed for the purpose of inquiry into the grievances relating to the education imparted in Bihar?

The Hon'ble MR. CUMMING replied :—

"The following resolutions of the Committee were forwarded by Government to the Calcutta University :—

(*a*) that candidates should be required to give their roll-numbers only and not their names on their answer papers; and

(*b*) that examiners should be instructed not to demand too high a standard in respect of the Matriculation Examination during the first two years of the new system.

In January, 1909, the Syndicate replied that they were unable to accept the recommendations contained in the first resolution; but stated with regard to the second resolution that care would be taken that no unreasonably high standard should be set up for the first examinations under the new regulations."

RESTRICTIONS IMPOSED UPON STUDENTS OF THE PATNA LAW COLLEGE.

The Hon'ble MAULVI SAIYID MUHAMMAD FAKR-UD-DIN asked :—

XXI.—(*a*) Is it or is it not a fact that there is a restriction imposed upon the students of the Patna Law College so that they cannot accept any remunerative appointments during the course of their study of law?

(*b*) Does such a restriction exist in other law colleges of Bengal?

(*c*) If not, will the Government be pleased to state the reasons for introducing such a restriction in the case of students of the Patna Law College?

The Hon'ble MR. CUMMING replied:—

(*a*) "It is a fact that students of the Patna Law College are prohibited from accepting remunerative work during the course of their study of law.

(*b*) It is believed that the prohibition is not in force in other law colleges.

(*c*) The restriction was imposed on the recommendation of the local authorities at the time the college was established. The object presumably was to ensure that the student's attention during the short period of his study should be devoted to the subject of his profession. The question of the continuance of the rule, as a condition of study at Patna College, is at present engaging the consideration of the local authorities."

MOHARRAM HOLIDAYS.

The Hon'ble MAULVI SAIYID MUHAMMAD FAKR-UD-DIN asked:—

XXII.—(*a*) Is the Government aware that the officers of the Provincial Civil Service, as well as the public having connection with Law Courts, are very desirous of having the 11th day of *Moharram* included as a Gazetted holiday, in the annually sanctioned List of Holidays issued in the beginning of each year by the Local Government, and by the Hon'ble High Court of Calcutta, respectively, and that a memorial to this effect was submitted, as I understand, to the Government, through some of the Bihar District officers, on behalf of the members of the Provincial Service generally, of the Bar, and of suitors and others?

(*b*) Will the Government be pleased to state what orders were passed upon the memorial in question?

The Hon'ble MR. WHEELER replied:—

(*a*) "At present the 6 to 10 days of the *Muharram* inclusive are granted as holidays to the Muhammadan employees of Government. In January, 1910, two memorials were presented by certain members of the Bhagalpur and Bankipur Bars, asking that the 11th day also should be observed as a holiday, in order that officers might have that day available for return from their homes after performance of their religious duties on the preceding five days.

(*b*) "After careful consideration of the matter the Local Government did not consider it desirable to accede to the request of the memorialists."

MUHAMMADAN HOLIDAYS IN THE EDUCATIONAL DEPARTMENT.

The Hon'ble MAULVI SAIYID MUHAMMAD FAKR-UD-DIN asked:—

XXIII.—Is the Government aware that in the Educational Department the Muhammadan students and teachers have grievances as to there being no holidays on some Muhammadan festivals and a shortening of the number of holidays on other Muhammadan festivals?

The Hon'ble MR. CUMMING replied:—

"It has been brought to the notice of Government that there are certain Muhammadan festivals and sacred days other than those which are recognised as public holidays. A reply has already been given to the effect that as a general rule Muhammadan teachers and students are, with the permission of the head of the institution to which they belong, allowed to absent themselves on all days on which a due regard to the ceremonies and observances of their religion prevents their attendance. It is not practicable to close all public educational institutions on the occasion of Muhammadan festivals and sacred days which are not at present recognised as public holidays."

DISPOSAL OF THE INCOME FROM THE FERRY SERVICE BETWEEN THE SERAMPUR MUNICIPALITY AND THE SOUTH BARRACKPORE MUNICIPALITY.

The Hon'ble RAI BAIKUNTHA NATH SEN BAHADUR asked :—

XXIV.—(*a*) Will the Government be pleased to state whether it has any intention to divide equally the income from the Ferry service now existing between Khardah (Rashkhola), Rishra, Barrackpur (Bowbazar) and Bullubhpur, between the Serampur Municipality on the right bank of the river, now solely enjoying the income, and the South Barrackpore Municipality, on the opposite bank, which gets no share?

(*b*) Has it come to the notice of the Government that the South Barrackpore Municipality has to maintain the ferry ghat roads on the east bank of the river at considerable expense?

The Hon'ble MR. WHEELER replied :—

(*a*) "Half the income from the Mohesh, Rishra and Konnaggar ferries (to which it is understood that the Hon'ble Member refers) has been enjoyed by the Serampore Municipality since 1866. The statement regarding the Bullubhpur ferry is not understood, since the request of the Municipality, made in 1896, for a share of its income was refused. No reason has been shown for depriving the Serampore Municipality, in favour of that of South Barrackpore, of an item of revenue of such long standing.

(*b*) In 1886 the South Barrackpore Municipality asked for a share in certain ferry revenues on the ground that they were put to expense in the upkeep of the approach roads. The application was then refused."

THE PIG-NUISANCE IN CERTAIN MUNICIPALITIES IN THE PRESIDENCY DIVISION.

The Hon'ble RAI BAIKUNTHA NATH SEN BAHADUR asked :—

XXV.—(*a*) Has it come to the notice of the Government that the pig-nuisance is growing day by day in several Municipalities in the Presidency Division, especially in the Naihati Municipality, to the great annoyance of, and loss to, the Hindus and Muhammadans alike?

(*b*) If it has, will the Government be pleased to state whether it intends to take any immediate steps for the prevention of the nuisance?

(*c*) If it has not, will the Government be pleased to state whether it will cause an inquiry to be made as regards the existence of the nuisance?

The Hon'ble MR. WHEELER replied :—

(*a*) "It has been ascertained that in 1905 the Chairman of the Naihati Municipality addressed the Divisional Commissioner regarding the inadequacy of the provisions in the existing Municipal Act for the proper control of the nuisance caused by pigs being kept within municipal limits. The question has recently been raised again by the same Municipality, and it appears that similar complaints have been made in several other localities. There is no evidence, however, that the nuisance is increasing.

(*b*) Section 265 of the Bengal Municipal Act, 1884, requires pigs to be kept in properly fenced stys and prescribes a limit of ten animals as the maximum to be kept in any place without the written permission of the Municipal Commissioners. The ordinary provisions of the Cattle Trespass Act are also applicable. Government is not of opinion that any further immediate action is called for, although the point might be considered when the Municipal Act next comes under amendment.

(*c*) It is not considered that there is a case for a special inquiry."

SUB-INSPECTORS OF SCHOOLS.

The Hon'ble RAI BAIKUNTHA NATH SEN BAHADUR asked:—

XXVI.—Will the Government be pleased to state what has been decided as regards the posting of the Sub-Inspectors of Schools who were formerly employed under District Boards and were transferred to Government service with effect from 1st January, 1906 ?

The Hon'ble MR. CUMMING replied:—

"This question has already been dealt with in the answers given to the questions of the Hon'ble Babu Deba Prasad Sarbadhikari."

PROMOTIONS OF THE SUBORDINATE EDUCATIONAL SERVICE.

The Hon'ble RAI BAIKUNTHA NATH SEN BAHADUR asked:—

XXVII.—Will the Government be pleased to state the reasons for which the promotions of all the officers in the Subordinate Educational Service, during the last two years, have been withheld ?

The Hon'ble MR. CUMMING replied:—

"The Hon'ble Member is misinformed with regard to the period during which promotions have been withheld in the Subordinate Educational Service. Promotions have been made to ordinary grade vacancies up to December, 1909. The reasons for withholding promotions since that date have been given in the answers to the questions asked by the Hon'ble Babu Deba Prasad Sarbadhikari."

FILLING OF VACANCIES IN THE SUBORDINATE EDUCATIONAL SERVICE.

The Hon'ble RAI BAIKUNTHA NATH SEN BAHADUR asked:—

XXVIII.—Will the Government be pleased to state—

(a) how and when the vacancies in the different grades of the Subordinate Educational Service will be filled ?

(b) whether there will be two different *cadres* for the members of the teaching and the inspecting staff ?

(c) whether all the inspecting officers will be allowed an opportunity of being trained ? and

(d) whether the Sub-Inspectors of Schools, transferred from District Boards to Government service, will be allowed to participate in the arrangements to be made to fill the vacancies that have occurred since the date of the Secretary of State's despatch sanctioning the scheme of provincialisation of Board Sub-Inspectors ?

The Hon'ble MR. CUMMING replied:—

(a) & (b) "These questions have already been dealt with in the answers given to the questions of the Hon'ble Babu Deba Prasad Sarbadhikari.

(c) No scheme for training such officers has as yet been prepared.

(d) This question has already been dealt with in the answers given to the questions of the Hon'ble Babu Deba Prasad Sarbadhikari."

THE BENGAL SECRETARIAT PRESS.

The Hon'ble MR. K. B. DUTT asked the following questions:—

XXIX.—Will the Government be pleased to state how many printing presses there were under the Bengal Government in 1900-01, and how many in 1909-10 ?

XXX.—Will the Government be pleased to state—

(*a*) what amounts in stock, plant, machinery and materials have been transferred from the Bengal Secretariat Press, the Tour Press and the Presidency Jail Press to the Printing Department of the Government of Eastern Bengal and Assam owing to the Partition of Bengal? and

(*b*) what amount has been spent in stock, plant, machinery and materials for the Bengal Secretariat Press, the Tour Press, the Private Secretary's Press and the Presidency Jail Press, respectively, since the Partition down to the year 1909-10?

XXXI.—(*a*) What have been the new labour-saving machines obtained for the Bengal Secretariat Press from Europe since 1908-09, and at what cost?

(*b*) Since when are they being worked?

(*c*) What reduction in establishment has since been made in the particular departments in which they have been installed?

XXXII.—(*a*) Is it a fact that, owing to the separation of the Presidency Jail Press from the control of the Bengal Secretariat Press, it has been found necessary to establish a new type-foundry and a workshop in the Bengal Secretariat Press?

(*b*) What has been the initial cost for plant, tools, machinery and buildings?

(*c*) When were the type metals first purchased locally, and at what cost, and when were they brought into use?

(*d*) What amount of types, leads, spaces, etc., have been cast since its establishment, and what has been the cost for establishment and type metals during that period?

XXXIII.—Will the Government be pleased to state what were the annual establishment charges of the Bengal Secretariat Press from the year 1900-01 to 1909-10, and what was the amount of outturn of work during that period?

XXXIV.—(*a*) Will the Government be pleased to state what amount of printing and book-binding work was done by private firms annually from the year 1900-01 to 1909-10?

(*b*) Does the figure of outturn include the work done by private Presses?

XXXV.—(*a*) Will the Government be pleased to state up to which year, prior to the retirement of Abdul Aziz, a stationery-keeper of the Bengal Secretariat Press, were the stationery and store accounts of that office last adjusted?

(*b*) Were certain discrepancies in the stock accounts reported by the auditing officer prior to May, 1904?

(*c*) If so, to what extent?

(*d*) Is it a fact that a written explanation regarding certain heavy discrepancies in paper stock was submitted by Abdul Aziz on the 6th December, 1904, or thereabouts, and that no action was taken on the explanation submitted by him?

(*e*) What was the total amount of discrepancy for which explanation was obtained from Abdul Aziz?

(*f*) What was the amount of discrepancies disclosed in the above audit report, and during which period did they occur?

(*g*) Will the Government please lay on the table a statement showing the annual results of the stock verification in comparison with the ledger balances in the stationery accounts of Abdul Aziz from the year 1899-1900 to the year 1903-04?

(*h*) Is it a fact that Abdul Aziz, when he left work, was working at the period of a third extension of service granted to him in the interests of the public service ?

(*i*) What was his age at retirement ?

(*j*) Was it incumbent on Abdul Aziz or anybody else on his behalf, to make a second application for pension when he had already applied for pension in July, 1904 ?

(*k*) If so, under what rules ?

XXXVI.—Will the Government please state the total number of dismissals in the Bengal Secretariat Press since February, 1907, up to January, 1911, in both the paid and the piece establishments, pensionable and non-pensionable services ?

XXXVII.—(*a*) How many section-holders and assistant section-holders are there now in charge of composing and distributing sections ?

(*b*) What were their pay and position in November, 1907, and what were they in November, 1910 ?

(*c*) How many of them took the protection of the Insolvency Court, and how many of them are on the Committee of the Lewis Provident Fund ?

(*d*) Is there any insolvent on the Committee of that Fund ?

The Hon'ble MR. WHEELER replied :—

XXIX.—"In 1900-01 there were three printing presses under the Bengal Government, and in 1909-10 four."

XXX.—(*a*) "Three hand-presses, valued at Rs. 725, were transferred to the Printing Department in Eastern Bengal and Assam after the partition.

(*b*) A statement is laid on the table giving the required information."

XXXI.—(*a*) "A statement is laid on the table, showing all the machines bought since 1908-09 and their cost.

(*b*) From various dates in 1910, with the exception of Items 15, 16, 17 and 20, which have not yet been brought into use.

(*c*) No reduction of establishment has been made."

XXXII.—(*a*) "The answer is in the negative. The type foundry was established at the Bengal Secretariat Press primarily to meet the requirements of that Press. Moreover, the plant at the Presidency Jail Press required thorough renewal and no accommodation for a type-casting department has been provided at the new Alipur Jail, to which the Jail Press will eventually be removed.

(*b*) The plant, tools and machinery cost Rs. 27,410: the buildings cost Rs. 7,246.

(*c*) The first purchase of metal locally was made in December, 1908, when some tin ingots were bought at a cost of Rs. 1,847. They were brought into use in February, 1910.

(*d*) 115,162 lbs. of types, leads, spaces, etc., have been cast up to the 31st January, 1911. The cost of establishment up to the 31st January, 1911, was Rs. 4,800. The cost of type metals up to the end of 1910 amounted to Rs. 33,030."

XXXIII.—"A statement furnishing the necessary information is laid on the table."

XXXIV.—(a) "A statement of the figures is laid on the table.

(b) The answer is in the affirmative."

XXXV.—(a) "Abdul Aziz left the Press in May, 1904. The usual audit and inspection of accounts of the Secretariat Press for the year 1903-04 was made in connection with the triennial audit conducted in 1907.

(b) The report of the audit of the accounts of the Secretariat Press for the years 1901-02 and 1902-03 was received in April, 1904. Certain discrepancies were then brought to notice.

(c) The discrepancies were not numerous and were of minor importance.

(d) No such explanation is traceable.

(e) The information desired is not now available.

(f) As already stated, the accounts of which the audit report was received in April, 1904, were those of 1901-02 and 1902-03. The discrepancies disclosed were of a variety of kinds which cannot be tabulated so as to show any aggregate amount.

(g) The information asked for is not available.

(h) Abdul Aziz was 59 when he died, which presumably means that he was on his fourth extension, but no papers are now traceable.

(i) Reference may be made to the answer to the preceding question.

(j) The answer is in the negative.

(k) In view of the preceding answer this does not arise."

XXXVI.—"A statement is laid on the table."

XXXVII.—(a) "The numbers are as follows :—

Composing Section—	
Section-holders	8
Assistant Section-holders	7
Distributing Section—	
Section-holder	1
Assistant Section-holders	2

(b) A statement is laid on the table.

(c) None of the employés named are reported to have passed through the Insolvency Court. Three of them are on the Committee of the Lewis Provident Fund.

(d) The answer is in the negative."

EXTENSION OF BENGAL ACT I OF 1876.

The Hon'ble KHAN BAHADUR MAULVI SARFARAZ HUSAIN KHAN asked:—

XXXVIII.—Will the Government be pleased to give the names of the districts, in the province subject to the Lieutenant-Governor of Bengal, to which Bengal Act No. I of 1876 (an Act to provide for the Voluntary Registration of Muhammadan marriages and divorces) has been extended?

The Hon'ble MR. CUMMING replied:—

"Bengal Act I of 1876 has been extended to Calcutta, to all the districts in the Burdwan and Presidency Divisions, and to the districts of Monghyr, Bhagalpur, Purnea, Cuttack, Balasore and Ranchi."

SYEDPORE TRUST ESTATE AND HOOGHLY IMAMBARAH.

The Hon'ble KHAN BAHADUR MAULVI SARFARAZ HUSAIN KHAN asked:—

XXXIX.—Will the Government be pleased to lay on the table a statement showing—

(a) the annual gross income of the Syedpore Trust estate and its annual collection and administration charges,

(b) the annual expenses of the Hooghly Imambarah, and

(c) the names of the colleges and schools in which scholarships from the Trust Fund have been given during the last three years?

The Hon'ble MR. CUMMING replied:—

(a) "A statement is laid on the table showing the gross income of the Syedpur Trust Estate, together with the administration charges for the last three years.

(b) Government keeps no accounts of the annual expenses of the Hooghly Imambarah. That is a matter for the Mutawalli and Committee of Management. One-third of the net income of the Syedpur Trust Estate is placed at the disposal of the Committee of Management of the Imambarah. A copy of the budget of the Mohsin Endowment Fund for the year 1909-1910, giving details of the expenditure from the Fund, was laid on the table at the meeting of this Council held on the 26th March, 1910.

(c) In this Province scholarships paid out of the Mohsin Endowment Fund were drawn in the following colleges and schools during the three years 1907-1908 to 1909 1910:—

1907-1908.—The Presidency College; the St. Xavier's College; the M. A. O. College, Aligarh; the Burdwan Raj College; Calcutta Madrasah, Arabic Department and Anglo-Persian Department; and the Balasore Zilla School.

1908-1909.—The Presidency College; the St. Xavier's College; the Hooghly College; the B. N. College, Bankipore; the Calcutta Madrasah, Arabic Department and Anglo-Persian Department; and the Balasore Zilla School.

1909-1910.—The Presidency College; the Patna College; the City College; the Calcutta Madrasah, Arabic Department and Anglo-Persian Department; and the Balasore Zilla School.

A sum of Rs. 30,000 is annually paid out of the Fund to the Eastern Bengal and Assam Government for educational purposes.

AMENDMENT OF THE BENGAL SETTLED ESTATES ACT, 1904.

The Hon'ble KHAN BAHADUR MAULVI SARFARAZ HUSAIN KHAN asked:—

XL.—Will the Government be pleased to state if the Bengal Settled Estates Act, 1904, is likely to be amended during the present Legislative Session?

The Hon'ble MR. CUMMING replied:—

"The answer is in the negative. But the working of the Act has been referred for consideration by a strong representative Committee, whose report is awaited."

CONSTITUTION OF THE GAYA DISTRICT BOARD.

The Hon'ble MR. DIP NARAYAN SINGH asked:—

XLI.—(a) Has the attention of the Government been drawn to the letter addressed by Babu Nand Kishore Lall, M.A., B.L., Vakil and Zamindar, Gaya, to the District Magistrate of Gaya, on the subject of the constitution of the Gaya District Board, and published in the *Beharee* of the 6th January, 1911?

(b) Is the Government aware that the state of affairs disclosed in that letter exists in many of the districts of Bihar?

(c) Do the Government propose to take any steps in the matter, and, if so, on what lines?

The Hon'ble MR. WHEELER replied:—

(a) "The attention of Government has been drawn to the letter referred to by the Hon'ble Member.

(b) The question raised therein is as regards the eligibility of Subdivisional Officers to sit upon District Boards as the elected representatives of the Local Boards of which they are members. It is the case that in some other Bihar districts, besides Gaya, Subdivisional Officers have been elected to the District Board by the respective Local Boards to which they belong.

(c) The legal question is not free from doubt, but Government is willing to direct that Subdivisional Officers shall not in future stand for election by Local Boards as members of the District Boards."

CONSTITUTION OF THE DISTRICT BOARDS IN BIHAR.

The Hon'ble MR. DIP NARAYAN SINGH asked:—

XLII.—Will the Government be pleased to state the numbers of the Hindu, Muhammadan and European members of the District Boards in Bihar, and the proportion they bear to the population of the different communities in the respective districts?

The Hon'ble MR. WHEELER replied:—

"A statement giving the information asked for is laid upon the table."

SUBSIDY TO A NEWSPAPER.

The Hon'ble Mr. Dip Narayan Singh asked:—

XLIII.—(a) Has the attention of the Government been drawn to the following paragraph, which appeared in a recent issue of the *Englishman*:—

"*Newspaper subsidised by Government.*—Correspondence is in progress between Rai Norendra Nath Sen Bahadur and the Government of Bengal in connection with the publication of a vernacular weekly which, it is proposed, will be healthy in tone and polished in style. It seems that the idea of such a paper, to be subsidised by Government, first occurred to Sir Andrew Fraser, but, for some reason or other, he could not see the project through. It has apparently been left for Sir Edward Baker to work up Sir Andrew's project, with this difference that Sir Andrew wanted the Government to have proprietary right over the contemplated paper, whereas, according to Sir Edward Baker's project, Government is to play the role of a patron, so to speak, in connection with the administration of the paper. In Rai Norendra Nath Sen Bahadur, the veteran journalist, Sir Edward found one whom he could trust with the editorship of the proposed paper. Some time in July last, it appears, His Honour granted an interview to Mr. Sen, in the course of which the desirability of such a paper was discussed. In the result, the veteran journalist has formulated a scheme for issuing a vernacular weekly, to be named *Sulov Samachar*, and to be conducted on the lines of the *Indian Mirror*, his own organ. Under the present scheme, Government is to subscribe for 25,000 copies of each issue of the paper, which will be distributed among the schools, and as the annual subscription is proposed to be Rs. 2-8-0, the contribution to be made by the Local Government will work out at Rs. 62,500 a year. Of this sum, Rs. 15,625 are said to have already been made over to Mr. Sen. The proposed *Sulov Samachar* will be somewhat larger than the size of the *Indian Mirror*, with nine columns to each page, and will be issued from March next. It may be mentioned that the *Sulov Samachar* proposes to be a new continuation of the vernacular weekly with the same title which was started some years ago by the late great Brahmo leader, Keshub Chunder Sen, and was, after a brief span of existence, discontinued."

(b) Will the Government be pleased to state whether any of the statements made in the above paragraph are true, and, if so, which?

The Hon'ble Mr. Stevenson-Moore replied:—

(a) "The answer is in the affirmative.

(b) The Government of Bengal has entered into an agreement with Rai Norendra Nath Sen Bahadur, Editor of the *Indian Mirror*, to subscribe for 25,000 copies of a weekly vernacular paper, on the lines of the *Indian Mirror*, which he has undertaken to publish. This agreement has been made with Rai Norendra Nath Sen Bahadur for three years, provided that the paper remains under his direction during that period. The cost to Government is limited to an annual sum of Rs. 62,500, of which a sum of Rs. 15,625 has been paid in advance. It is proposed that the copies for which Government subscribe should be distributed widely in the districts among panchayats, educational institutions and Government offices. Rai Norendra Nath Sen Bahadur is not yet in a position to announce the date on which the first number will appear."

RULE 810 OF THE JAIL CODE.

The Hon'ble Babu Kirtanand Sinha asked:—

XLIV.—(a) Will the Government be pleased to state whether the provisions of Rule 810 of the Jail Code (under which all juveniles who are undergoing sentences of a year or more shall be brought under instruction in reading, writing and arithmetic) are given effect to in all the jails of the Province?

(b) If not, will the Government be pleased to name the jails in which the said provisions have been given effect to?

(c) Will the Government be pleased to state whether it intends to order the enforcement of the provisions of the said rule in all the jails of the Province, or in all jails in which there are such prisoners?

The Hon'ble Mr. Stevenson-Moore replied:—

"Juvenile prisoners who are undergoing sentences of a year or more are confined in the Alipore Juvenile Jail or in certain selected Central Jails. In all these jails the provisions of rule 810, Jail Code, are enforced."

THE BENGAL VACCINATION (AMENDMENT) BILL, 1911.

3. The Hon'ble Mr. Slacke presented the Report of the Select Committee on the Bill further to amend the Bengal Vaccination Act, 1880.

The Hon'ble Mr. Slacke moved that the Report be taken into consideration.

The motion was put and agreed to.

5. The Hon'ble Mr. Slacke also moved that the clauses of the Bill be considered in the form recommended by the Select Committee.

The motion was put and agreed to.

The Hon'ble Sir Bijay Chand Mahtab, Maharajadhiraja Bahadur of Burdwan, withdrew, with the permission of the President, the following motions of which he had given notice:—

(6) that clause 6 of the Bill be omitted,

(7) if Motion No. (6) be carried,to move that sub-clause (1) of clause 21 of the Bill be omitted.

He said:—

"Your Honour,—In view of the fact that from the statistics which I have seen, the mortality of unprotected infants between the ages of six months and one year is high; also that as dentition of infants in this country begins soon after six months, and also as some of the non-official Members, who were on the Select Committee, view with favour the reduction of this period from one year to six months, I beg to withdraw my amendment."

8. The Hon'ble Mr. Slacke moved that the Secretary be directed to re-number the clauses and sub-clauses of the Bill in consecutive order.

The motion was put and agreed to.

The Hon'ble Mr. Slacke also moved that the Bill be passed.

The motion was put and agreed to.

THE SAMBALPUR REPEALING AND AMENDING (RATES AND CESSES) BILL, 1911.

The Hon'ble Mr. Cumming moved that the figures "1911" be substituted for the figures "1910" in clause 1 of the Bill to repeal and amend in the district of Sambalpur certain enactments relating to abolished rates and cesses.

He said:—

"Sir, at the last meeting of the Council, I explained that the Sambalpur Repealing and Amending (Rates and Cesses) Bill was purely formal. The Bill was to be taken into consideration at the present meeting. I now beg to move that in clause 1 of the Bill, the figures '1911' be substituted for the figures '1910'."

The motion was put and agreed to.

The Hon'ble Mr. Cumming also moved that the Bill, as amended in Council, be passed.

The motion was put and agreed to.

THE ESTATES PARTITION (AMENDMENT) BILL, 1911.

The Hon'ble Mr. W. C. Macpherson moved for leave to introduce a Bill to amend the Estates Partition Act, 1897.

He said—"I ask for leave to introduce a Bill to amend the Bengal Estates Partition Act of 1897. The object of the Bill is to reduce the delays which commonly occur in the proceedings for partition of estates by Revenue-officers, which are generally known as *butwara* proceedings. The dilatoriness of these proceedings has frequently and indeed almost continuously engaged the attention of the Revenue authorities and of the Government. Sir Steuart Bayley and Sir Charles Elliott in succession, considered the subject during their Lieutenant-Governorships, and in the Statement of Objects and Reasons which was attached to the Bill introduced in Council by a distinguished Revenue Officer, the late Mr. Finucane, which was afterwards passed into law as the Act of 1897, it was stated that the chief and primary object of the legislation proposed was to shorten and simplify and cheapen these proceedings. A perusal of the debates of the Council and of the records of the Select Committee of the time, however, will show that the energy of the Council and of the Government was in great part diverted, first, to the issue, which was raised, as to limiting the partibility of estates and, secondly, to safeguarding the interests of tenants, with the result, as I would submit, that not enough was done in advancing what was declared to be the primary and chief object of the Bill.

"Something was done. By the Act of 1897 the stage known in the old law of 1876 as that of 'general arrangement,' was abolished; and the stages of proceedings at which objections and appeals may be made were defined and limited. Nevertheless the proceedings for partition of estates have continued to be protracted and harassing to parties. In recent years Deputy Collectors and Sub-Deputy Collectors have been specially trained for this work, the pay of the establishments has been raised, and part of the establishment has been put upon a permanent footing. Various checks have been prescribed for the prevention of delays; and the Commissioners of Divisions recently reported that the progress made in the disposal of partitions had improved as compared with former years. The returns for last year, however, show that in the Patna and Tirhut Divisions, where most of these cases are filed, proceedings in the case of 382 estates were of more than two years' standing; and I have ascertained that in nine districts the average duration of cases recently disposed of has varied from three years in Darbhanga to seven years in Saran and over seven years in Jessore. Cases which come before the Board on appeal are frequently of many years' standing Since I came into this room this morning, an Hon'ble Member has told me that a case has just been decided in the Monghyr district which was 22 years on the file. A Sub-Deputy Collector has told me that he had brought to an end proceedings that had been instituted before he was born.

"I should like to call forth the special interest of the Council in these proceedings, which are of special importance to proprietors of land in Bihar. In Bengal proper, except the Dacca Division, with which this Council is not concerned, partition of estates by Revenue-officers is infrequent. Proprietors of estates in Bengal ordinarily prefer to obtain such separation of their responsibilities as they think necessary by taking out what are known as 'separate accounts' under the provisions of the Revenue Sale Law and the Land Registration Act. I shall not go into the technicalities of those laws or explain in what respect 'separate accounts' differ from partition of estates.

"What I desire especially to emphasize is that to the small peasant proprietor of Bihar it is frequently of vital importance that they should be able promptly to obtain complete and undivided enjoyment of their fields and separate liabilities for the land-revenue.

"If the Council will bear with me for a few moments, I should like to explain how minute is the division of proprietary rights in some of the districts of this province. I once found in a village of Muzaffarpur of 442 acres that

there were 373 names of proprietors on the record of proprietary rights known as the *khewat*. After allowing for repetition of names, it is quite certain that in that village proprietors on an average owned not more than 3 or 4 acres each—certainly not more than a very small number of acres. There were eight estates in that village; the first estate was divided into 61 parcels or *pattis* and the second estate into 51 *pattis*, and so it went on through the eight estates; and there were 47 parcels of land common to two or more *pattis* or to two or more estates, or to all the estates. I am speaking purely of proprietary rights, not of tenant rights. Such is the intricacy of proprietary right, and such is the subdivision that exists in many districts of the province. Of the district of Saran, perhaps one-fourth or one-fifth belongs to the great estate of Hathwa; nevertheless the revenue of the Saran district is paid annually in over 100,000 small payments.

"Just half a million names of proprietors were recorded in the cadastral survey of four of the districts of North Bihar, that is, in Muzaffarpur, Darbhanga, Saran and North Monghyr, and it is stated in one of the reports that the position of the mass of the proprietors is little more than that of cultivators. To such persons the yoke of joint possession of fields and joint liability for the land-revenue frequently becomes intolerable. A family may cultivate and enjoy jointly, but when the father dies the sons desire to have separation of fields and separate liability for the revenue and cesses; and patriarchal arrangements disappear as the desire for individual status develops.

"In carrying out partition under such circumstances, it is essential that the procedure of our Revenue-officers should be simple and cheap and expeditious, because, if it is not so, we practically deny to peasant proprietors a relief which existing conditions undoubtedly require.

"It has been ascertained that in the United Provinces, where similar conditions of intricacy of proprietary right obtain, partitions are carried out much more expeditiously; and one cause of more prompt disposal in those provinces appears to be that whereas in Bengal the partition paper is submitted to the Commissioner of the Division for confirmation, in the United Provinces the partition is confirmed by the Collector. With the progress of the field survey and record-of-rights in Bengal and with the introduction of the provision made in the Act of 1897, requiring that a partition shall be made on the basis of a trustworthy survey and record of assets, the objections to confirmation by the Collector disappear. A change of this nature, with consequential provisions, is the first amendment of procedure which is proposed in the Bill. If everyone is content with the Collector's partition, it will not be necessary that the papers should go to the Commissioner of the Division at all, and it is believed that loss of time and expense to the proprietor will be saved. The origin of this proposal, Sir, is not in any wish to increase the powers of the Collector, or to reduce the work of the Commissioners, but it is to be found solely in the wish to help proprietors, and especially the small proprietors, to get their business done more expeditiously and cheaply.

"Not to take up more of the time of the Council, I shall refrain from entering into the details of this Bill, except to point out that there is a proposed restriction of second appeals to the Board of Revenue. At present the time of the Member of the Board is often taken up in determining not only whether the main features of a partition are equitable and reasonable, but in deciding whether particular plots of the cultivation, or of the village site, have been rightly assigned to this proprietor or to that proprietor, and that though there may have been concurrence of three subordinate Revenue Courts, viz., the Deputy Collector, Collector and the Commissioner, as to the reasonableness of the arrangement proposed. It will be noticed that it is proposed to restrict second appeals to the Board in the same manner as second appeals under the Code of Civil Procedure are restricted. The clause will require careful consideration because it may be difficult to say what should be regarded as questions of fact and what as questions of law in *Butwara* proceedings.

"I shall only add that this Bill is directed merely to the single object of shortening and simplifying and cheapening procedure. Difficulties have been

felt as to the interpretation of various important provisions of the law, and the rulings given have not always been uniform. It is not proposed, however, to deal with those difficulties in the present Bill, and they are reserved to be dealt with in a separate measure, when the action required shall have been carefully ascertained.

"The Bill, Sir, has been published for general information, and it is not proposed to do more at present than to ask for leave to introduce it and read it in Council. Opinions will then be collected on the Bill, and the next stage will be to ask for the appointment of a Select Committee. I move, Sir, that leave be given to introduce this Bill."

The Hon'ble MR. M. S. DAS said:—

"Your Honour,—The Hon'ble Mr. Macpherson, in introducing the Bill, has referred, in his remarks, to the troubles which the parties are subjected to in Tirhut, Bihar, and even in the districts of Bengal as Jessore. I should only ask him to bear in mind that there is another part of the country under Your Honour's rule, that is, Orissa, where I knew a certain case was pending for partition for over 20 years. Cases of dilatoriness of proceedings are very numerous. The fact is that in Bihar and in Orissa inheritance is governed by the *mitakhara* law, and in these days, when individual rights and individualism are being developed, the motives for partition of family estates are increasing. Consequently, there are frequent instances of application for partition. Nothing would be more welcome to persons interested in the revenue-paying estates than a simplification of the procedure for partition. But the Hon'ble Member, in introducing the Bill, disappointed me a bit when he said that these difficulties are not to be dealt with in the present instance. I should only request that if it be possible within the scope of the Bill—when this Bill is in the hands of the Select Committee for consideration—an attempt should be made to simplify it in such a way as to reduce the dilatoriness of proceedings. This would certainly be a great boon to many people. I hope, when considering the Bill, the difficulties which arise in Orissa, on account of the peculiar legal incidents of the tenures, and the law of inheritance will also be taken into consideration. I thought it proper to mention it to the Hon'ble Mr. Macpherson, for evidently his attention has not been drawn to the difficulties in Orissa."

The Hon'ble RAI BAIKUNTHA NATH SEN BAHADUR said:—

"I should like, with Your Honour's permission, to make a few observations and suggestions on the Bill introduced by the Hon'ble Mr. Macpherson, at this stage. He is certainly to be congratulated in connection with the Bengal Estates Partition (Amendment) Bill. The main object of the Bill is to expedite the proceedings, curtail items of expenses and give satisfaction to parties concerned. I find, however, that no amendments are suggested with regard to one important matter, viz., Chapter II of the existing law,[1] which contains five sections which provide for right to claim partition. Section 4 provides for proprietors' right to claim partition, and section 8 provides that 'notwithstanding anything hereinbefore contained, no person having a proprietary interest in an estate for the term of his life only shall be entitled to claim partition under this Act.' 'Proprietor' has been defined in section 3, clause (*v*), as including every person who is in possession of any estate under partition, or any portion of such an estate, of any interest in any such estate or in any part of such an estate, as owner thereof. This definition excludes trustees, including *shebaits* of properties dedicated to Hindu deities and *mutwalies* of *waqf* properties. Now it is not desirable that this class of people—the trustees, *shebaits*, and *mutwalies*—should be excluded from claiming the rights of partitioning properties when the property is joint. There is also another class of property, which is called State property and which is held by the Secretary of State for India in Council on behalf of certain noblemen for upholding their dignity, and it would be a difficult question to decide as to who would be entitled to ask for partition in such a case if the property happens to be a joint one.

[1] The Estates Partition Act, 1897 (Ben. Act V of 1897).

"Then, as regards widows, whose case would be covered by section 8, I do not see why widows should be deprived of the right of partition. Instances are known when one of three or four brothers dying and his share devolving upon the widow, the surviving brothers try to deprive her of her share of the property, and she is finally coerced, as it were, to agree to the terms of her brothers-in-law. The widow's interest may be in one sense called a life interest, but she has an absolute interest also under certain conditions. And there is no reason whatever why she should be deprived of the right to claim partition. I make the suggestion that while the Bill passes through different stages, these matters may be taken into consideration, and when the Act is intended for amending the existing law amendment should also be effected with regard to the question of right of partition."

The Hon'ble RAI SITA NATH RAY BAHADUR said:—

"Your Honour,—I join issue with my hon'ble friend, Rai Baikuntha Nath Sen Bahadur, with regard to what has fallen from him that a Hindu widow should have the right, under the *Butwara* Act, to claim partition of her husband's estate, though she has only a limited interest in it. I have no hesitation in saying that it would be disastrous to the interests of Hindu families if Hindu widows were allowed the privilege of asking for partition. If that were conceded, they would be made tools of by interested and designing persons for disturbing or breaking the joint family system, and thereby causing ruination to joint Hindu families.

"Whatever may be the right of *shebaits* and trustees to claim partition, which, I must say, is of a doubtful character, it would surely be detrimental to the interests of joint families to concede such a right to Hindu widows."

The Hon'ble MR. MACPHERSON said:—

"In reply to what has fallen from the Hon'ble Members, I would only wish to say that the difficulties that underlie the working of the *Butwara* Act in respect of its substantive provisions have not escaped notice. In Orissa the Commissioner of the Division, Mr. Levinge, has given special attention to these difficulties. I believe that it will not be long before it will be necessary for Government and probably for this Council to consider more fundamental proposals for dealing with what I would call the difficulties of the substantive provisions of the *Butwara* law. To-day, Sir, however, we are concerned only with what I would call the adjective procedure, that is, the ancillary procedure of the various revenue tribunals who carry out partitions. We are not dealing with the difficult question of the conflict between the land registers and actual possession as found on the ground, or with questions of right to apply for a partition. Those difficulties, Sir, are far greater and more important than the matters of procedure which I have brought before the Council in the Bill to-day introduced. While I believe that these more important matters must come before Your Honour's Government, and perhaps at no long distance of time, before this Council, I would deprecate weighting the present Bill with anything except what relates to what I have called the adjective procedure of the Revenue Courts."

The Hon'ble Mr. W. C. Macpherson introduced the Bill, and moved that it be read in Council.

The motion was put and agreed to, and the Secretary thereupon read the title of the Bill.

RESOLUTIONS ON MATTERS OF GENERAL PUBLIC INTEREST.

The President said:—"I understand that the Hon'ble Member has circulated his speech and that it is his intention not to read out or to deliver the whole of it. What he desires to give is a summary of it on the present occasion. If I am correct, I will call upon the Hon'ble Member to move the resolution."

The Hon'ble Babu Braja Kishor Prasad moved the following Resolution:—

That this Council recommends to the Lieutenant-Governor in Council that the Government should take immediate steps to increase, materially, the existing representation of the non-official Indian community on the District and Local Boards in the Tirhut Division.

The following speech by the Hon'ble BABU BRAJA KISHOR PRASAD having been printed in advance and circulated to all Members of Council, was, by permission of the President, taken as read.

"YOUR HONOUR,—

It is with much confidence in the sympathies of the Government with the legitimate aspirations of its Indian subjects towards securing at least some share in the administration of their local affairs that I beg to move the resolution which stands in my name. The resolution refers to those principles of Local Self-Government which were introduced into this country by that noble and generous stateman, the late Lord Ripon, whose memory will ever be cherished with fondness and gratitude by the people of this country. The main object of the introduction of Local Self-Government was to interest the people in the administration of local affairs and to afford them opportunities of receiving civic training by allowing them, through their District, Local and Municipal Boards, a share in the management of their own affairs. But, Sir, it is with much regret that I have to tell you that that noble object and those high principles, instead of being realized in any appreciable degree in most of the District and Local Boards of the Tirhut Division, are, to say the least, being every day frustrated. This matter has been, many a time, brought to the notice of the Government by the people of Bihar, and the Government has always held out hopes to them. But had the Government been mindful of its promises, it would not have been necessary for me to-day to bring up this matter before this Council in the form of a resolution. Long, long have we waited and sore has been our disappointment.

"The District and Local Boards of the Tirhut Division are practically manned and absolutely controlled by the European Community, and the Indians have little or no voice on them. The people, to train whom in the methods of Local Self-Government these Boards were primarily formed, have derived no benefit whatsoever from them in that direction. Such is the condition of these Boards in Tirhut, and it requires a careful consideration at the hands of the Government. Nowhere in this Province do we find such a deplorable state of affairs as we see here. Though the mainstay of the funds available for expenditure by these Boards is the Road Cess, almost the whole of which is contributed by the Indian Community, yet we find that it is the Indians who are nowhere on these Boards of the Tirhut Division. No doubt the European Planting Community of this Division is a very important community, and it is but just and proper that it should be fairly and adequately represented on these Boards. But, Sir, it is the excessive or over-representation of one community at the cost of the other that we respectfully but strongly protest against. I must not here be understood as saying anything regarding the Planting Community of the Tirhut Division in any but a friendly spirit. We recognise their importance and know how advantageous it has been to have some of them on our District Boards; and we have always urged before the Government their just claims.

"You will remember, Sir, how in August, 1908, a deputation of Biharees, of which I had the honour to be one of the members, organised by the three leading associations of Bihar, viz., the Bihar Landholders' Association, the Bihar Provincial Association, the Bihar Provincial Moslem League, presented an address to Sir Andrew Fraser, the late Lieutenant-Governor of this Province, in which his attention was drawn to the representation of this community on the Provincial Council. We there said:—

'This community is a strong and compact body in the Tirhut Commissionership, and it has its own efficient organization—the Bihar Planters' Association, with its head-quarters at Muzaffarpore. It is but right and proper that this important community should be directly and permanently represented in the Provincial Council. Hitherto it has been impossible for them to be represented in Council

by reason of the fact that though they swamp the District Boards of the Tirhut Division, they could not obtain the votes of the southern districts of the Patna Division. If matters therefore in the Tirhut Division are allowed to remain as at present, the chances are that the Biharee Community there may find themselves ousted from representation in Council by the District Boards which may lead to heart-burning and result in bitterness of feeling. We therefore respectfully suggest that the best course would be to give a direct representation in the Council to the Planting Community, while at the same time directing the district officers to materially reduce their number on the District Boards. This will have to our mind another great advantage. It will enable a much larger number of Biharees to receive civic training, which was the primary object of the scheme of Local Self-Government enunciated by the Government of Lord Ripon, and it was distinctly stated to be so in the resolution of the Government of India. Nor can it be urged that the reduction of the number on the District Boards of the Planting Community will result in any inefficiency, for the District Boards of the southern districts of the Patna Division are no less efficient than those of the northern districts, although they are manned wholly by the members of the Biharee Community.'

"Now, Sir, all of us know how the Government, acting on the suggestion made by us, has allotted a seat to the Planting Community (which practically means the Planting Community of the Tirhut Division, for in no other division of Bengal there is such an influential Planting Community) on the Provincial Council. But the pity of it is that though the Government readily gave effect to one part of the suggestion it never thought of bestowing even a care on the other part of it, which concerned us, the Biharees; and this in spite of the promises of the late Lieutenant-Governor made in this direction. Sir Andrew Fraser in his reply to the said address on this subject said:—

'You refer to the representation of the European Planting Community on the District Boards in the Tirhut Division.......I have obtained the figures, and I certainly agree with you that the matter requires consideration.......It is certainly desirable that the interests with which the work of the District Boards is concerned should be represented on the Boards with some degree of reasonable proportion.'

"We now see how true it has turned out what we said then about the return of a Biharee from the District Boards of Tirhut to this Council. No Biharee could dare even stand as a candidate for election to this Council from the District Boards of the Tirhut Division at the last elections. And the reason of it is not far to seek; but the less said of it the better.

"I shall now proceed to demonstrate to you, Sir, to-day, the truth, rather the painful truth, of what I have said above by quoting facts and figures regarding the constitution of these Boards.

DARBHANGA.

is- "Let us take up Darbhanga first. The District Board of Darbhanga comprises an area of 3,331 square miles with a population of 2,811,180, out of which not even 100 are members of the European Community. It has an income of about six lacs a year (being the richest District Board in Bengal), but hardly even a fiftieth part of this income is contributed by the European Community of the district. But what do we find when we turn to its constitution and try to see in what proportions these two communities—the one contributing nearly the whole of the income enjoyed by the District Board, forming nearly the whole of the population under it, and representing almost all the interests of the district, and the other, numerically a negligible quantity of its population, contributing very little towards its income and representing but one industry, viz., the indigo Industry, are represented on this Board.

"The Darbhanga District Board consists of 26 members—5 *ex officio*, 9 appointed by the Government, and 12 elected by the two Local Boards of Samastipore and Madhubani. Out of this total of 26 members, only 8 are Indians and as many as 18 are members of the European Community. Of the 8 Indians, only 5 are non-official. If we leave off the *ex officio* members, yet we find that out of a total of 21 members, 15 are Europeans and only 6 are Indians.

"Of the 9 appointed members, 6 belong to the European Community and 3 are Indians; and of these 3 again, one is the Government Pleader,

so that we have only 2 non-official Indians. Of the 6 appointed European members, 1 is the Manager of the Darbhanga Raj, who is very rightly there, and the remaining 5 belong to the European Planting Community.

"Of the 12 elected members, 9 are Europeans and only 3 are Indians. It may be asked by persons not acquainted with the real state of affairs as to how the Government is responsible for the result of the elections by which the majority of the members returned to the District Board are Europeans. To this our answer is the Government is solely responsible for this, and the blame lies entirely at its door. To explain the matters clearly, we have to see the constitution of the two Local Boards of Samastipore and Madhubani, which elect these 12 members.

"All the members of the Local Boards in the Tirhut Division are appointed by the Government. Some Local Boards in some of the districts of Bengal have the right to elect two-thirds of their members, but that privilege has not been extented, for reasons best known to the Government, to any Local Board in the Tirhut Division, to which I shall refer later on.

"Till a few months back the Samastipore Local Board, which elects six members to the District Board, consisted of nine members only, three of whom were Indians and six were Europeans—five members of the Planting Community and one the Subdivisional Officer. With such a constitution of a Local Board is it at all surprising to find that out of the six members elected by it to the District Board, five belong to the European Community and only one is an Indian? Out of the five European members, one is the Subdivisional Officer and the remaining four are members of the Planting Community. It appears that since November or December last, the number of the members of the Samastipore Local Board has been increased from 9 to 11, and the two additional members appointed are Indians. But this has not improved the matter much; for yet out of the 11 members, including the Subdivisional Officer, 6 are Europeans and 5 are Indians. On no principle whatever should the number of the non-official Indians be less than at least three-fourths of the total number. Samastipore Local Board.

"Madhubani Local Board presents a somewhat similar spectacle. It has elected six members to the District Board, out of which five till lately were Europeans and one was an Indian. But now four are Europeans and two are Indians. The constitution of this Local Board is somewhat better than that of Samastipore, and I understand that the places of two members are vacant, and we hope these will be offered to non-official Indians. Madhubani Local Board.

"I may here bring to Your Honour's notice that only lately two places on the District Board of Darbhanga had fallen vacant by the resignations of Messrs. B. Coventry and F. Coventry, and in view of what we were given to understand in this Council by the answer to my questions Nos. (c) and (d) of the 26th February, 1910, and also by the reply given on this subject by Sir Andrew Fraser to our address of August, 1908, which has been quoted above, we all expected that those two places would be filled up by the appointment of non-official Indians; but, contrary to that, we find in the *Calcutta Gazette* of December, 1910, that two members of the Planting Community, viz., Messrs. Miller and Crowdy, have been appointed by the Commissioner of the Division to fill up these places.

"As regards the elections of Sub-divisional Officers to the District Boards, a serious question has been raised and there seems to be much force in it. It has become the practice in some of the districts of Bihar for Sub-divisional Officers to offer themselves for election to the District Board and they are invariably elected. Elections of Sub-divisional Officers to District Boards.

"Section 7 of the Bengal Local Self-Government Act of 1885 makes it clear that no person shall be elected a member of the District Board unless he is qualified for election as a member of some Local Board in the district under the provisions of section 13 of that Act. The Sub-divisional Officers are taken to be qualified under clause (2) of section 13, which lays down that every male person of the full age of 21 years, if he has during the

year immediately preceding such election had his *fixed place of abode* within the area under the authority of such Local Board, shall be deemed to be qualified for election as a member of such Local Board. It has been observed by competent authorities that there does not seem to be any distinction between "a fixed place of abode" and "a residence" in law. It has also been held in many cases by the High Courts in India that the words "dwelling" or "residence" are synonymous with "domicile" or "home" and mean "that place where a person has his fixed permanent home to which whenever he is absent he has the intention of returning." Judged in this light, the Subdivisional Officers of Samastipore or Madhubani cannot be said to have their "fixed place of abode" within the area under the authority of either Samastipore or Madhubani Local Board. Their elections, therefore, by the Local Boards are illegal and void. If this practice is put a stop to, as it ought to be, it may well afford chances for Biharees to be elected from the Local Boards. I would like in this connection to draw Your Honour's attention to a letter, dated the 9th of December, 1910, addressed by Babu Nand Kishore Lall of Gaya to Mr. Whitty, the Collector of that district, in which the subject has been fully discussed.

"Moreover, from another point of view also, the election of the Subdivisional Officers to the District Board is undesirable. It seems to be against the very spirit of the new Council Reforms scheme so graciously introduced into this country. That scheme allows each division of this Province to elect two members to the Council—one from the Municipal and the other from the District Board. And the rules framed for election under these Reform regulations seem to make it a point to exclude all official element from the elections; for we find that rule No. 4 of the rules for the election of a member or members by the District Boards runs thus:—

'On such date and at such time as may be appointed by the Local Government in this behalf, the members of each such District Board other than (*a*) the Chairman, if an official, and (*b*) the members appointed *ex-officio*, shall meet for the purpose of selecting a delegate.'

"Now, Sir, if the Subdivisional Officer happens to be not an *ex officio*, but an elected member, as is the case in some of the District Boards of Bihar, *e.g.*, Darbhanga, Muzaffarpur, Gaya and others, he cannot be excluded from taking part in the selection of a delegate. And we can well imagine how much the other members would be influenced by such an influential member as the Subdivisional Officer in the selection of a delegate. If it is at all necessary to have the Subdivisional Officers on the District Board, they can be appointed *ex-officio* members.

CHAMPARAN.

Champaran District Board.

"We have thus seen the constitutions of the District and Local Boards of the district of Darbhanga. We may now take up Champaran. This District Board comprises an area of 3,515 square miles with a population of 1,752,600, out of which hardly even 150 would be members of the European community. It has an income of about 2 lacs a year, the major portion of which is contributed by the Indian Community. But what do we find as regards the representation of this community on this Board? This District Board consists of only *ex officio* and appointed members, as there is no Local Board in its sub-division of Bettiah which could elect members to it. Till a few months back, this Board consisted of 17 members—14 Europeans, 2 Indian officials and only 1 non-official Indian. Of the 14 European members, 5 were officials, 8 members of the Planting community, and 1 Manager of the Bettiah Court of Wards, who, of course, has every right to be there. Since the 28th of December, 1910, 4 members have been added and they are all non-official Indians; so that now we have in all 21 members. If we leave off the 5 *ex officio* members, there remain 16. Of these, 5 are non-official Indians and 11 Europeans, *i.e.*, 8 members of the Planting Community, 1 the Manager of the Bettiah Raj, and 2 officials, viz., the Sub-Deputy Opium Agent and the Superintendet of Police.

"May I ask Sir, if this is a desirable state of affairs? Does this constitution afford any opportunity to the Indians to realize the object with which

the Act was introduced? Does this constitution make even a show of giving the Indian a share or any hand in the administration of his local affairs? We, on our part, fail to understand the principle on which this constitution practically excluding all Indian element is based. Taking even a very mild view of the situation, in no District or Local Board should the number of the non-official Indian members be less than at least three-fourths of the total number.

MUZAFFARPUR.

Muzaffarpur District Board.

"The Muzaffarpur District Board comprises an area of 2,982 square miles with a population of 2,706,618, out of which 100 or 125 may be members of the European Community. It has an annual income of a little over 4 lacs. The utmost that the European Community of the district contribute to it would not be more than Rs. 15,000 or Rs. 20,000. Now let us see its constitution. Till about the close of the last year it consisted of 19 members—13 Europeans, 2 Indian officials and 4 non-official Indians. Now it consists of 26 members—7 members of the European Planting Community, 2 Subdivisional Officers (Europeans) elected by the two Local Boards of Sitamarhi and Hajipore, 3 European officials, 2 Indian officials and 12 non-official Indians.

Sitamarhi Local Board.

"The Sitamarhi Local Board consisted till lately of 9 members—5 Europeans and 4 Indians. But now it consists of 11 members—4 members of the European Planting Community, 1 the Subdivisional Officer, 1 Indian official and 5 non-official Indians.

"This is certainly not satisfactory. The proportion of the non-official Indian members on both the District and the Local Boards to the total number of the members on them is not as it ought to be.

Hajipore Local Board.

"There is not much to be complained against the present constitution of the Hajipore Local Board.

SARAN.

Saran District Board.

"The Saran District Board comprises an area of 2,642 square miles with a population of 2,338,087, out of which not more than 100 may be members of the European Community. It has an annual income of about three lacs, ten or twelve thousand out of which may be the contributions of the European Community. But what do we find as regards the representation of these two communities on this District Board? It consists of 26 members—14 Europeans and only 12 Indians. Of the 12 Indian members, 3 are officials and have been appointed *ex officio*; so that only 9 are non-official Indians. Of the 14 European members, 6 are officials and 8 members of the European Planting Community.

SEWAN.

Sewan Local Board.

"Leaving the official members, who are 3 in number, the Sewan Local Board consists of 8 members—5 Indians and 3 Europeans,—members of the Planting Community.

GOPALGANJ.

Gopalganj Local Board.

"Similarly, if we leave off the official members, we find that the Gopalganj Local Board consists of 8 members—4 Indians and 4 Europeans, members of the Planting Community.

CONCLUSION.

Conclusion.

"We have thus seen the conditions of the District Boards of Darbhanga, Muzaffarpur, Saran and Champaran. These four District Boards of the Tirhut Division comprise an area of 12,470 square miles, with a total population of 9,608,435, out of which 1,000 at the utmost may be the number of the members of the European Community. These Boards have an income of about Rs. 15,10,561 a year, out of which Rs. 50,000, or Rs. 75,000, or say, Rs. 1,00,000 at the utmost, may be the contribution of the European Community. The indigo industry is

the only important industry, the interest of which is represented by the European Planting Community, while almost all the other interests of the Division are and can be better represented by non-official Indians. But, Sir, look at the constitution of these Boards. In these four District Boards there are in all 99 members, out of which 58 are Europeans and 42 Indians, and if Indian officials be left off, there remain only 33 non-official Indians.

"Is this justice and equity? Will the Government be pleased to enlighten us as to the principle or reason on which this constitution is based? Are we incorrect, Sir, when we tell you that these District Boards are absolutely controlled by the European Community? Can it be said with any show of reason that the non-official Indians are adequately represented on these Boards? We want neither more nor less than our just dues. We take our stand on the principles of the law which the British people have introduced into this country. We ask of you, Sir, justice and no favour. We appeal to you as a strong and just ruler to protect the weak against the strong, and to discharge your duty without any fear of treading on the corns of powerful interests; and time will vindicate your reputation.

"We have learnt with much satisfaction, Sir, that the Secretary of State has recognized that the Local Self-Government scheme of 1882 has not had a fair trial, and has pressed on the Government of India the necessity of an effectual advance in the direction of making local, urban and rural areas really self-governing. We would, therefore, most humbly suggest to you to make all the Local Boards of the Tirhut Division elective by extending to them the privilege of election under section 15 of the Bengal Local Self-Government Act. The Government would not lose anything by taking such a step—rather in view of what I have said above, I believe the time has arrived when this privilege should no longer be withheld from these Boards. The people have begun taking good interest in the matter of elections and will appreciate this privilege very much. The District Boards have now assumed a special importance, owing to the suffrage extended to them under the new regulations for election to the Imperial and Provincial Legislative Councils, and, in the words of Dr. Gour, "being the nurseries of future legislators and administrators," they should be made real popular bodies in which and through which the people might realize the real intentions of the illustrious originators of the scheme of Local Self-Government in this country."

Bengal Act III of 1885.

The HON'BLE BABU BRAJA KISHOR PRASAD, with the permission of the President, said:—

"The resolution which I propose to move runs thus:—

'That this Council recommends to the Lieutenant-Governor in Council that the Government should take immediate steps to increase materially the existing representation of the non-official Indian community on the District and Local Boards in the Tirhut Division.'

"My speech on the resolution has been printed and circulated amongst the members who, I believe, have read it, and as I have been given to understand that Your Honour wishes that, owing to the shortness of time, it may be taken as read, I gladly agree to it. I have only this much to add for the information of the Hon'ble Members, that the figures which I have quoted in my speech include everything which has been done up to date by the Government; so that it would be no answer for the Government to say that they are doing something and that a few seats have only lately, say in November or December last, been allotted to non-official Indians. I have taken account of all these things, and I think that I have been able to show how absurd the constitution of the Local Boards is. The request contained in my resolution is very modest and fair, and I can challenge any Member present here, official or non-official, elected or nominated, to point out anything against its being accepted by this Council. I would like to be told plainly, Sir, if it is not the fact that non-official Indians are not fairly represented on the District and Local Boards of the Tirhut Division. If they are not, what hesitation can the Government have in not accepting my resolution?

"I have given at length the figures, but I will only read something which I have taken for easy reference. Your Honour will find that the district of Darbhanga has a population of 2,811,180, out of which not even 100 are members of the European community. It has an income of about six lacs a year (being the richest District Board in Bengal), but hardly even a fiftieth part of this income is contributed by the European community. Now, Sir, when we look to the constitution of this District Board, we find that there are 26 members, out of which 18 are Europeans, 3 official Indians and 5 non-official Indians.

"Looking at Champaran we find that it has a population of 1,752,600, out of which hardly even 150 are members of the European community. The income is about two lacs a year, the major portion of which is contributed by the Indian community. The total number of members since 28th December, 1910, is 21, out of which 11 are Europeans, five *ex-officio* members and 5 non-official Indians.

"In Saran, we find the population is 2,338,087, out of which 85 or 87 are members of the European community. The income is about three lacs, ten or twelve thousand of which may be contributions of the European community. Now, Sir, if we look at its constitution we find that there are 26 members, out of which 14 are Europeans and only 12 are Indians. Out of the 12 Indian members, 9 are non-officials.

"Muzaffarpur, we find, has a population of 2,706,618, out of which about 120 are members of the European community. The income is about four lacs, out of which 15 or 20 thousand may, at the utmost, be the contribution of the European community. As regards its constitution, we find that there are 26 members, of which 12 are Europeans, two official Indians and 12 non-official Indians. So we find that Tirhut has a population of 9,608,435, out of which 1,000, at the utmost, may be the number of the European community. The annual income is about fifteen lacs, out of which one lac, at the utmost, may be the contribution of the European community. The total number of members is 99, out of which 31 are non-official Indians and 58 are members of the European community and 10 are official Indians. With these few words, I leave the resolution in the hands of the Hon'ble Members of the Council whose sympathetic support I expect to get."

The Hon'ble Mr. Filgate moved the following amendment of which he had given notice:—

That this Council recommends to the Lieutenant-Governor in Council that the consideration of the question of further extending the representation of the Bihari community is premature, and should be deferred until some experience has been gained regarding the practical effect of the measure on the working of the District and Local Boards and on the general welfare of the Division.

The Hon'ble Mr. Dip Narayan Singh said:—

"Sir, I beg to rise to a point of order. Under the rules, the amendment is not in order as it negatives the Resolution."

The President said:—

"The question is not free from doubt; but our conclusion is that the amendment amounts to something more than a negative to the Resolution, and I have decided to admit it.

The HON'BLE MR. FILGATE said:—"Your Honour, even experts allow that figures and statistics can be made to support or disprove any case but with the very short time I have had to peruse and digest the case so ably set forth by the Hon'ble Babu Braja Kishor Prasad in his printed speech, which only reached me just before leaving for Calcutta, I cannot see what grounds he can possibly have for saying 'but had the Government been mindful of its promises it would not have been necessary for me to-day to bring up this matter before this Council in the form of a resolution. Long, long have we waited, and sore has been our disappointment.' As the Hon'ble Member has been so careful to tabulate the figures for the various Boards, why could he not have expressed the thanks and gratitude of the Bihari Road Cess payers for

what His Honour has done for them in the last few months. Twelve additional seats have been created on the District Boards, and every one of these have been given to a non-official member of the Indian community. Ten additional seats have been created on Local Boards, eight of which have gone to Indians, *i.e.*, out of 22 additional seats 20 have been given to members of the non-official Indian community. I will not tresspass on the patience or time of this Council by criticising his figures for each District or Local Board, nor will I trouble you with tables of figures showing official and non-official members. The Hon'ble Member has just been talking in lakhs of the population of those districts. Is it the whole population who should be represented, or is it those who pay the cess? The Hon'ble Members have heard his figures. I can give you figures for the actual numbers who pay cess. The figures are as follows:—

Muzaffarpur District	...	... 107,689
Darbhanga "	...	... 87,841
Saran "	...	... 92,125
Champaran "	...	... 5,485
	Total	... 293,130

The total non-official Europeans on the 4 District Boards is	... 33
Ditto Indians ditto ditto	... 32
Local Boards non-official Europeans	... 19
Ditto Indians	... 31

"I presume that an Hon'ble Member of this Council should take more than a parochial view of Bengal, and should acquaint himself with the wants and requirements of every community in the Province. The Hon'ble Member, however, apparently ignores the existence of quite as influential a body as the Tirhut Indigo Planters, namely their brother Planters, the Darjeeling Tea Planters. Nor again can I understand his remark 'No Bihari could dare ever stand as a candidate for election to this Council from the District Boards of the Tirhut Division at the last election'. Why not? Is it fear of a defeat? I would recommend him to carefully study the history and figures of elections in countries all over the world, where candidates come forward even in the face of a far more overwhelming majority than existed in Bihar, and very often have turned the majority into a minority. I am here, not as the representative of the Bihar Planter but as the representative of the District Boards of the Tirhut Division, and I know that I have the confidence of the majority of the Indian members of those Boards, and to give an instance, although there was a majority of non-official Indians on one Board I had their full support. Again, the Hon'ble Member in conclusion quotes numbers but he does not mention that previous to the slump in Indigo, the capital sunk in European estates was estimated at something like $3\frac{1}{2}$ millions sterling, nor does he make any reference to the very large sums that have been sunk in the past 10 years in erecting Sugar Factories. He talks about justice and equity. The Tirhut Planter asks for nothing more. He asks for no favour, he and his forefathers have now been connected with Bihar for more than a century. His interests are bound up with the zemindar and raiyat and he is just as much a Bihari, and his love for the land of his adoption is just as strong as that of the majority of its inhabitants. When I first received a copy of the Hon'ble Member's resolution, I thought he must have been ignorant of the large addition of Indian members that have lately been made to the Boards, but I have now come to the conclusion that with him it is another case of 'Oliver Twist,' and the Hon'ble Member should bear in mind that no reasonable human being would ever think of starting down a steep hill on a bicycle unless he had a good break on it, and that break in order.

"Does he now propose that the Boards should be further enlarged or does he propose that the present Planter representation should be reduced? If the Boards are to be further enlarged they will become unwieldy, as occasions even now arise where there is sometimes a difficulty in getting a quorum with the presents Boards. The Hon'ble Member remarks there is not much to be complained against the present constitution of the Hajipur Local Board. Is

be aware that, as in the previous year, the minimum number of meetings, namely one a month, was not secured by this Board. It only met eight times during the year, three meetings failing for want of a quorum. If reduction of the Planter representatives is to be made, then the present efficiency of the Boards will be seriously interfered with, and the Planters, it must be borne in mind, who pay a very considerable amount of Road Cess, would, I fancy, have a good deal to say to any interference with their rights, considering the stake they hold in the Districts. I can speak with more than 34 years' experience of North Bihar, and I have had the honour to have served on the old Road Cess Boards, and the Local and District Boards in the Districts of Monghyr, Muzaffarpur and Saran, and I have invariably found that the most active members of the various Boards have been the Planters and Zemindari Managers—men who think nothing of riding or driving 30 or 50 miles in the hottest weather or during the rains in order to attend Board meetings,—and what better advice can the Boards have than that of men who are daily using the roads and communications throughout the 4 Districts, are in touch with the people, and can keep an eye on, and superintend, the Boards' schools and dispensaries that may be situated on or in the vicinity of their estates? And the fact should not be lost sight of that a large number of the roads were originally constructed and maintained by the Tirhut Indigo Planters, more than eighty or ninety years ago, ages before any Ferry-fund, Road Cess, District or Local Boards took charge of them.

"Is there a general demand by the rate-payers of the District and Local Boards for greater representation than they have at present? I emphatically say there is not. I am proud of the fact that I number many personal friends amongst the Zemindars and rate-payers in North Bihar, and not in one single instance has any one of them ever mentioned the subject to me, and surely it is but natural that their representative on this Council would have heard something of the matter if they are dissatisfied with the present constitution of the Boards.

"How is it, if the non-official Indian community in North Bihar is so very anxious to serve on District and Local Boards, that up-to-date in the 4 districts there is only one Union Committe (and the President of that is a Planter). I believe I am correct in saying that when Lord Ripon introduced the Local Self-Government Act the Union Committees were supposed to be the starting point and were to be a stepping stone to the Local and District Boards. Communities, just the same as individuals, have to learn to walk, before they can run.

"From what classes are more members to be appointed? Undoubtedly, if many more of our leading Zemindars and landed proprietors would take an active interest and serve on our Boards, it would be of considerable advantage. The advice of those who do now serve is very valuable. One great difficulty in North Bihar is to find qualified non-official Indians away from head-quarters. The principal source would be members of the legal profession, and the present percentage on our Boards is 14 per cent. Although I have the greatest respect and admiration for the ability and cleverness of the profession, I am of opinion that gentlemen while following their daily vocation seated in a cool well ventilated Court, or Bar Library or beneath the shade of the spreading Peepal tree in the Court compound, cannot be any better representatives of the payers of Road Cess than the Planter or Zemindar, who is daily using the Roads, Bridges and Ferries of the Districts. I am old fashioned enough to still believe in the old saw 'The cobbler should stick to his last' We are justly proud of our Roads and Bridges in the Tirhut Division and the efficiency of our communications is due to the competent Chairmen and Engineers who have served the Boards and who accepted the practical, sound, common sense advice of the members of the Boards as they have existed up to date.

"Sir, and Gentlemen of the Council, I hope that not one single word of what I have said would lead you to suppose that I am not in full sympathy with the wisdom of Government in desiring that the Bihari community should be trained in the principles of Self-Government in order that as soon as they are so trained they can take their full share in the administration of the country. I heartly approve of the action lately taken to carry this into effect, but I view

with the gravest disapproval any policy which would have the effect of forcing into a position of serious responsibility, men who do not possess the necessary experience, and knowledge, and on these grounds I would impress the importance of allowing time for the necessary training.

"I have now to ask you, Sir, to allow the amendment standing in my name to be put, and I earnestly appeal to the Members of this Council, official and non-official, to support it. Our District Boards in Bihar have done good work in the past. Considerable additions of Indian members have been made in the last year. In the interest of the Boards I ask that ample time be given to prove if the additions lately made work for the general welfare of the districts."

The Hon'ble Rai Kisori Lal Goswami Bahadur said:—"Your Honour, we have listened to what the Hon'ble Babu Braja Kishor Prasad has said in justification of a demand for a larger representation of the Biharis on the Local and District Boards of the Tirhut Division. Since 1908, the question has been pressed upon Government off and on with becoming moderation and firmness which indubitably proves that there has sprung up an earnest desire on the part of capable Biharis to participate in the work of advancing the rural wealth and welfare of the Tirhut Division, so far as can be achieved through the agency of the Local and District Boards. But I regret I miss in the Hon'ble Member's speech a recognition of what the Government has done since 1908, in pursuance of the policy enunciated by the late Lieutenant-Governor Sir Andrew Fraser in reply to the address which was presented to him by the three leading Associations of Bihar—a policy which has so far as possible been scrupulously followed by the present Government as a comparison of the personal composition of the new and old Boards will testify. My Hon'ble colleague has marshalled facts and figures in such a way as to create an impression on those unconnected with the Tirhut Division that the claims of the Biharis have been absolutely ignored by the Government in the formation of local bodies in that Division and that European planters have been introduced into such bodies to an extent which, if judged merely by the test of population statistics, cannot but be condemned. I do not propose to strictly scrutinize the figures which he has introduced in his speech, but I shall rest contented by referring to certain salient facts which I trust will facilitate a clear understanding of the real situation by the Council. I shall also place certain tabular statements before the Council which will convey a clear idea of the composition of the Boards at the present time.

"The Government is in sympathy with the aspirations of non-official Biharis for representation on the Boards, and has only recently given a practical demonstration thereof by the appointment of 12 additional non-official Indians to three District Boards and 8 additional non-official Indians to four Local Boards. This is a material advance in this direction, and the results of the experiment may well be seen before anything further is done. It was only yesterday that unofficially I came to know that in the case of the Gopalganj Local Board the two additional seats have been given to Europeans which, according to instructions from Government, should have been filled by Bihari gentlemen. We shall make inquiries about this.

"The circumstances of Tirhut are peculiar by reason of the presence of the European Planting community which, with the decline of the indigo industry, has been relegated to the position of lessee-zamindars holding extensive lands under the zamindars, and they contribute substantially to the receipts under road cess, if not directly to the Collectorate but through the zamindars. As illustrating the extent of the interest of the planting community in North Bihar the following figures are remarkable. I take the figures from the Darbhanga Final Settlement Report, paragraph 502. The percentage of the total district area held by the planters as landlords was as follows:—

Darbhanga ...	6	Muzaffarpur ...	17
Saran	17	Champaran ...	46

"If the Darbhanga figures are analysed by subdivisions, the percentage are as follows:—

Madhubani	... ·06	Sadar	... 5·7
Samastipur	... 20·1		

"It is on the Samastipur Local Board that planters are strongest, and in that subdivision their interests are considerable. The subdivisional figures in Muzaffarpur are as follows:—

Sitamarhi ...	... 6·8	Sadar	... 29·9
Hajipur	... 12·3		

The Champaran figures are more striking:—

Bettiah	... 34·9	Sadar	... 58·5

"In one thana in the Sadar (Kesaria) the percentage is as high as 73 and in two (Dhaka and Gobindganj) it is as high as 63. These figures are taken from the Final Settlement Reports of the different districts, which were compiled between the years 1900 and 1904, but I presume in spite of the decline of the indigo industry, there has not been a considerable decline in the area of land held by the planting community at the present moment. As illustrating the minute subdivision of the proprietary interests in Tirhut (other than Champaran), the following figures taken from the settlement reports are instructive:—

		Total number of proprietors.	Average area in acres under each proprietor.
Darbhanga	...	135,178	16
Saran	...	116,090	14
Muzaffarpur	...	163,933	12

"The planters are well acquainted with the needs of the districts, in all portions of which they reside, and they are interested in the efficient discharge of the various duties with which the Boards are concerned. They are excellently fitted by training and activity to voice the needs of the different localities both as speaking for themselves and for their Indian neighbours and they can in no sense be regarded as interlopers dissociated from the real interests of the districts and ignorant of their conditions. Past experience has amply demonstrated their usefulness as members of the Boards. So far as the works of the Boards go, the interest of the European planters and the permanent Bihari residents are absolutely identical.

"On the other hand, the Bihari community is backward, and there are various circumstances which render it difficult, in spite of the earnest endeavours of the local officers in that Division, to find numerous suitable representatives among them. Bihar is largely parcelled up into large zamindaris—those of Darbhanga, Bettiah, Hutwah, Narhen, Sheohan, Madhubani, Ramnuggur, etc.—the owners of which would not in some cases be willing to accept seats on the Boards, and in others are ineligible (at the present moment) by reason of sex or age. Below them is a multitude of tenure-holders who are essentially *small* men fitted neither by education nor status to take a place on the Boards. There remains the educated community at head-quarters, but they are not as a rule well acquainted with the wants of the interior of the district, and it is not desirable that they should preponderate on the Boards, the members of which should, as far as possible, represent the landed interest of different parts of the districts.

"In some instances the European non-official members of the Boards represent the interests of the large zamindars on whose estates they are employed. Thus in May 1910, the Commissioner of the Tirhut Division reported that of the European element on the District Board of Darbhanga four were employés of the Raj Estate.

"I shall now place before you a tabular statement showing the respective proportions of the non-official members of the two communities at the present moment. That statement will go to show that the remark of the Hon'ble Mover of the resolution that the District and Local Boards of the Tirhut Division are practically manned and absolutely controlled by the European community is not correct. Excluding the Chairman, the figures show that in Local Boards the numbers of the European and Indian communities respectively are equal in Samastipur, and that elsewhere, with the exception of Gopalganj, the Indian community is in the majority. In the District Boards the European community preponderates in Champaran and Darbhanga, but both in Saran and Muzaffarpur the Indian community is in the majority. I must observe that my Hon'ble colleague is not fair in excluding Government pleaders on the Boards in counting the Indian representatives.

"The Hon'ble Mover of the resolution has incidentally raised the question as regards the eligiblity of subdivisional officers to sit upon the District Boards as representatives elected by the Local Boards which at best has a remote bearing on the resolution. However, the answers given to-day to the questions of the Hon'ble Mr. Dip Narayan Singh will be accepted as a satisfactory solution of the question.

"I shall now submit before the Council another tabular statement showing the respective proportions of the non-official members of the two communities. The figures in that statement show that in all the Local Boards, with the exception of Gopalganj, the percentage of non-official Indian members is higher than that of the corresponding European members, while it is only in the Champaran and Darbhanga District Boards that the European non-officials outnumber the Indian. In Saran and Muzaffarpur it is much the reverse. If we deduct the four European Raj members from the non-official European members in Darbhanga, we reduce the percentage from 52 to 36, while the case of Champaran, which is a very backward district, is essentially special. Seventy-four per cent. of the land revenue of the district is contributed by the three big estates—Bettiah Raj, Madhubani and Ramnuggur. The Bettiah Raj is represented on the Board by its Manager, but the proprietors of Madhubani and Ramnuggur estates do not themselves care to be members of the Board. The vast majority of the remaining zamindars of the district are little better than ordinary cultivators. Under the present

circumstances, it will unduly reduce the efficiency of this Board if the European planters are largely replaced by local Bihari gentlemen—

District Boards.

	Total membership.	Percentage of non-official members.	
		European.	Indian.
Saran	25	24	48

Samastipur	10	40	50

"The last point raised by the Hon'ble Mover of the resolution is the question of the desirability of introducing the elective system in the formation of the Local Boards of the Tirhut Division. This is but indirectly connected with the resolution. I shall not certainly ignore it on that ground. I can assure my Hon'ble colleague and others interested in advancing the political aspirations of the people of the Tirhut Division that Government will make a careful inquiry through the local officials to ascertain what localities have attained the condition which will permit of the introduction of the elective principle in the formation of Local Boards with advantage to the localities and the residents therein. I shall now conclude, repeating the assurance that the Government will not be remiss to constitute local bodies on strictly representative lines when the existence of capability and genuine public spirit in the people of any locality will be realized. Bihar is coming forward in rapid strides. The representation of Bihar in this Council abundantly testify to that fact. I beg to point out that nine elected Bihari gentlemen and one nominated Bihari gentleman have seats in this Council. This is exclusive of the Hon'ble Babu Bal Krishna Sahay who is a Bihari domiciled in Chota Nagpur. Though I am not in a position at the present moment to state definitely on behalf of Government what further advances will be made to ensure a larger introduction of the Bihari element into the Local and District Boards of the Tirhut Division, still I feel confident that after what I have said my Hon'ble colleague has been convinced of the earnest desire on the part of Government to recognize the just claims of the Biharis, and I trust he will not press his resolution and call for votes on it."

The Hon'ble Babu Braja Kishor Prasad said:—"Though I do not at all agree with what has fallen from the Hon'ble Mr. Filgate or what has been said by the official member in charge of the administration of Local Self-Government, and though I doubt the correctness of the figures which have been given by him, because, Sir, I can assure you that the figures which I have got as regards the number of members of the District Boards have been taken very carefully and directly from the District Boards, still in view of the assurance given by the Government, I think it would be proper for me to withdraw the resolution. But of course I shall not be deprived of the right of bringing it again before the Council next year and shall see if anything is done in the meantime."

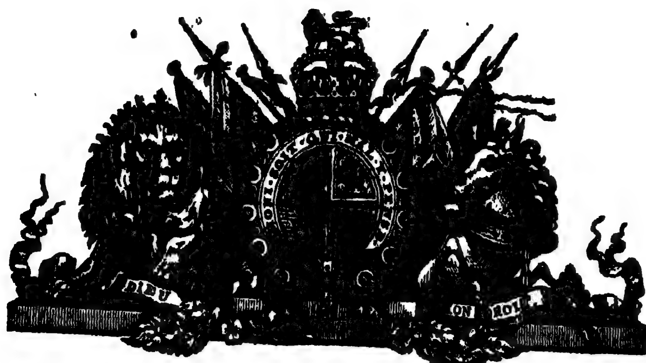
The Hon'ble the President said:—"Before the resolution is withdrawn, unless the amendment which has been proposed to it is withdrawn also, it will be necessary to obtain the concurrence of the Hon'ble Mover of the amendment. That is a course which was adopted on a similar occasion in the past. Does the Hon'ble Member consent to the withdrawal of the amendment? If so, both the resolution and the amendment can be taken as withdrawn."

The Hon'ble Mr. Filgate said:—"Certainly Your Honour. I presume and understand that time will be allowed to see how the considerable concessions that have now been made work."

The President said:—"In that case I think that there is no question that the resolution should be withdrawn and I desire to say that in my judgment the Hon'ble Babu Braja Kishor Prasad has acted wisely in accepting that suggestion, for it seems to me that he has selected (whatever may be the merits of the resolution) a somewhat unfortunate time for raising this question. It is only within the last three or four months that steps which he himself has described as concessions have been taken by Government with the active object of giving effect to the requests that were made to Sir Andrew Fraser two and-a-half years ago. Surely, gentlemen, it is premature to seek to force the pace and to demand further steps in the same direction until experience has been gained in the working of the new system. The Hon'ble Mr. Filgate has in a temperately-worded amendment expressed the opinion that the consideration of the question of further extending Bihari representation is premature. That is entirely the view which I myself had formed. Time should be given to understand the actual operation of the system which has been introduced so lately as November of last year. When experience has been gained, when we have got the opinion of the local officers and of the Bihar representatives themselves, and also of the planters, then I think the time will come to consider what further advance should be made in the same direction.

"I think, gentlemen, that the resolution and the amendment may be taken as withdrawn."

The resolution and amendment were accordingly withdrawn.



The Council was then adjourned to Saturday, the 4th March, 1911, at 11 A.M.

BAY OF BENGAL—BURMA, RANGOON RIVER.

King's Bank Channel opened.

No. 83 (first publication).—

Position.—Monkey Point, lat. 16° 46′ N., long. 96° 11¾′ E.

Channel.—King's Bank Channel is to the westward of the Liffey island and is from 600 to over 1,000 feet wide and is nearly 2 miles long.

Buoyage.—The Channel is buoyed in accordance with the International system of buoyage and from the sea inward, on the starboard hand, there are 5 red conical buoys, the outer or southern buoy being surmounted by a Staff and Globe, and on the port hand 4 black can buoys.

Marks.—The present shore marks leading through the centre of the Channel are the Eastern Domes of the Secretariat Buildings open slightly to the eastward of the Shwe Dagon Pagoda on a bearing of N. 35° W.

Remarks.—There is at present 14 feet low water datum of chart in the channel, but in consequence of the fluctuating state of the depths in the Rangoon river this cannot be depended upon.

The channel should only be used between the hours of daylight as lighting arrangements have not yet been made.

BRITISH POSSESSIONS.

Caution when approaching British Ports.

No. 51 (third publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 1 of 1911), are republished:—

PART I.

CLOSING OF PORTS.

(1) My Lords Commissioners of the Admiralty, having taken into consideration the fact that local or other circumstances may arise in which it may be necessary, on account of periodical exercises, manoeuvres, or otherwise, to forbid all entrance to certain ports of the Empire, this is to give Notice that on approaching the shores of the United Kingdom, or any of the ports or localities of the British Empire, referred to in Part III of this Notice, a sharp look-out should be kept for the signals described in the following paragraph, and for the vessels mentioned in paragraph (2), Part II, of this Notice, and the distinguishing and other signals made by them. In the event of such signals being displayed, the port or locality should be approached with great caution, as it may be apprehended that obstructions may exist.

(2) If entrance to a port is prohibited, three *red* vertical lights by night, or three *red* balls by day, will be exhibited in some conspicuous position, in or near to its approach, which signals will also be shown by the vessels indicated in paragraph (2), Part II, of this Notice.

If these signals are displayed, vessels must either proceed to the position marked "Examination Anchorage" on the Admiralty charts and anchor there, or keep the sea.

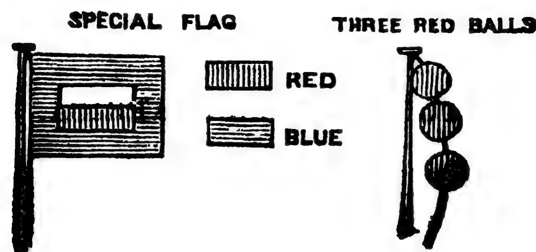
(3) At all the ports or localities at home or abroad referred to in Part III of this Notice, search lights are occasionally exhibited for exercise.

Instructions have been given to avoid directing moveable search-lights during practice on to vessels under way, but mariners are warned that great care should be taken to keep a

sharp look-out for the signals indicated in paragraph (2) above, when search-lights are observed to be working.

PART II.

Examination Service.



(1) Under certain circumstances it may become necessary to take special measures to examine vessels desiring to enter the ports or localities at home or abroad, referred to in Part III of this Notice.

(2) In such case, vessels carrying the distinguishing flags or lights mentioned in paragraph (4) will be charged with the duty of examining ships which desire to enter the ports and of allotting positions in which they shall anchor.

(3) As the institution of the Examination Service at any port will never be publicly advertised, especial care should be taken in approaching the ports, by day or night, to keep a sharp look-out for any vessel carrying the flags or lights mentioned in paragraph (4), and to be ready to "bring to" at once when hailed by her or warned by the firing of a gun.

(4) By day the distinguishing flags of the Examination Steamer will be a special flag (white and red horizontal surrounded by a blue border) and a blue ensign.

Also, three red vertical balls if the port is closed.

By night the steamer will carry—

(*a*) Three *red* vertical lights if the port is closed.
(*b*) Three *white* vertical lights if the port is open.

The above lights will be carried in addition to the ordinary navigation lights, and will show an unbroken light around the horizon.

(5) Masters are warned that, before attempting to enter any of these ports when the Examination Service is in force, they must in their own interests strictly obey all instructions as to entry given to them by the Examination Steamer. In the absence of any instructions from the Examination Steamer they must proceed to the position marked "Examination Anchorage" on the Admiralty Charts and anchor there, or keep the sea.

(6) In case of fog, Masters of vessels are enjoined to use the utmost care, and the Examination Anchorage itself should be approached with caution.

(7) The pilots attached to the ports will be acquainted with the regulations to be followed.
